I found this short novella on Amazon when I just wanted a short, good story. For what I wanted. it was great, and I found many more like this at the same time. I will remember where to find them.

What a ride.

Holds your attention and for good reason. Read it and find out. You won't be sorry. I'm going to find another book by the author.

Randy says

John Rain is in New Orleans with retirement on his mind. A young woman has him on her mind, has had for years since her childhood when she saw him kill her father.

She'd planned and trained under a voodoo priestess to learn the arts. Now her father's killer was on hand and she was ready to implement her plan.

Interesting Kindle Worlds novella.
