How far are you willing to go to protect those you love? Romeo knows he is willing to go the distance. This is his story...

Romeo has fought his way through hell and back to overcome his demons. Just when he thinks he has everything under control, his life changes in the blink of an eye. You have to take the good with the bad or so they say. When the club's worst nightmare comes true Romeo finds himself faced with the unthinkable...

\*\*\*\*

"Hard is the only road I have ever been down..."

Sunshine has devoted her life to being Grim's old lady. She thought they had it all. Soon she is faced with choices she isn't prepared to make. What do you do when all the walls of the life you have built come tumbling down?

\*\*\*\*

What happens when your happily ever after isn't what you expected? Baby has everything she has ever wanted but it comes with a price. The deeper you love the rougher the road you travel becomes. Baby is finding out the hard way that sometimes the truth cannot set you free.

\*\*\*\*

Striker Black has everything he ever dreamed of within his grasp. Power, loyalty and brotherhood are his for the taking. Only problem is it could cost him everything and everyone he has ever loved.

The Black Rebel Riders' MC are about to take you on one hell of a ride, so strap on your gear and get ready to travel the highway to hell. You haven't seen nothing yet.

Romeo (Black Rebel Riders MC #5)

By: Glenna Maynard

5/5 stars

Nothing is sacred and no one is safe!! People, long-time friendships & relationships, marriages... Nothing will leave this book unscathed! Here's a warning to those who only like books where previous characters who already got their HEA or seemingly got there HEA and have nothing change in future books...this book puts everything to the test! (I am under no such pretenses and while this shocked the hell out of me and I may have cursed the author, it's her story and I liked it and have no idea where she's going from here or how many books will be in the series!)

It's like a TV soap opera series or something of the sort. A train definitely derailed in Drag Creek, Kentucky and tried to wipe out the Black Rebel Riders! Every single member in the club is affected in some way...EVERY member. There are things in this book that seem to just come out of nowhere and destroy just a little piece at a time.

I you think you know how this book is going to happen or go, you're absolutely wrong. I had no preconceived notions about this book. I just wanted Romeo to find some peace and love, as he definitely deserves it. Baby & Striker deserve it and so do Rumor & Rebel, Grimm & Sunshine and even Foxie deserves it. But sometimes the culture and life you lead are not conducive to it.

I think that MCs have been romanticized to the point where we want to overlook the dirty, raw, violence and the way that a lot of them have no problem with cheating because it is the way of their world. (Mainly because they are written by romance writers & fans want the HEA to end and remain an HEA, and because it's fiction!) But Glenna's Black Rebel Riders all have faults that can be glaringly obvious to not only the readers, but also the characters in the story, but they all know the code they live by.

I must say, because I've knocked the books in this series for lack of editing and mass amounts of grammatical errors, this book only had about 10 MINOR errors, nothing like the problems I had with the previous books. The previous books, I thought could have been 5-star books, except for the amount of errors. This book does not have the errors and I'm glad!!

### Holy Shit!

Wow.....what can I say without giving any spoilers away?? Well....this book was packed full of action, sex, angst and everything in between! I felt every emotion. I had to put the book down at one point because I was so pissed off. My mind is still spinning from everything that happened. I really don't even know how I feel right now except to say that this book was written to make you feel this way. Glenna did a great job and I

can't wait to see what her next adventure will bring us!

## **Cecily Bonney says**

I will start with Glenna Maynard Killed it yet again! Romeo has so much \*hit going on. There are more lies and secrets that finally see the light of day. I can tell you that she will take you on one heck of a journey with this book and she will leave you with your mouth hanging wide open!

Striker Black is my everything. I love this character and he is one messed up SOB. Once I got to 68% I wanted to jump in my kindle and kick his butt and then close to the end of the book I actually had tears in my eyes when I read Baby's chapter.

Baby has been all over the place in this series and god love this girl! She is every bit of her father's daughter. I love her fierceness and her I don't take \*hit from no man or women. I love it!!!! Best part is when she look Celeste and she.... oh sorry I can't tell you because I don't want to ruin it for you. Baby deserves so much more than what she is getting. If anyone deserves true 100% happiness, it is this woman right here.

Sunshine shocked me in this book. I mean I know we all have a past but I had no idea she did what she did. I am just glad she finally realized that life isn't all what it is cracked up to be. I mean I was so mad how Grim treated her but then again that is why I love him and he is still #1 in my book.

Now let's talk about Romeo....Sweet, sexy, hot, handsome, I want to touch you Romeo.... This man has done some pretty messed up crap and he was ready to end everything in the last book. But now he wants to right all of his wrongs. I have to admit I liked him but then I really didn't like him. Well I have to say that it all changed with this book. This book shows you the type of man that he really truly is under that cut of his.

### **Dark gritty and intense loved every second of it**

I have the biggest book hangover after Romeo if your looking for a Mc Book full of heart and flowers this is definitely not for you but if your like me and love a book that is dark gritty intense and keeps you on the edge of your seat from the 1st page then get one clicking. This has been my favorite so far in the series. Just when you think you know what's going on a curve ball is put in the mix this book will leave you question everything and I do mean everything.

who is out to get the club?

Will striker and baby last?

Will Romeo fight for baby?

What is happening with Grim and sunshine?

Is Rebel and Rumor going to have a baby?

Who will come face to face with their past?

Get ready for one intense rollercoaster of a ride.

There is so many questions that need answers and they will be answered but get ready for even more questions after your finished reading this book. And this is exactly why I absolutely can not praise Glenna Maynard enough her writing is pure brilliance and has me hooked and obsessed with this series. If I could give 10 stars I honestly would. Can't wait for the next installment of The Black Rebel Riders Mc Series.

**Wow**

I'm a bit pissed off with this book how the hell does two of the main characters of the series end up dead with more cliffhangers then before...wth... Gotta read book 6

### **Sunny Rowe-markley says**

So I am probably not in the right state of mind to write this book since a just finished it less than 5 minutes ago. Alas I know that it won't get better though because like always I am left with a huge book hangover. Just when you think this story couldn't get anymore heart breaking or you really didn't think you could be turned inside out emotionally again....Romeo is written. I refuse to give spoilers but if you think you can't be shocked anymore..You are so wrong! Nothing is sacred...nobody is safe! Just jump in and read but once again your going to leave the Rebels...crying, sick and so shocked your just not going to believe what you just read and will be waiting again for more.

### **Morgan Mitchell says**

The fifth book in the series, Romeo, will rip your heart out and stomp on it! This book has taken this series from awesome to EPIC. You get POVs from characters you haven't before and this book gives you a t.v. series experience where you can see a complete picture of what's going on with everyone. I loved the in-depth journey and twists and turns of this novel. If you thought you knew how it would end, you are wrong. Maintaining the raw, real grittiness the author shows of the MC life, Romeo takes you on the rough ride of outlaw life where lives are shattered and worlds shift, some for the better and some not so much. In the end, I was crushed but in a satisfying way as the book was as entertaining and hot as all the rest. Romeo may have his HEA in view but will it stick? I can't wait to read the next book!!

Errrmahhgerrdd! Hey you....Reader....yea YOU! You've read the other books in this series and now you're thinking to yourself "I don't know if I'm going to read Romeo because I already know what's going to happen". It's cute that you think that Reader but you're wrong. YOU.ARE.SO.WRONG! Reader (that's a term of endearment for you, btw), you have no effing idea what is about to happen.....

Although this book is titled Romeo it is not solely about him. Just like the other books in this series it is also about the other members/family of the MC. Romeo is even more so though. There are POVs from several different characters without confusion for the reader, which is a true talent from the author. I could not put this book down and I am sure that you won't be able to either especially at around 60%. You will not be able to think about anything else until you've read to the end. SO many things happen and I'm still sitting here in shock. Every member of the MC is affected in this book.....EVERY MEMBER!

I don't know if I should throttle Glenna Maynard or worship her! When I read Striker I didn't think the series could get better but she has proven me wrong.

Holy book hangover!

This IsMy ZON Review... :-)

Ok that was Epic ..... In a Big Way... first off I was disappointed in Striker... Rebel... Still am with Rebel.. How could he... Jesus , & what Grim Did to Sunshine pushed her away... now look were he is .. even I don't know & well we won't till the next book..... A Lot of Heart Ache in this one ... A Lot of WTFs ...OMGs ....& No He Didn't.... People are Dead... & Back from the Dead... & Grim is missing... ... I know this is Romeo's Story & Yes for the most part it is... but Sh!t is going down all over the place.... & Its happening Fast as ever.... & well at the end its ... To Be Continued... & Dam Glenna Maynard that's just mean... But if you Lov This Series You Won't Want to Miss This .... So Get One Clicking People :-)

Wow! I am truly at a loss with this one. I truly feel cheated to be honest. I didn't like 90% of this book. I absolutely loved the other books in this series...this one totally shattered me. The character worked so hard to obtain their HEA's in the first 4 books and I was truly looking forward to them all maintaining those HEA's, with ups and downs here and there of course. I just felt cheated that Striker/Baby, Rebel/Rumour only just seemed to get their HEA for them to be totally shattered. I get it's only fiction, but let's be honest...who likes reading about HEA's being totally shattered & ripped apart?? And not just 1 couple...every fricken one! I certainly don't.

To be honest, I am hoping that this was just a nightmare of a club member and things aren't really as bad as they just appeared to be???? please let this be a huge possibility! There were so many instances where things just didn't make sense or add up. I truly hope book 6 clears the air in a huge way, otherwise I am sad to say, I don't think I could honestly continue reading this series.

I gave 3 \* hoping book 6 turns me back on to this series

“Black Rebel Riders’ MC are about to take you on one hell of a ride, so strap on your gear and get ready to travel the highway to hell. You haven’t seen nothing yet.”

That quote from Romeo truly says it all!!! Get ready for the ride of a lifetime!! Hold on tight cause nothing will prepare you for what is coming. Just when you think you know – you have NO clue. I absolutely loved Striker and didn’t know how Glenna could ever top it – well let me tell you she not only topped it, she took the whole series to a whole other level. When I tell you every character and member is affected by the events in this book, I mean EVERYONE!! Romeo left me an absolute mess and in complete shock throughout the book, I can’t even begin to count the WTF and OMFG moments. I had my heart ripped out and shredded, the suspense keep me on the edge of my seat, even caught myself holding my breath. When I finished this book I honestly didn’t know if I wanted to hug or strangle Glenna for what she did or the mess she left me in. I swear this series gets better and better with every book and I can’t wait for the next. I already need it NOW. Glenna Maynard writes an amazing, gripping, and suspenseful book that will keep you guessing – all you can do is hold on for the ride and OMG what a hell of a ride it is!!

**\*\*\*ARC RECEIVED FOR HONEST REVIEW \*\*\***

WOW !! Absolutely amazing !!Glenna Maynard has definitely outdone herself with the 5th instalment from the Black Rebel Riders MC series !!

This is a lot different from the first 4 books as you get pov's from all involved and it switches time frames from present day to the past. You're given an insight in to each of the characters involved but, be warned you will need tissues at the ready as this one is a ride you won't forget or get over in a hurry, as faces from the past come back !!!!

## **Maddie M1RiH says**

Wow this book's had my head rolling back and forth, I'm not a fan of books that keep flicking from past to present but it seemed to work really well with this book. Glenna has written this book excellently and the whole concept of it was well plotted and flows together and makes it Another great addition to the series. This book was Romeos story but It was much all the clubs story's really it has you flicking through each ones life and past's which open this book right up to all the gritty action with twists and turns that keeps you captivated to the last page.

I loved all the other books leading up to this one and with each book feeling like they lead to a Great end this book rips you wide open you don't know who you'll love or hate while reading but your love the journey :)

I love all the twists and That baby still continues to dominate the books and continues with this one. This book will have you feeling it all with No emotion spared I love Romeo in this book and the way the book has

opened up to new events.

I'm looking forward to the next and I just know it's going to be mind blowing :D

I highly recommend this book but you should read the series to get a better feel of the people within the club  
your love them and there crazy @sses lol
