Double Exposure Cassandra Dee

He makes me gasp. His partner makes me scream. But I love it anyways.

After my sister died, I took a job at her husband's firm to help out. It was just a temporary thing. They were so buried with work that I figured the temp job would be just that. Something temporary.

But then Brian told me to bend over.

He's my sister's ex, sure. But he's also the boss. How can I say no?

And when he and his business partner, Jed, invite me to their office for an after-hours chat, something tells me that things will start getting dirty.

Something tells me that these two men have a lesson planned for me, where I'll be doing everything and anything they want, tied up and bent over, just to earn my paycheck.

And when this temp job is done, the on the job training won't be over. Because I'll be doubled up, crawling, begging them for more.

And the question is ... ***will I ever get enough?***

This is a steamy novella with M/M, MMF and MFM action that will make your panties melt right off. HEA guaranteed. Includes three bonus books for your reading pleasure.

I love MMF but I really felt like this was lacking that punch that makes your body quiver. I felt like reading the MM scenes were hotter than the MMF scenes. I didn't like how her focus was suddenly all about the law partner. I felt there wasn't enough pov him either. I think it was a little repetitive with the way they addressed each other.

What in the ever loving fu*k was that????

A little birdie told me... says

As long as you understand that this is a "this would never happen" erotic fantasy, you'll be okay reading it. Don't expect literary greatness.

It's like reading a porno script, one with a ridiculous plot that might show up on Skinemax, if Skinemax showed full-on pornos. It was dirty (uncomfortably so for me). The men did not speak or act like successful alpha lawyers, and the girl did not act like a virgin.

Also, it says it's a dark erotic romance, but I saw no darkness. In fact, I found it humorous. Whether or not the author intended it to be funny is probably up for debate.

Other than that, it was just a fun little fantasy read.

Yuck

I love erotica. I love MMF. I thought I would love this.

I didn't.

This is poorly written and needs ten more edits to be a two star. It's that bad. How many times can you use "because" before it's redundant? Hint: if you use it one percent as much as this author, it'll still be too often.

And those characters. Those are the most one dimensional, juvenile characters I've ever met. Really? If kids are having sex these days, this book is how they'd be mentally. The narration sounds like that of a ten year old. Also, everyone sounds the same. Read only the dialogue, and you won't know who is saying what.

Cynthia Whisler says

Really enjoyed this story

This was great M/M, MMF, and MFM storyline. It was erotic and so so nasty. The characters were all uniquely written and described so well. It was full of intriguing and interesting details. At some points very raunchy but oh so good!

Just when I think I couldn't love Cassandra Dee's books anymore she writes Double Exposure. I absolutely loved it!! Double Exposure is the hottest book I've read by her. Not only was this book a dark and steamy ready but it was also a journey of self discovery. Cassandra had a great storyline with wonderful characters who drew me into their story. There are many twists and turns but I found I couldn't put my Kindle down until I was done! There was a definite connection between Angie, Brian, and Jed that made the chemistry between them that much hotter. Double Exposure is the best kind of dirty and a definite must read! I voluntarily reviewed an Advanced Reader Copy of this book.

Double Exposure

Love this story of Brian, Jed and Angela. Sometimes we tend to always want to walk the walk, but destiny steps in to let us know that not all of us are meant to follow the norm. In fact, sometimes we have to create and lead to allow others to step out the box. This threesome was able to successfully handle their relationship, like Brian and Jed said it's all about timing. This time it was meant for Angela to final decide the future she wanted and go after it instead of allowing her sister's memory and Brian and Jed's overprotection cloud her judgment. Thanks to her mother for finally stepping in to clear her mind.

Jodi Cain says

What a wonderful hot and inspiring book. Brian, Jed and Angie all needed happiness in their lives. What better way than with each other. This book is emotional and hot. I can't wait to read more books by this

author.

Sharon says

I am so glad that Cassandra Dee is back writing her MFM books and what a doozy it is. Brian is an attorney married to Hannah. Hannah is a spoiled, entitled wife who is cheating on her husband. Angie is Hannah's younger sister who is lusting after her brother in law. When unfortunate circumstances claim Hannah's life and Brian finds out about the affairs, along with the entire town, he starts to pursue Angie. However, there is a fly in the ointment....Jeb, Brian's law partner. Will Brian have to choose between the two? Can the three of them make a relationship work? This is a jam packed, flirty quick read full of steamy scenes that you want to grab and read. I cannot wait to see what this author has coming next.

I volunteered to read an arc for a review.

Quen Barlow says

I voluntarily read a arc copy. Just when you think Cassandra can't blow your mind anymore she does. This book is the best kind of dirty Jed and Brain are freaking amazing and hot as hell. Then when Angie joins them its even hotter you will love Brain and feels bad for him but Jed and Angie makes it all better. Angie is going through a lot but the one thing that will never change is her love for Brain. They all have to fight for their love and even make Brain see the truth. Will Brain get the love he wants are will he walk away.

"This girl was right for us....and I absolutely had to have more."

This is my first book from Cassandra Dee. It's about a virgin meets two hot alpha men.

This one is truly an erotic romance. All is about hot stuff.

At the beginning, I was excited because I sensed some forbidden romance going on, but it got lost in the middle, everything just about hot stuff.

Some hot scenes is pretty hot, but some makes me cringe (not in a good way), some of the details just too much for me, but if you're into hardcore I think you'll find this one is really hot.

It's hard to say this but it's pretty hard for me to enjoy it. I guess it's just not my cup of tea.

As for the story, the plot is good, but some hot scenes ruined it for me, I lost the excitement of the forbidden romance.

As for the characters. The two alpha men is really hot, although for Brian, I know he's a kind person, but I don't get it why he let himself become a doormat for his wife, he's an alpha but it's hard for him to make a decisions, I didn't get an Alpha from this man.

Jared is my fav character here, he's a real Alpha, he always do what he wants to do, doesn't care what everyone else think.

Angie, this girl is not my fav character, she's a virgin but she acts the opposite of that, she's okay with all of

that crazy wild hot stuff happening, one time she's like kitten in the heat and other time she's got breakdown for feeling like a bad girl.

If you like hardcore M/M/F romance, I think you'll like this one.

Lovinghotbooks1 says

Sinful and hot

This is a short and hot story with enough of a storyline to hold my interest and not be too boring.

It's dirty m/f, m/m, m/m/f and so on....

And you get 3 bonus stories so this a good bargain.

So if you're looking for hot and dirty that's easy to read this is it.

Julie says

MAY CONTAIN SPOILERS - I wish I didn't have to rate a book that I did not finish. The book is filthy and I could have totally gotten into it. I only read about 10% of the story & it was shocking! But I have so many books on my Kindle right now that I will have to bypass this book for something with a little meat on its bones.

Orange.Is.Happiness says

Sigh

I just can't y'all. Just a silly ass, poorly written book. Pencils should never be inserted into sexual situations. LITERALLY INSERTED. WTF.
