Jadi... kemaren pas gw ngereview Komikus Shoujo Nozaki Vol. 1 cuma 3*...banyak yang nanggapin kalau gw mesti nonton animenya. Yang bikin gw wondering dong. Pertama: Animenya emang sebagus apa? Kedua: Kenapa ini yang nyuruh gw nonton anime, ga ada satupun yang ngasih minimal link buat donlod animenya? :))))

Baiklah, kalau bagi gw Nozaki vol 1 rada garing, di vol 2 inilah gw baru bisa menikmati "kegilaan" Nozaki dkk pada umumnya dan Izumi Tsubaki pada khususnya. Mungkin karena di vol 1 baru perkenalan sama Nozaki, Chiyo and the gank, di vol 2 ini tambahan tokoh barunya cuma 1, jadi sudah merasa akrab dengan tokoh - tokoh lama. Seperti biasa, tiap chapter diceritakan dengan gaya 4-koma. Bedanya, semua chapter adil lucunya. Mulai dari interaksi Nozaki dengan editornya Ken, yang bagi gw Nozaki kayak mau ketemu pacarnya.

Pupus sudah harapan Chiyo sepertinya, karena lagi - lagi Chiyo masih dalam ranah "asistenzone". Saat musim hujan pun, yang dikira Chiyo bakal membuat dirinya makin akrab dengan Nozaki, malah disambet oleh temannya sendiri, Yuzuki yang membuat Nozaki dapat ide untuk cerita barunya. Ngomong - ngomong tentang Yuzuki, interaksi dia dengan Wakamatsu (si karakter baru yang gw sebut sebelumnya) emang the best. The best in twisted way :))). Apalagi bagian Wakamatsu yang mengkonfrontir Yuzuki, tanpa tahu kalau Yuzuki adalah Lorelei Klub Paduan Suara yang menjadi idola baru Wakamatsu, itu beneran priceless :))). Gw sukses dibikin nangis ketawalah pokoknya.

Karakter fave gw, masih tetap si Mikoshiba, play-shyboy yang akrab disapa Mikorin. Duh, gemesin banget Mikorin ini, pengen towel-towel pipinya jadinya :)). Entah kenapa gw lebih suka Chiyo sama Mikorin aja, karena Nozaki otaknya rada ga beres. Kan Chiyo bisa menyelamatkan Mikorin kalau yang bersangkutan terjebak dalam rayuan gombal mukiyonya itu. Sayang, sepertinya Chiyo lebih suka berada dalam zona asisten dan memendam rasa ke Nozaki.

Kesimpulannya setelah baca Nozaki 2 sih....semua karakternya ga ada yang bener :)). Dan yang paling ajaib ya...tentu saja Nozaki dong. Karena cowo dengan pemikiran aneh nan lempeng ini kok ya bisa aja bikin komik shoujo full lovey dovey scene. Tapi...yah namanya juga komik :))

Penutup: Yang setelah baca review ini dan tetep minta gw nonton animenya, hayuh kasih link downloadnya!! >:))))))

At times the humor loses me, and at others it has me crying tears of laughter.

In this volume, we get something close to a plotline as the cast of characters gets bigger. Along with the regular shenanigans Nozaki gets into trying to make his story better, Chiyo gets to know more about his relationship with his current and former editors. Speaking of the former editor, there is a hilarious sideplot about some *tanuki* and oblivious men. And the queen of obliviousness, Seo, is currently bullying Wakamatsu but he is also being soothed by her singing (unknowingly) - all of which Nozaki employs into his manga's story in unexpected ways. Not being in the know, Kashima is surprised at this unusual gathering and misunderstands a lot, so that is hilarious. (She tried to give Hori feminine clothes - which had him pissed until he realized that they were well-coordinated). This motley gang of characters just has me in laughs, even if not much is happening plot-wise!

Seo and Waka combination is so cute!!!! The raccoons are cute too!!!! Everything is so cute here!!!!

Quite funny, and I was glad to see a bit more actual story being sustained rather than just one-pagers. I'm still wondering why our protagonist has a crush on Nozaki in the first place. Tsubaki conveys the Prince's attractions quite well, so it's clearly a deliberate choice to make Nozaki's non-obvious. But most people's unrequited affections are opaque to me.

Especially amusing was the section where Nozaki is ill and his friends rally to try to complete his manga by deadline.

Bonus: finally a clear explanation of "tone" and how one adds it! Sounds like a ton of work; do mangaka still use it or do they mostly photoshop these days?

More fun and cute comics! I still love the peek into comics-making life and laugh at the ones that I can relate to.

I think the Gekkan Shoujo Nozaki-kun (???????) series does definitely encourage those who pay attention to it to give the process of making it a try, however possible! Like as in putting in the toner, or drawing, or whatever.

Oh! According to Wikipedia it is currently ongoing, as of July 1, 2017! I have never actually read a currently running series before!

(Although it looks like they're going to put the last one out in EN in about two weeks.)

THAT'S SOOO COOL ♥ it made me decide to rate it a little higher than I was originally going to, to be quite honest!

So, this is the second volume of a Japanese romantic comic, where the heroine Sakura does busywork for the mangaka named Nozaki.

I enjoyed it! You may, as well, if you're okay with girly-girl stuff and hot guys falling for each other.

Wardah says

Duh Seo emang nggak terkalahkan =))

Sara Mul says

Still loving my idiots, but now Wakamatsu, the first year basketball player with a soft heart, is here!!! I love!! Him!!!!

Angie says

This was so much better than the first volume! Or maybe I finally got used to the style. Either way, I enjoyed it and was constantly giggling at characters and their shenanigans!

Katherine Sigarón says

This volume is just as hilarious as the previous one, the story progresses little by little I think the most frequent participation of secondary characters for the story seems very successful.

The characters that shine here are: Kashima, Hori-senpai, Seo and Wakamatsu.

Este volumen es igual de hilarante que el anterior, la historia avanza poco a poco me parece muy acertado la participación más frecuente de los personajes secundarios para la historia.

Los personaje que se lucen aqui son: Kashima, Hori-senpai, Seo y Wakamatsu.

Sinta Nisfuanna says

Tetap Kocak!

Alur ceritanya terbagi menjadi lembaran dengan kekonyolan yang muncul di akhir setiap kejadiannya. Nozaki melakukan hampir seluruh aktivitasnya demi mendapatkan bahan untuk komiknya, kepalanya benar-benar hanya berisikan komik. Seperti saat Nozaki menghadiahi baju seragam sailor pada Sakura supaya bisa mendapat gambar figur cewek atau saat Nozaki memberikan bekal kepada Sakura agar dia dapat merasakan perasaan tokohnya. Sama sekali tidak mempertimbangkan bakal muncul perasaan ge-er pada si perempuan yang kenyataannya memang muncul

Kejadian paling kocak adalah saat Wakamatsu akan melakukan aksi lempar sarung tangan kepada Yuzuki, cewek yang paling dibencinya. Adegan menjadikan jas Nozaki sebagai pengganti payung atau percakapan tentang editor masih menjadi bahan yang lucu di komik ini.

My Rating: 4.5 stars ★★★★★ 1/2

Monthly Girls Nozaki-kun is easily becoming one of my favorite Manga series!

As always romance/high-school tropes are given unique+comedic spins & that's what makes it so fun to read!

In this volume I loved that the side characters were more present & I learned a lot more about them than I did in volume 1!

yuzuki +waka's banter was the best! So funny! :) With Chiyo being Yuzuki's best friend, she gets offered one of her CD's & all the guys are obsessed w/ her beautiful singing voice! (Not knowing its her b/c she's always very serious/stern + brash at times) And Waka doesn't even know it is her, b/c she's always being very brash+arguing w/ him, & to help with his insomnia he ends up listening to her music to fall asleep!(´?`??) (I hope they get more page time together in future volumes!!)

Mayuki & the "Prince" of the school (Yuu Kashima) continue their funny/bickering banter as well, but they both definitely talk about each other with other characters even though they claim they don't get along, but I sure hope they get more development in the next volume too!

And as always Mikorin Mikoshiba is the shy heart-throb I can't help but adore!! <3 <3 <3

I love how overall, each of the character's are willing to help each other even when they clash a majority of the time! + So much female friendship+support +girl power! Love it!!

As with volume 1, Chiyo is familiar with Yukari, neighbor to Nozaki + also a manga artist! And she is always eager to help out + chat with Yukari when she needs it!

This manga series does a fantastic job at using typical romance/cliche tropes and using them in a very clever + comedic way!!

I didn't see the manga while reading it this time, so there were some moments the plot was a little slow + difficult to follow b/c it jumps around rather quickly! (hence the 4.5)

Overall the wonderfully-developed characters & all their wacky adventures are delivered with such heart+given great comedic twists!

I will absolutely be reading Volume 3! <3 <3
