# Adventure Time Vol. 1

*Ryan North , Braden Lamb , Shelli Paroline (Illustrator)*

**Adventure Time Vol. 1** Ryan North , Braden Lamb , Shelli Paroline (Illustrator)

It's ADVENTURE TIME! Join Finn the Human, Jake the Dog, and Princess Bubblegum for all-new adventures through The Land of Ooo.

The totally algebraic adventures of Finn and Jake have come to the comic book page! The Lich, a super-lame, SUPER-SCARY skeleton dude, has returned to the the Land of Ooo, and he's bent on total destruction! Luckily, Finn and Jake are on the case...but can they succeed against their most destructive foe yet? Featuring fan-favorite characters Marceline the Vampire Queen, Princess Bubblegum, Lumpy Space Princess and the Ice King!

## From Reader Review Adventure Time Vol. 1 for online ebook

### Kaitlin says

Well this was a read for the #GettingGraphic readalong I'm hosting today and it was brilliant! My first 5\* read and it was just too silly, fun and likeable not to get a 5\* rating.

We get introduced to Jake, Finn, Lumpy Space Princess, Princess Bubblegum, Ice King and many more in this volume. It quickly becomes apparent that there's a lot to love about these characters, their quirks and funny moments in particular.

I loved the silly story, but more than anything the art and playful design of this worked so well for me. The bold colours and wording form a cohesive but engaging journey for the eye to travel the page and I just fell in love!

5\*s - Highly recommended and I will pick up more in the series!

---

### Jasmine says

Oh my glob so cute!

---

### Alison says

These are always just so much fun and I love visiting this world.

---

### Nicolo Yu says

I read this as a digital edition off Comixology during its SXSW 2014 giveaway, but the strange thing though is that they don't actually sell the title on a regular basis. This was more a one-off gift to Comixology users.

I've never watched an episode of Adventure Time, but I've had an impression that it's a cartoon that kids and their stoner older brothers could watch together. I've seen enough to surmise that it's a trippy show and having read this collected edition of the Adventure Time comicbook, I was right.

For a free download, this book is loaded. Not only does it have the first four issues of the series, it also has a cover galleries for the variant covers and it even have some notes in the margins you could read. It's also gave me a hankering to watch the show, maybe soon if I can sample a few episodes.

### Mohammed Al-Thani says

Oh my glob! This was so CUTE & AMAZING!!! It really captures the feeling that the show has, which I absolutely LOVE! The characters were adorable, the world is adorably cute. Though I wish the writer (Ryan north) took his time and introduced us to each world rather than starting with the story immediately. Like how the show introduced us to the Candy kingdom then to the Lumpy Space and so on and so forth. I wished, to see worlds introduced in each issue. Which then carries the plot. Overall I thought that this comic was AMAZING!!!

---

### **Shaina says**

Oh I loved this story. I was glued to it until I was through this volume. I love when the snail is in there. Snails rock! This one also showed a lot of teamwork and introduced DP. I loved the new parts it added with the Lich and how gripping the story was. I was starting to get worried for a bit there.

---

### **Kitty says**

Oh my goodness!

When I was young, I tried several times to read comic adaptations of my favorite cartoons. After being disappointed with the Simpsons and Animaniacs comics, I was a little hesitant getting into Adventure Time, even with ALL-TIME-FAVORITE-COMIC-MAN-AND-CLASSY-DOOD RYAN NORTH at the literary wheel of this COMIC BOAT.

The most impressive feat is the combination of sticking to the Adventure Time delivery and flow while maintaining a very Ryan Northian voice. Heck, there were panels (that worked!) where you could remove all the characters and replace them with T-Rex and Utahraptor. I think I should try that with post-it notes and see what happens. Also, the inclusion of Tony Millionaire-like tiny sub-comics at the bottom of pages felt like a SECOND ENTIRE COMIC BOOK THAT WAS JUST THREE PANELS LONG! What a value!

Do I have any reservations toward recommending this? If you haven't seen any of the show, I doubt much of it will make sense (sense in the Adventure Time context, you know what I meant), but then why are you even reading reviews based on the comic? Similarly, there are a few callbacks to specific episodes or very very minor characters, so missing a few episodes may mean 1 missed joke out of twenty billion. That is an estimated number of jokes in this volume. I lost count after 1.5 million.

### **Alice-Rose Woods says**

This was such a fun and fast read, definitely what's needed if you need a little break from novels. The artwork is amazing through out and I can't wait for volume 2!

---

### **Cat (cat-thechatlady) says**

this was SO GOOD! adventure time never disappoints me. the story is so great and ridiculous and omg, the

puns. so funny!! I love this world and these characters so much. just what I needed today, when I'm feeling a bit down.

---

### **Ruby Buscus says**

awesome bro

---

### **Amal El-Mohtar says**

Full disclosure: narrative-wise this is probably a 4, but it's Adventure Time, which means my youngest brother adores it, and I am therefore full of love for it via him while I'm reading, and it's just so relentlessly *fun*, and the absurd silliness doesn't stop it from having cool female characters who talk to each other about stuff that isn't male characters, and Jake and Finn's friendship is just super adorbs and I love it, what can I say. And this is even without the hilarious bottom-of-the-page commentary in pale green text or the astonishing artwork. It's cool. It's fun. I definitely want to keep reading as well as start watching the show.

---

### **Jesse (JesseTheReader) says**

For the most part I enjoyed it, but I felt the story was hard to follow at times and it kind of felt like the story was all over the place.

---

### **Filipe says**

Finn is so awesome :D

---

### **Liam says**

The story was a little "meh" but the characters and art were on point!

---

### **Joana Veríssimo says**

This book is so much fun!!! And the art is just so beautiful - really cute and pretty!!! So easy to read, I read this in one sitting as I was coming home from school :)

The story itself is 4 stars, but the book is a 5 stars book without a single doubt, because of those little notes at the end of some of the pages - those were so freaking hilarious!!! It was trying so hard not to laugh out loud in the bus...

The green notes were PERFECT, but also the little row of the panels that were in just a few pages, with

Marceline and then the commercial - that one - and the black page made me get a few weird looks in the bus, because I couldn't control myself

Really if you like "Adventure Time", check out this comic!! So much fun!!!

(Also bonus: Marceline and Princess Bubblegum interaction!!! :D

---
