Holly Letson says

Now, I am curious what powers that all the other witches will have in future volumes.

Shraddha says

Amazing

Jason says

We *finally* find out what the 7 witches are and now have a template for the rest of the series, which bleeds more definitively into fantasy territory. I was pleasantly surprised at the twist regarding Yamada's powers and imagine it will be used to frequent comedic effect in the future. That said, enough of my curiosity is sated to set this series aside for now.

Mike says

Quick thoughts: The titular witches concept is finally touched upon, and Nene is a good foil for Yamada and friends.

Neko says

Emang udah ngeduga sih dari judul kenapa dibedain "Yamada" dengan para penyihir... Volume ini buat ngakak! :))

Kübra Ya?mur Aslanhan says

[*NE DEMEK ASLINDA BEDEN DE???T?REN YAMADA DE??L?! (hide spoiler)*]

Sandra Wolf says

still funny Love it

Marie says

4.5

Shannon says

Kind of surprised it took until almost the end of volume three to get to the whole "witches" part of this series. I would've missed out on a good series if it hadn't grabbed me before getting to the thing that's actually most compelling about the story.

The artwork is nice and clean and doesn't distract from the story. None of the characters are annoying and each have their own distinct personalities. There's some "ecchi"-ness but nothing super over-the-top.

Definitely will continue!

Elinor says

Ah une petite révélation que j'attendais depuis le début ! (j'en étais venue à douter de mon idée initiale...) toujours aussi bon, cette série est vraiment sympa, très drôle et bien fichue au niveau de l'intrigue

Brandon Varnell says

My original review: <http://pokemaster12.blogspot.com/2015...>

Plot twist! Holy crap! This volume had a major plot twist in it that totally threw me for a loop. I know, I know, it's pretty easy to throw someone as gullible as me for a loop, but you know what? It doesn't matter. I still think this volume was awesome and had the biggest plot twist in it so far.

Starting where volume 2 left off, Yamada, Shiraishi, Miyamura and Ito have all gone off to a school camp. They had a blast last volume, especially Shiraishi who, thanks to some good old-fashioned Yamada pep-talking, spent a lot of time with the new friends she's made sense she and Yamada first switched bodies. Last episode we were treated to a good dose of humor, a healthy heaping of character interaction, some plot, and a few scenes of fanservice. Not a bad volume all told, but Volume 3 is even better.

First off, we're introduced to a character who, though we've seen her before in the last volume, she gets a lot more time in this one. Nene Odigiri, within the very first chapter, tries to blackmail Yamada into convincing Shirashi to not take part in a mock exam being held the next day. Yamada tries refusing, of course, but unfortunately, Nene has pictures of Yamada not only in the girl's hotel room, but also going through Shiraishi's bag! It's not really him, but actually Shiraishi in Yamada's body. However, that means when someone has pictures of you, or what looks like you, pulling out and admiring girl's underwear. While Yamada tries to solve this problem on the own by switching bodies with Nene and deleting the picture, in the

end he's forced to tell Shiraishi about his problem. Why? Well, there's the plot twist - Yamada can't switch bodies with Nene! That's right, his body switching power, which has been the basis for the first two volumes, doesn't work with her. Why? Who knows. Well, I know, but I'm not giving away any spoilers. No sir. You wanna learn more, then you'll just have to read this volume yourself.

Volume 3 is definitely my favorite volume here, not only because we get to see a lot more random kissing scenes, but also because of how the plot is developing. I feel like the story is really beginning to go somewhere. It has all of the humor and engaging hilarity of the last two volumes, but it also shows us that this manga is more than just a silly comedy. The storyline develops a lot in this episode, and we get to learn more about the side characters. Volume 3 was a lot of fun to read. It kept me engaged all the way through to the end, and I'm looking forward to reading the next volume.

Luke Reynolds says

Since FUNimation still has yet to announce the new release date for the anime series here in the US (they announced the English dub cast and the pre-order date for July back in April, but nothing came out of it), I'm willing to go back to the manga and try to read all the material the show adapted (which is about 10 volumes and 90 chapters, which is a lot).

The "seven witches" part of the title is now becoming more apparent. This volume steers away from the body-swapping comedy in favor of a charm spell thanks to another girl like Shiraishi and Yamada who has powers, Nene Odagiri. She's another candidate in the student council president race (where Miyamura is also competing), and she's the sassiest little thing ever. She's a joy to read out loud and to read as well.

There's lots of meddling, hijinks, and of course lots of people getting all fired up and yelling at each other (which I love). But there is also once again incredibly interesting character points and conversations that are reflected in nuanced art. Yoshikawa is taking techniques from her time as Hiro Mashima's assistant and really making them her own. Her characters are expressive and fun to read, and she really cares for them all.

The sleaziness still hasn't gone away either. Lots and lots of kissing and fanservice of both genders (most of it is on the women because we are dealing with horny teenage boys) are present, so be advised that this will probably be more of a mature read.

We ended off of a quest for the next witch, so can't wait to see where that goes! It's a summer club trip, yet Yamada has to make up tests because he failed all of them. Also, charm powers have been left on Miyamura and Itou, so I imagine we're going to have a fun start to the next volume.

That headcanon I mentioned last review with Miyamura being bisexual? There's more evidence every volume with it! No matter how Miyamura acts around women (ogling them, trying to kiss Shiraishi when Yamada can't kiss her since he lost her power), there's still those lines like "Whatever belongs to Yamada belongs to me" and those kisses that make me wonder. I know it won't actually happen, but can a guy just smile evilly and maybe look as handsome as Miyamura in the meantime?

Doremili says

Este volumen estuvo buenisimo, no solo se comienzan a despejar dudas del asunto de los besos sino que Nene, que es una perra, le da mucho sabor a la historia. Me encanto.

Jared Deocareza says

Oh man this manga keeps on getting better and sexier! haha! It's complete package of humor and green stuffs! If you wanna laugh out loud read this. Just don't read it at night coz people might start thinking you lost your coconut because you're laughing way too loud!

Gulen says

Dizisi de varm?? ya, Yamada-kun Yamada-kun
