Ascent Faye Hunter

Raylen and Jett Stark love a good party, but their social circle has become more about diapers and potty training, and less about exotic adventures and dancing the nights away. A chance encounter introduces them to a new type of party, one fueled by sexual desires. Joining the ultra-exclusive Lifestyle club, Castle O, Raylen and Jett experience the most erotic night of their lives. But fantasies become nightmares when boundaries are pushed too far and the secrets of the night are revealed in the day. Will a night at Castle O make their relationship stronger or destroy the one thing they value most, their love?

ASCENT is the first Castle O story, the second story, A TEASE will be released Summer 2013.

Cherryreads says

Ascent was a better story than I expected I was hooked from the beginning. I only expected a brief tantalizingly hot story, but what I got was more than that. The novel flows really well and makes for an easy read. This is the story about Raylen and Jett. They are a young, attractive couple looking for new friends. They stumble upon Castle O, a place where fantasies are made. They are introduced to The Lifestyle which is exactly what you think it is-a swingers club. It all starts out as expected; everyone is exploring their boundaries, until it all goes wrong. I wasn't expecting to feel the range of emotions I felt while reading. I was hot, sad, and mad and elated while reading this novel.

As I said, I wasn't expecting this novel to have real depth. Don't get me wrong, it is not War and Peace, but it is really entertaining and teaches a great lesson about the importance of communication in relationships. Be warned there is light bondage, M/F, and F/F action described in this book. I honestly enjoyed this book and look forward to reading this author again.

****I received this book free for an honest review****

Eborane says

Great first novel, hot scenes and cool twists. Looking forward to the next one. Great quick summer reads.

Nola Arganbright says

Communication is key

Raylene and Jett are a new couple wanting to explore the Lifestyle club, Castle O. They have some great experiences but find a lack of communication and someone's meanness can destroy them. A quick look at exploring sexual freedom and alternative lifestyle. A very explicit book with a good plot and excellent writing.

sweetbutnot says

A glimpse into stories that will be very pleasurable reading material for readers that are looking for excitement and that getaway fantasy. This first book opens up a whole new world of fantasy and Castle O is just the place where it all begins. Looking forward to reading the next few books that are in the works :)
