## Cecily Kyle says

Great ending to the series, filled with hot sex, and the beginning of a truly trusting relationship. Loved the series in its entirety. The next story with Sadie, I read before this one, not realizing the relation until now.. oops.. Great Series

## Magjam says

Not a bad book, but I definitely wish that all the separate parts were just chapters in a single book. Many steamy parts throughout the book, but the similarities to the Fifty Shades of Grey trilogy were a bit much for me. Overall, although it was a fast read and kept me interested until the end.

Gooooooooooooooooooooooooooooooooooooo :-)

## Tia says

It wasn't your average happy ending but it was still good, none the less. A lot smoother than the other series starring Lis's PA.

## Saunders says

I really do not like this type of writing sloppy, disjointed way of releasing a book. Part 1-9 are the drip feed chapters of a full book. Nope not for me.
