There, on top of the mushroom, was a large caterpillar, smoking a pipe. After a while the Caterpillar took the pipe out of its mouth and said to Alice in a slow, sleepy voice, 'Who are you?' What strange things happen when Alice falls down the rabbit-hole and into Wonderland! She has conversations with the Caterpillar and the Cheshire Cat, goes to the Mad Hatter's tea party, plays croquet with the King and Queen of Hearts...

to the left, the cat said, lives a Hatter.
and to the right, lives a March Hare.
you can visit either of them. they're both mad.
-but i don't want to visit mad people. said Alice.
we are all mad here, you know. said the cat. i'm mad. you're mad.
-how do you know that i'm mad? said Alice.
of course you're mad. said the cat. only mad people come here.

well. I've often seen a cat without a grin, though Alice, but never a grin without a cat!

i have not read Alice's adventure in Wonderland in a while. as my English improves and i seek out more stories, i decided to give some past stories a try. i thought it would be more interesting as i'd have a better grasp of the stories. in spite of that, the story was a bit unexpected. the story felt shorter and the word counts were lower. i enjoyed the story when i was a child, but the story is not as peculiar as i have remembered. perhaps i've grown up? still, i'd like to find a rabbit hole, and live a dream like Alice.

4. a) "Perhaps I'm near the centre of the earth. Let me think... That's four thousand miles down."

b) I like this passage because Alice is calm. If I fall in the hole, I would not be able to think about that.

5. The story is easy to read for me because I have been familiar to it since I was little and this is a famous story. I think the story is very mysterious because there are many funny things such as talking animals and strange food which changes the size of its body. The Wonderland seems interesting but I don't want to go there.

Előre leszögezem – a 2 csillag nem a sztorinak, hanem az Oxford Bookworms Library könyveknek szól. A történet aranyos, az illusztrációk eltérnek a magyar verzióan olvasottaktól – AHOGY A TÖRTÉNET is, pedig ugyanazt a könyvet olvastam, CSAK a nyelvnek kellett volna másnak lennie.

Stage 2 – ez ok arra, hogy kíválgjanak komplett részeket (fejezeteket!) egy m?b?!? Valahogy másnak t?nt olvasás közben: elt?nt a mese a könny-tó partján, de nem mesélt The Dormouse se... Gryphon és Mock Turtle meg majdnemhogya egy az egyben kimaradt. Megjelentek, aztán léptünk is tovább... A vége az meg annyi, hogy Alice felébredt, elmesélte, happy end... NEMÁ'!

Mindenképpen sort fogok keríteni a teljes verzió elolvasására is. Ennyi nem elég, akarom a táncot, dalt, mesét :)

A Glossary-ban viszont aranyosnak találtam a következ? meghatározásokat:

Dream: a picture in your head when you are asleep

Mad: ill in the head

Igen, tudom, hogy nyelvfejlleszt? „tankönyv”.

 4. 'Oh, I've had a very curious dream!' said Alice. This scene was the last. There were a lot of strange things in Alice's adventure, but I was surprised those were just dream. When I was reading it, I felt asleep many times. So my sleepy feeling and this book's contents were confused.
 5. I enjoyed reading it but I thought what is a real Alice's story? I knew Alice in wonderland but Alice has more series book. I want to try difference ones.

I have always been told that Alice's adventures in Wonderland was a strange book and once I had actually read it,

I was amazed at the nonsensical book. The reason I gave it one star is because I didn't enjoy it and although it was a favourite with others, it was not a favourite with me.

Margery Bayne says

I have mixed feeling about this story, finally reading it as an adult. I am generally a fan of children's literature with nonsense magical lands. For example, I am a huge fan of Peter Pan. However, when it comes down to it, this is a an adventure that really is just a series of events with no arc or thread. Alice vaguely wants to 'get to a garden' that she sees, but that is really the only character motivation we see, and she makes it there well before the end of the book. Also, Lewis Carroll almost rivals J.R.R. Tolkien with random poetry and verse thrown into his narrative. (Almost.) While I liked reading the original, being only ever familiar with adaptations, and there is an intriguing bizarre-ness to Wonderland that is like being in a dream where things makes sense but not really, I was left the story without feeling anything learned or gained or triumphed. I started Through the Looking Glass, the other Alice in Wonderland novel, but this felt even more detached from motivation than Alice's Adventures in Wonderland and I had to give it up. Peter Pan and Wizard of OZ are both better variations of this story trope.

 4. I like the scene which Alice change her body big and small. She finds the small door and over the door, there are beautiful garden. She wants to go the garden, but she can't enter the door because she is too big to enter. Then, she finds a bottle and there was written " drink me". So she drink it, then, she began to be smaller. She was happy because she can enter the door. But the key of the door is on the table. She can't get it because she was too small. After that, she change her tall big and small. It was very strange scene. But it was interesting!
 5. This book has a lot of strange scene, so I was interesting a lot. The book has many character, so it's also interesting. I recommend this book!

I have heard the title "Alice" but I didn't know the story at all. So, I chose this book.

There are many animals in this book and Alice became big, small, big, small... So it was difficult a little to understand the story.

But I felt like to watch Alice's movies.

4. I like this book because I have known since I was child and it's easy to understand. One day Alice followed a White Rabbit and she fell into a hall. Actually she was in the Wonderland. She met many strange animals and asked them, she played croquet with the Queen and the King. The Queen is always mad and she often said "Off with his head!" But finally people didn't follow the Queen thanks to Alice. Actually I was not sure about the outcome. I like the part of "the poor of tears". Alice was very big before she ate a cake which was to be small and she cried a lot. So it was a poor when she became small. That was interesting.

5. I enjoyed this book! But it was a little difficult about the last part.

Tomomi Maeda says

One day, Alice and her sister were sitting under the tree. The sister was reading a difficult book and Alice was so bored. Suddenly, a white rabbit ran past. She went chasing the white rabbit. Then, she have fallen into the hole. There were a lot of things mysteriously into the hole. She went down slowly. After falling into a hole, Alice arrived Wonderland. In there she met animals which can speak and soldiers who looks like cards. I was enjoyed this book. Some animals which can talk with others are so interesting!!
