Nailah & Sage 2: A Love So Strong Toy

The statement Life can only be understood backward; but it must be lived forward brings a new meaning to The Youngs and The Kahns. The past has definitely thrown a hard and fast curve ball for these two crime families.

How will Nailah and Geronimo deal with the revelation of Nadia not only being alive, but that she has been in jail all these years?

As much as it seems to only affect the Kahns, when family secrets, lies, and deceptions are revealed, The Youngs will have to deal with the lies of the past and the hurt of the present.

When harm is brought to the families, it unleashes the beast in the elders. Creating savages out of Nailah and Baltimore, and leaving the new generation of The Youngs to try to keep things together.

One thing for sure that the past can not change is how the Kahns and The Youngs will ride for each other as well as the connection that Nailah and Sage share, but what else can you expect with A LOVE SO STRONG?

Really enjoyed this book and it picked up right where the last installment left out. Each book gets better and better and I can't wait to see what's coming next. This book had me laughing so hard with them Youngs, the older are worse than the younger ones and then throw in Geronomo. This book was full of action, drama, secrets and suspense that made for a great read. Can't wait to see how it all unfolds after that ending. Job well done Toy,
