Daddy Says Maggie Ryan

When twenty-four-year-old Jane Knight is assigned wealthy, handsome businessman Sawyer Masterson's table at the upscale restaurant where she works, she quickly finds herself breathless, blushing, and tongue-tied, and it is only his warm, calming demeanor that keeps her from humiliating herself completely. What truly catches her off guard, however, is the card he leaves behind to let her know that he would like to be the daddy she clearly needs so desperately.

The mere thought of a strict daddy taking her in hand--and over his knee--leaves Jane's heart racing and her panties soaked, but when Sawyer bares her bottom for the first spanking of her life it is only the beginning of his plans for her. He is going to teach her to be his obedient little girl, and she is going to discover the pleasure of being made to do exactly as daddy says.

Publisher's Note: *Daddy Says* includes spankings, sexual scenes, age play, and more. If such material offends you, please don't buy this book.

From Reader Review Daddy Says for online ebook

Sophia Triad says

It is not bad if you like age play romance books.

The main issue that I had is that the story starts in a slow pace and then it accelerates without showing much character development.

Diana's says

Mehh it was just okay!

Chrissi says

I absolutely loved this book! Daddy Says explores the DD/LG dynamic between Sawyer and Janie. If you are new to age play, this is the perfect place for you to start.

Sawyer knew he wanted Jane from the moment he laid eyes on her, and well Jane thought she knew what she wanted. It wasn't until meeting Sawyer that Jane is given the chance to explore her sexuality to the fullest.

Embarking on a journey of discovery, Janie soon learns not to disobey her Daddy.

I cannot wait to read more from this author!

Allyson says

First time reading a Maggie Ryan book and it won't be my last. I wished this book was longer, more drawn out. I felt the ending was rushed. I would have liked to see her grow more with Sawyer and their delicate relationship flourish better. Just seemed quick and she caved in too fast to the daddy/little lifestyle.

Overall. Liked the storyline, characters, etc. I wonder if her friend has a kink as well. Seemed to me she was more of a Domme personality.

Tia Fanning says

A Perfect Story! I LOVED IT!

I must say that this was a great story for me! I really enjoyed every aspect of it. There were even parts where I was talking to my Kindle, urging the heroine to simply behave — that's how invested I was in this book. (lol) I read it all in one sitting. I loved the hero as well. And the build up/evolution of their relationship. The love. The devotion. The ritual. I will be adding this author to my auto-buy list. Very well written.

If you ever wondered (even a little bit) what a Dom/Little relationship might be like, and wanted to read a

D/s Romance featuring this relationship dynamic, I recommend this Daddy Dom/Little story — Daddy Says — as a good book to launch you into this erotic/BDSM sub genre. Daddy Says is fun, exciting, loving and thorough. Even the discipline and the sex scenes are on point.

Flawless. Perfect. Buy it. Enjoy.

Jo * Smut-Dickted * says

Oh yeah. This is more like it. Harsher, with interesting characters and some outstanding dirty talk. Nothing gets my motor revving like a guy who tells you what he is going to do - and makes you watch him do it. Not sure what to consider that kink - but whatever it is - this book had it in spades. I cannot resist an alpha male who very calmly shares what he is going to do. Well written - full of luscious lusty kinky sex but with characters who also display regular human emotions. Loved it.

Anne Baker says

She is the Favored One. Maggie Ryan does it again one fantastic writer of the taboo. Jane Knight is the favored one for Sawyer Masterton, she captured him from the first moment he saw her. Jane knows she is exactly where she needs to be with her Daddy. I loved the doctors appointment scene it was quite funny, and Jane was adorably naive. An amazing author Maggie Ryan writes panty melting, insanely hot books and this is one of her best. The only down side for me was that the book was too short I wanted it to go on forever. This is my honest review of an ARC I received.

Dee says

This book by Maggie Ryan is a wonderful age play romance. The DD is a sexy alpha male who knows what he wants and is willing to wait while the woman he wants admits she is interested. The age play aspect comes quickly (pardon the pun) and the DDlg relationship is explored. There isn't a lot of Little behavior, but this story is a good introduction for DDlg fans. I know that I have read almost all DDlg books available on the largest retailer and I will buy any new ones. This is worth the read.

I highly recommend this author and this book to AP readers and in particular to those interested in reading about DDlg as well as domestic discipline relationships. I received an advance reader copy of this book in exchange for my honest review.

Jeannie says

Firstly, let me just say this book wasn't for me... that's not to say this was a bad book, it just didn't do anything for me and I found myself skimming to get through it. It wasn't a lengthy story so it didn't take much to get through it.

If you're into age play and understand the dynamics of a Daddy Dom/Little relationship then this is

something that you will be more into.

When waitress Jane Knight lays eyes on a man seated in her section there's an instant connection that has her flustered and making mistakes; Sawyer Masterson has been looking for his perfect Little girl when he becomes quite enraptured by Ms. Knight, he wants her and as a man who always gets what he wants, he peruses Jane.

Jane resists at first, unsure how the whole Daddy Dom/Little Girl relationship will work, but even then the doubt and uncertainty of the whole relationship makes her change her mind frequently and causes issues between the two, how far is Sawyer willing to go to have his Little?

Rhonda says

Wonderfully written Daddy Dom romance

Maggie Ryan is an amazing author. She creates such believable characters and puts them in a plot that makes you not want to put down the book. I know I didn't, finishing the story in one sitting. Jane and Sawyer meet when she waits on his table, the attraction immediate. Soon Janie is under her Daddy's tutelage exploring a world she'd only read about. The care the author takes with her journey is admirable. Both a sexy and heartwarming read. Definately belongs on your TBR list especially if you love a take charge loving Daddy. I received an Advance Reader copy of this book.

Lisa says

Awesome read!

This is my first time reading this author and I absolutely loved this book! The main characters will pull you in right away from Jane's dreams about what she really wants and the daddy Sawyer that knows he is what she needs. It was interesting to see a broader view of the daddy/little dynamic and I think it would give anyone a greater appreciation for those in the lifestyle. I always love when books are told from the POV from the two main characters so you get a better idea of what each one is thinking and feeling. I'll definitely be adding this author to my list!

Heart5 says

Maggie Ryan once again proves that she is the master of age play romance. This contemporary romance focuses on the beginnings of a relationship between Jane and Sawyer. I love the internal struggle as Jane struggles to accept her own desires. Sawyer is of course, the perfect, stern dominant to Jane's little girl persona. The two work really well together and definitely leave room for a follow up story.

I received an ARC of this book from Stormy Night Publications.

Dee says

Sweet with Plenty of Heat!

“Daddy Say’s” is a contemporary age play romance embodying one young woman’s journey of sexual exploration and love. From the moment Jane meets Sawyer, sparks fly and long repressed desires begin to occupy her thoughts as well as invade her dreams. The chemistry between these extremely likeable characters is intense and the attraction intensifies with Sawyer’s enduring persistence. Jane’s transformation into Sawyer’s “Janie” is believable, realistic and intelligently written. Sawyer’s character utilizes tolerance, reasonable punishments and unconditional love while educating Janie in the various aspects of the age play dynamic. “Daddy Say’s” is the perfect introductory age play romance or for the more experienced reader who prefers a more mature, less extreme situational role play dynamic (no bottles, sippy cups, cribs or diapers).

Little Janie has quite a bit to learn and Sawyer is the perfect man to teach her!

Children 18 and over only due to extremely hot sexual content and uneven power exchange!

Rating Details (Based on 1 to 5 Gold Stars):

Steam Factor: 5 Hot Stars

Writing Style: 5 Professional Stars

Plot: 5 Fast Paced Stars

Engaging Characters: 5 Hunky Stars

Satisfying Conclusion: 5 Sweet Stars

Kathy Heare Watts says

JANE KNIGHT AND SAWYER MASTERSON

I enjoyed the story of Jane and Sawyer and their journey into a relationship that includes a DD/lg relationship of age-play. We don’t learn too much about her parents except that she was a late in life an only child that was more an inconvenience than a cherished child. While Jane enjoys reading domestic discipline erotica on her Kindle, she honestly has never had much experience, even when it comes to relationships, she lacks much experience.

Sawyer Masterson is a self-made millionaire and knows what he wants. Having a good friend who lives the lifestyle with his little wife, he will go to dinner and meet Jane at a high-end restaurant. Jane is their server, but she is so flustered from the moment she goes to the table, that she makes one mistake after another. Thinking this will be the end of her job, she is shocked to have the checked paid in cash, a nice tip, and a business card that has the word Favored and a web address.

The plot will have Sawyer seeking his own little and meeting Jane, where she is nervous and says and does everything wrong, but he finds it amusing, and her blushing is cute. Leaving her the business card and then waiting for her to access the site will open the door, but just when he thinks they have a chance, she exits the site in fear. He is a patient man who refuses to give up on her and asserts his presence at the restaurant and in her station each night until she finally acquiesces to listen to him.

“You are the only young woman I’ve seen as favored, and the only one who is important to me now.”

The story focuses on the development of their relationship and her acceptance as his little girl. She will learn that he is sincere in this relationship, and in her. Sawyer will always tell her when she is to be punished why and makes sure she understands the situation. The story has many scenes of punishment, some medical play, anal play, humiliation, and explicit sex scenes.

“I realize I am asking a great deal—but know that I am committed to guiding you, to disciplining you, and to teach you all about the pleasures and joy found in submission. I am asking for your honesty and your trust. I promise I will treasure each and never abuse either.”

There is a great cast of characters, detailed, open and honest conversations, and while some of the punishments may seem harsh and painful, he never harms her. He doesn’t want to rob her of her independence, respects her desire to attend culinary school, and respects her hard limits. Best of all, the story has a happy ending.

Margo says

Sawyer meets a young waitress named Janie and ventures to give her a special card as he is leaving the restaurant. After figuring out how to get into the web site revealed by the card she realizes that Sawyer is interested in her for more than just a date. He's looking for someone to call him daddy. Although she originally turns him down he is persistent and she eventually decides to give it a try. It's a pretty regular daddy book. She misbehaves - he punishes her. Rich guy helps out poor girl. But I did make it to the end so that is saying something.
