He promised he'd never leave. He should have told me. I could have helped.

Max came into my life when I didn't need a man to define me. He didn't push his way in... not really. He slowly, tirelessly, and patiently waited. He used that damn smile, day in and day out, and waited until I tumbled head over heels in love with him. My grandma always told me to watch out for the pretty boys. The ones that turn you to mush the first time you lay eyes on them. She never warned me about Maxwell Holzer. If there's one thing in life I've always known, it's that when something goes up, it will most certainly always come crashing down.

This was my first M. Dauphin book & I loved it!

There is just something about a bad boy with a pretty face...that spell trouble, but you can't help yourself...you just keep going back for more.

Max Holzer is one of those guys...I know that I wouldn't have been able to resist him. I loved how Max and Nora meet and then life makes their paths cross again. Then the way their budding romance takes off from there is so much fun to read that you won't want to put this book down. Between Nora's hangups and her everything thing going on with her store and Max's double life it will leave you wondering when the other shoe is going to drop and how bad the fallout will be.

You will not be disappointed...OneClick this book...NOW!

## **Lauren Lascola-Lesczynski says**

Eepp...I always get sups nervous reading a Dauphin book...and for good reason...that girl gives me heart palpitations!!! Her books are usually filled with so much drama, and kidnapping, and horror (which I totes love), but sometimes you want a slower paced book with love, and sweetness, and lots of kissing scenes.

Winner Winner chicken dinner....I got my sweet, kissing book finally!!!!!! This book was exactly the right book to read for me at this exact time. I FLOVED it so hard! She did such a great job capturing the chemistry between Max and Nora that it was scary at times how much they were meant to be together.

Max...where do I even begin. Max was the total opposite of what you thought he would be...he was sweet, kind, caring, charming. Devastatingly handsome, sexy, sighhhhhh I could go on, but then we would be here all night...lol.

Nora was a beautiful girl who was trying to reinvent her life and do what she was most happy doing...she wanted to strike out on her own and show the world that she was not going to let her childhood insecurities hold her back.

One day she gets stuck with a cocky, hot as balls, tatted guy...and her world was never quite the same again. They shared one dirty, carefree night months ago, but what happens when they are kind of sort of forced to work together now. Well if you want those answers you need to read the BOOK!!!!

You need to read the words...all the words!!! Everyone will fall in love with Max and his kindness. He

always knows what to say to Nora, and how to treat her, and what she needs...sure there are some bumps in the road, but it's how they recover from those bumps that makes this love story truly amazing!

Mallory is a super talented writer...I wish I could buy everyone at least one of her books so that they to can experience and M. Dauphin book...because it truly is an experience.

### **Well-developed and thought-out characters--great story!**

Max and Nora were great characters, both intelligent, talented and ambitious. The author did a great job of getting me invested in Max, a character I would tend to dislike based on the surface and the tension as I waited for Max's secret to come out was nicely balanced by some humorous moments and lots of chemistry between Nora and Max. There were nice little twists to the plot that kept me interested, and some really great secondary characters as well.

This was my first book by this author, but it won't be my last. With well-developed and thought-out characters, a nicely paced and interesting storyline, and touches of humor with a nice balance of heat, this was a 5 star read for me.

Ok this has to be my favorite read by M. Dauphin I just loved this book so much . The first meeting between Max and Nora was funny and hot also I never read a book were the characters meet at a airport witch I thought was refreshing . Then they end up stuck together in a good way lets just say I had to take a cold shower after reading that one scene they both think its going to be a one night stand so they make the most of it they never thought they would see each other again even though still cant get the other out of there mind they try to move on but surprise they find themselves living in the same town and what a funny moment that was I could not stop silly grinning . So while they are getting to know one another and try to stay just friends lets just say that doesn't work out and they cant stop thinking about that one night . The H and h were such lovable characters and they had funny banter that sometimes seemed like foreplay. Cant't wait to read more from this author

### **Tammi says**

This book was so good! It took me a bit to get into but once I did I was HOOKED!!

They started as a hot heavy, no regrets, no strings hotel hookup.

Fast forward to a chance business meeting and the sparks are still there. Her friends only, business only rule was almost comical. The sexual tension was fierce! She broke, then he broke and it was all hot and heavy again. They were perfect together!

BUT...

Max was leading a "double life" and knowing Nora's past I was waiting for the bubble of their happy life to burst. When it did my heart broke for her, for him, for them. It's sad when the past comes to life and ruins your future.

Is love enough? When the trust is broken. Can you come back together after all you thought was good is destroyed? When the one you love does the one thing you can't accept and can't forgive?

This was the first I have read by this author and so glad I did. I will definitely be looking for more!

### **AnessaRenee Reviews says**

The cover of this book makes you want to say awe out loud. This book is also full of awe moments. What happens when you decide to go with your instinct? Max is definitely the gorgeous guy we all get warned about but he's also so much more. Will Max and Nora make their special connection into more? Seriously this book is the kind of book that makes you all mushy inside. Pair that with amazing writing skills and before you know it time has slipped by and the book is almost over. This story captures my heart and I'm sure it will steal yours also.

Have you ever been delayed at the airport you look up and this hottie sits next to you, no me either but I live in hope.

Nora meets Max at the airport she thinks he's cute but annoying but they have a hot hot one night stand go their separate ways and think they don't see each other again however 6 months later fate happens.

I really like Nora she's a great character but I was surprised I liked Max so much because of ..... nope not telling but he grew on me just like Nora I couldn't resist

The writing is good which is why I liked Max so much with well thought out characters. I would recommend this and will be checking out this author's other work.

## **Brandi says**

### **4.5 Friends Don't Dry Hump Stars**

Max and Nora have one of the hottest one-night stands ever. The next time I find myself in an airport, I'll be looking for a Max to keep me company. Seriously. Where can I find Max?

**He's sexy when he's quiet. Then he opens his damn mouth and the asshole comes out.**

He's a cocky, arrogant, know it all kind of guy. Which pretty much means I want him all for myself. He's the tatted up bad boy you know you shouldn't mess with, but you do it anyway. And you love every minute of it. Nora is no exception here.

***"We can't not live because of fear of death. We're all dying. It's all about making life worth it, isn't it?"***

Because sometimes those random encounters can turn into something more when you least expect it. Like six months down the road after you've established a routine in a new city. Or six months down the road when your business is finally starting to take off and you have a meeting with a new client. You gotta live. You gotta take those chances.

**I've never had these types of feelings for another person. Ever. I can fuck, hard. I can smooth talk women to get in their panties...but I don't know what to do with these feelings inside of me right now.**

Feelings are hard. Max and Nora are a bit jaded by past life events, but you can't live in the past. However, the past is what shapes the person. The past is why these two are afraid of what they're feeling.

**I kiss her like my life depends on it. I kiss her like it's our first kiss in a long-ass time. I kiss her like I need her...and I do.**

"I should have known falling for the bad boy wouldn't be easy."

Easy it was not!! Dauphin hooked me with her novella from an Anthology where I fell head over heels with Max and Nora. I anticipated this book to see how their story would turn out. These two are insane for each other, but as any good story, there's a ton of things in their way. The supporting characters made wish for a

series. (HINT) What comes next is a hysterical, angsty, crazy ride that is full of sweet, hot, funny, snarky escape that I didn't put down, not once. I am always thankful for a voluntary review of M. Dauphin's books and absolutely love her sense of humor, dirty mind, and entertaining twists and turns that she supplies to every story she writes.

4.5 hot & heavy stars!

Can I begin this review by saying.. OH MY PANTY BURNING HOTNESS. LOL. Seriously, It All Falls Down is crazy hot, like burny, burny hot. Max & Nora literally sizzle their way through this book.

Connection is there. And it's HOT.

Chemistry is there. And it's HOT.

Tension is there. Annnnnnd it's HOT!

I kid you not, this is not a book you should read, unless you're alone. TWO WORDS... Hotel Room. \*wipes brow\*

Once we get past all the hotness talk though, what we have with It All Falls Down is an incredibly sweet, swoony, beautiful romance, that made my heart pitter patter on many occasions.

Nora & Max are a stunning couple. His bad with her good mixed together perfectly. Despite the initial meet being a quick, hot ride, what transpires afterwards was a stroke of genius. M. Dauphin brings them back together so fluidly thus beginning that searing connection, that you cannot help but feel.

My heart broke a little for these characters and mannnnn, I wanted to shake them, just to clear their vision but Dauphin does it in her own way, she paves their path back to one another perfectly and it was a joy to read.

It All Falls Down is a beautiful, breathtaking romance, that sizzles and burns and just leaves you with all those wonderful bookish feels!

## **Susan says**

I finished this book last night, but felt the need to sleep before I wrote my review. That doesn't happen often, but I wasn't sure how to put into words how I felt. Overall, I really enjoyed this book, but there were things that just didn't sit well with me.

The positive: the characters. I like my characters flawed; it makes them real and relatable. Max and Nora certainly were. The plot had a different twist to it, which I also liked. The beginning really sucked me in. In fact, I liked almost the entire book.

My issues: I didn't like Max's side business. He, too, had a problem with it, yet continued, which I had trouble with. My biggest issue, though, was probably Nora's reaction to it. She got over it rather quickly and accepted that it was a part of Max's past too quickly for me. That troubled me. And I think that quickness made the end feel too rushed for me.

Overall, a this was a well-written book and I'm glad that I read it.
