So disjpointed

I'm not pleased with this tumultuous non productive chapter. Let's get back to the productive flow. Get her on the way to happinesses

Steph LaClair says

In Ride: Mistake, Cyn makes her choice to return to the human world. Not realizing what her decision would do to Fallon, she leaves the Realm to go back to what she knows. Once there, she realizes things weren't as good as she remembered them; the joy she took before from her career, her social life, her world, just aren't what she needs anymore. Meanwhile, Fallon is still behind the veil. He knew losing Cyn would be a sacrifice, but always thought the tales of stallions dying of broken hearts was a myth. Was it reality? Cyn has a decision to make. She can't go on being so unhappy and knows what she must do. However, there is one obstruction she was not expecting and, either way she decides, someone is going to suffer! I want to strangle this character with my bare hands!!! Got to go read the next episode, pronto!

Susan says

Episode 7 Mistake - Please note that each of the episodes are short quick reads. Definitely for 18+ due to sexual situations. Very hot and steamy. Not be read as a standalone as it ends in a cliffhanger. Read each individual episode in order.

The characters and setting are well described in the blurb for the episode and I'm not going to recap all of that in my review. Please read the blurb for more info on Fallon and Cynthia (Cyn) and the Isle of Inis Mor.

When Cyn was in the Realm, all she could think about was getting back to her life in London. She's been back for months but things aren't like they were before. The photo shoots, the fans, and now maybe even a starring role in a movie aren't making her happy. She's been trying to contact Fallon and he's not answering her. What is she going to do?

I received a free copy of this book from the author in exchange for an honest review.

Mistake: and this is a doozy, even if Cyn doesn't know all of it. Yes, she mated with Fallon and left, crossing over the veil. Returning to London isn't what she thought it would be.

Cyn has missed Fallon, but she hasn't been able to contact him through the portal. He won't respond. She

loves her family, but even they have changed. Is her job enough? Felicity is with Niall, and Fallon. Darcy is there and Cyn is in London. Nathan still presses her for more and refuses to believe there never has been or will be that kind of relationship.

What is she to do? Where is her heart--really? Could Fallon take her back--would he?

What decisions will she make and will there be more consequences? This one touched my heart. Two stubborn people refusing to admit their feelings and realizing giving up something for something better is not a loss. But I am thinking everything has to be okay--right. It is a love story. There has to be a HEA--right? Those are the rules. Guess I'll just have to read part nine the finally and see for myself. I'm sure you feel the same.

I was provided an ARC for an honest review.

Wow!

Cyn finally realizes her life up until she met Fallon was not really living. Meeting up with Nathan at a club and him trying to kiss her, made her realize exactly how she really feels about Fallon. Cyn makes up her mind to go back to the realm and the one man who truly loves her.

In the mean time Fallon is getting weaker and weaker. Fallon begins making plans for Niall to be the next cheftain and request Tomas to assist Niall and his daughter when he is gone.

Cyn packs and explains to her mother and sister about falling in love with Fallon and choosing to live with him. Cyn also meets with Nathan to explain to him and try to let him down gently. But Nathan just won't see that Cyn has never had the same feelings Nathan has had. Nathan then threatens to write about the puca and expose everything if Cyn doesn't stay.

After reading eipsode 6 'Choices' I couldn't wait to start reading this episode, I HAD to know what was going to happen next. Having made her choice Cyn is back in London figuring out what she truly wants, while Fallon is back on the tiny island hidden behind the Veil, going through the changes not having his mate next to him brings. Alot of soul searching happens for Cy in this episode. I was riveted to my ereader during the entire book, my fingers where crossed that Cyn would changer her mind & go back to Fallon, maybe taking Nathan with her (I had a thought he might also have a Puca mate)... but after the ending of this episode I don't think he deserves one.

'Mistake' is episode 7 in the "Puca Mates: Ride" series... I would advise you read 'Ride' from the start, only so you could get a real understanding for the series, but you don't nesecarily need to. I can't wait to read more about Cyn, Fallon, Felicity, Niall & the rest of the Puca beyond the Veil.

8 Months??????

Holy crap no wonder they are both miserable. Cyn is back to her normal life, modelling family and her friend Nathan. But something doesn't feel right and she doesn't feel like she belongs anymore. Everything she has worked towards is finally in her grasp, but it hasn't got the same hold on her anymore. All she can think about is Fallon. Poor Fallon is deteriorating, but still thinks his decision was right and the thought of Cyn being happy makes it worth it. When Cyn finally clicks on to what she wants is such an awesome feeling of happiness. I suppose in away it's good she went home as it's made her realise how she feels. Maybe if she had stayed when first asked it wouldn't of been the right time? Who knows. Get home Cyn!! BUT what the hell is Nathans problem? I thought he was a good guys and friend to both girls? Putting Cyn in a horrible position, to choose like that? Harsh. Right I'm off cause I need to know what happens next.

Linda says

This is the seventh novella in the series and the focus continues to be on Cyn and Fallon in this part. Each novella is a quick read.

Cyn a has left and returned to her life. She struggles with the changes in her life and is wondering if she made the right choice in leaving Fallon. Fallon wants her happiness and is suffering. Cyn may need to sacrifice too to protect him.

I have enjoyed the series and Cyn is an interesting character with a lot of pain from her past. You learn a lot about her that you did not suspect when the focus was on her friend. Fallon seems like the perfect man who will treasure her if she opens herself up to him and gives their relationship a chance. She really is struggling in this part to make a choice. As she grows and begins to realize what is important, she faces an even more difficult decision.

I enjoy the series and recommend it. You definitely need to start with the first one and read them in order to appreciate the story.

I received a copy in return for a honest review.

Ride: Mistake

Boy did Cyn ever make a mistake.She has put the Luca and their whole realm in danger.Will Nathan blab to the world?Can't wait to read the next part.

Lisa says

This episode of the 2nd season of Ride has probably been the craziest to date. Cyn is dealing with the heartbreak and depression of having left her mate, Fallon, and figuring out that the great life she was dying to get back to isn't really all that she thought it was. When she finally does get her shiz together it may be too late. Unbeknownst to Cyn, Fallon has been wasting away physically, literally slowly dying without being with his mate. Despite his failing health, Fallon refuses to let Cyn know, believing that if she truly loves him, she'll come back on her own terms, not because she feels guilty about what's happening to him.

Then at the end, that douchebag Nathan... gah!!!!!! Yeah, that's all I got to say about that. But what a way to keep me hooked!

Does she return? What will Nathan do? Was that real or a wet dream? This is a continuing saga and I may be getting the episodes mixed together.

I received this for a honest review. If you have not read any of this series please go back to book one for this is not a standalone. A.C. James is doing such an amazing job.

Cyn is suffering from heart break. She is missing Fallon so much. The fast life she was use to living does not seem important any more. She fears she might of gave up the greatest thing in her life.

I am really not like Nathan. He is obsessed with Cyn, almost dangerously so. Now Cyn has told him the secret about the pùca being real. I have to wonder what Cyn was thinking when she trusted Nathan with that secret. Now Nathan is making Cyn feeling uncomfortable and does not seem to understand the fact that Cyn is not interested.

Felicity is pregnant. Her and Niall are so happy. Niall is doing everything in his power to make sure Felicity has an easy pregnancy. Felicity is emotional and is missing Cyn so much.

Fallon is slowly dying of heartbreak. Him and his stallion are getting weaker each and every day. Though I understand Fallon's reasons for not telling Cyn what would happen if she left I have to agree with Felicity on he should of told Cyn the truth.

I am so looking forward to the next book in this series. This has been such a great journey.

Emily Pennington says

Eight months since Cyn left the Realm, and her life in London has gotten considerably more boring and lonely. Nothing keeps her interest. She misses Fallon and keeps wondering why she gave up that possible life of love and happiness to pursue her career. She had been so afraid of getting hurt that she never gave their relationship a chance. And now she figured Fallon would never forgive her. Her failure to reach him through the portal communication device he had given her convinced her that he didn't want her back.

Unknown to Cyn, Fallon's health had been steadily getting worse without his mate. He was in constant pain and his joints were so stiff now that he could not transform into his stallion form. His stallion was also weakening.

In the meantime, Cyn is having a difficult time with Nathan who insists on pushing his feelings on her. She can't make him see that he is like a brother to her and will never be anything more. If she won't accept his conviction that she and Nathan belong together, Nathan will force her – he threatens to destroy everything she loves by revealing Felicity and Cyn's secret that the Puca do exist!
