## A Song for the Season Kellen Hertz (Contributor)

Buckle your seatbelts -- In this fourth book in the series, Tenney & Logan are taking their show on the road! Christmas is just around the corner, and Tenney can't wait to share their music with fans all over Tennessee. But being on the road is harder than she expected--she's missing out on her favorite holiday traditions at home. . . and why is Logan being such a scrooge? After a series of disappointments, the duo begins to crack under pressure. Can they save the tour--and their holiday spirit--in time for Christmas?

Tenney finally goes on tour. Things are rocky at first but it ends on a cheerful note.:)

Full disclosure, I won this book during a giveaway and haven't read the previous books to this story so there were some questions I had like how old is Tenney? Does she always talk in exclamation points?! But for girls who are curious about what it's like to be a singer songwriter and do your first tour, this book was great for details and giving a realistic take of the downside of the things that can go wrong. Plus there's an effective tension plot line of wondering why Logan is so grumpy and dismissive of Tenney when she's trying her best to make their shows the best. You find out why Logan is not so nice on tour and it makes sense. I really enjoyed the final tour scene since it was unexpected and brought the spirit of Christmas into the book nicely.

This one wasn't nearly as good as the last three. We followed them on their tour but they weren't friends most of the time which I didn't like. I wish they had made up earlier. I like when they get along. Also we didn't get to see them write a new song like the last few books. I felt like there was so much less development in this book. And now the series is over and we have no idea where they go now. Just that they're home celebrating Christmas with their families.

Great little book for the holiday season. American Girl has done a wonderful job bringing boys into their

storyline. Logan is a great little addition to the AG family.

I wish I had a CD to go along with the book. I am going to look it up because I did want to sing along at times.

I read it as part of our Christmas reading contest and I was glad I did. Wonderful book for boys and girls 8-12.

This is a fun young reader's book. The tie in to music makes this book even more charming.
