# Renegade Reject

Emily Minton , Dawn Martens

**Renegade Reject** Emily Minton , Dawn Martens

\* Special limited edition of *Renegade Reject* includes the novelette *Renegade Wedding*. Join Kidd and Jenna as they tie the knot in true biker fashion.

Daisy “Little Flower” Anderson has lived her entire life on the sidelines of the Renegade Sons MC. Her father is a member, and her mother a club whore turned old lady. Not wanting to follow their footsteps, she chose a different path; one that keeps her close to the biker family she loves, but out of the club.

Struggling to keep it together, she never thought she would have anything of her own, until she met Preach. He is everything she swore she didn't want in life. One night of passion leads to unexpected consequences, and she knows, now more than ever, it's time to move forward.

Garrett “Preach” Austin lived his life caught in his father's iron fist. He never thought he would want anything more than freedom from his past, until he met his “Little Flower”. She shows him there is more to life than pain.

Preach has a secret; one that forces him to choose between Daisy and his brothers. Even though he loves Daisy, the Renegade Sons are the only true family he has. He knows he can't have her, yet he can't let her go.

When Daisy moves on, Preach realizes what he's lost. Can he prove that he's the man for her, or is he too late?

## WARNING:

Renegade Reject contains adult situations some readers may find offensive. This is a raw and gritty story involving explicit sex, foul language, violence and drug use. Not intended for readers under 18.

# From Reader Review Renegade Reject for online ebook

✴kawehi.reviews says

*Renegade Reject* was just as hot and frustrating as book one, *Renegade Lady*.

You have your hot biker man and his innocent love interest, Garrett "Preach" Austin and his Daisy or "Little Flower": a love so pure, so innocent...well, started in humble beginnings that is for a MC book. Then one act of lust f\*#cks it all up leading to years apart and heartache.

Will these two find a way back to each other? Will Preacher sacrifice the only real family he's ever had? Will Daisy risk the heartache once more? Or will Preach and Daisy feel the pangs of hurt and rejection once again?

**My thoughts:** For those of you who loved *Renegade Lady* then you'll love this one as well. *Renegade Reject* has the same type of feeling as Kidd and Jenna "Ice"'s story really except there's no selling a girl to be another MC member's old lady, no raping, and no warring between MC clubs.

There is, however, CHEATING for those of you who find that as a hard limit. Normally, it is for me but I didn't find it as bad and kind of braced myself for something like that after book one and you could just tell by the way the story was unfolding.

You will hate two particular characters in this, you will want to bash Preach in the head for being such a douche and complete dumba\$\$, and you will get annoyed with Daisy from time to time but over all I think you will like this sequel in the Renegade Sons Series just as much as KiddxJenna's story.

For me though, there was one thing or acts towards that kind of left me feeling unsettled and unhappy. I mean, I did see this coming to them and will say that it was really justice served BUT I do not condone violent acts towards women no matter how much of a b#ch they are. I could see them: 1)being exiled out of town 2)get a slap or two 3)or even jail (for one in particular) but I think what happened in here was a bit much no matter the circumstances. But that's just my opinion really. I'm sure others will disagree and say that they got what they deserved.

In a positive light though, we do learn the back story of Daisy's grandmother, grandfather, and Uncle Holt triangle which was pretty interesting. And, we see Timber going to finally get bitten by the love bug!!

So...pack yourselves for a gritty, grueling, and steamy roller coaster!! This one is about to be riot!!

I hope that Reese's story is after Timber and then Chipper (hey, he needs a chance to love again), and would love a small novella or cameos of MakerxBrenda in the future books!! I was so happy for them to finally get their HEA!!

**All in all, a good, decent read that won't disappoint!**

*\*I received an ARC via the authors in exchange for an honest review. Thank you!!\**

## Stephanie\* says

DNF 67%

I loved the hero at first.....& then I hated him. Did a lot of skimming after the hatred started and just couldn't deal with his douchery any longer!!! I don't even think douchery is a word, but for some reason it fits.

Reread October 2018

#Unsafe #UnsafeAsFuck

=====

Realmente não sei o que dizer sobre este livro.

O herói é um sem vergonha que trai nossa heroína com várias mulheres e inclusive com a melhor amiga dela. Basta ele se embriagar que ele abre o zíper para qualquer vadia que estiver a disposição dele.

Tudo serve de desculpa para ele tratar mal nossa heroína que serve de capacho para ele durante todo o tempo.

Ela é uma tonta que aceita tudo.

A atitude dela me incomodou muito. Ela deveria namorar outros caras e seguir com a vida dela. Mesmo eles ficando juntos no final ela deveria ter curtido mais a vida em vez de ficar sofrendo por ele. Pelo menos ela não ficaria na seca enquanto ele se divertia com outras vadias.

A história é bem escrita e mesmo quando os personagens me irritaram muito eu segui adiante com a leitura e gostei de vários aspectos do livro.

Que merda é essa do cara ser um baita mulherengo e exigir exclusividade da namorada dele?

É difícil de engolir esta atitude dele. Mas nossa heroína é uma boba mesmo.

-----

Really don't know what to say about this book.

The hero is a dick who betrays our heroine with several women and even with her best friend.

All he has to do is get drunk that he opens the zipper to any bitch that is at his disposal.

All excuse for him to harass our heroine who serves as a doormat for him the whole time.

She's a fool that accepts everything.

Her attitude bothered me a lot. She should date other guys and move on with her life. Even they getting together at the end she should have enjoyed more life instead of suffering for him.

At least she wouldn't be high and dry while he had fun with other bitches.

The story is well-written and even when the characters pissed me off so much I followed through with reading and liked several aspects of the book.

What the fuck is this guy be such a womanizer and require exclusivity from his girlfriend?

It's hard to swallow this attitude. But our heroine is a fool.

She motions toward my dick. "I could always help you out, ya know. I wouldn't tell Daisy. I wouldn't tell anyone. It'd be our little secret."

A second later her lips wrap around my cock, and all thoughts of my girl fade away. My brothers are right. This bitch sucks dick like a pro.

I kiss her goodbye. It's been nearly three weeks since that night with Leah, and I still feel guilty every time I touch Daisy.

"She'll never understand anyway. You made her feel special and precious to you, and then you betrayed her in the worst way. Nothing you can say will change that."

I'm just stepping into the hallway when I see Preach walk out of his room. He's zipping up his pants with Leah sauntering behind him. She's got one of those 'cat that just ate the cream' looks plastered on her face.

"You know what? You're right. I don't know why the hell I ever wasted my time with you. You're nothing but a stupid bitch," he says before letting me go with a sharp jerk.

I just treated her worse than the lowest of club whores. What the fuck did I do!?

How the hell do you make up for stealing the woman you love's virginity? The answer comes to me in a flash. You don't. Slowly, I push off the ground and walk to my bike.

A nasty smile covers his face as his fists unclench and his arms go around her waist. Hand roaming down her body, he cups her ass. He has Leah bent over the bar and is pounding into her from behind like there is no tomorrow. Feeling my blood run cold, I ignore the warning signals going off in my head as I throw caution to the wind and stomp right toward them.

the same moan I heard last night when he was buried inside of me and finally loving me the way that I wanted him to all along.

But you don't need to go, because from now on, you are dead to me."

“Nope. I gave up on that idea when I saw him with Leah only a few hours after he left my bed. After I say what I got to say to him, I’m done. I’ll let him see his child anytime he wants, but there will be no him and me. After how he’s treated me, I’m over his ass.”

His head is laid back against the back of the couch, and a red-headed club whore is clinging to him, her hand on his jean covered cock, working his zipper.

I’m done wasting my tears on a man that does nothing but hurt me and destroy himself. “Don’t touch me,” I whisper,

“You’re lucky that Skittles keeps all these bitches up to date on STD tests and all the boys wear condoms, or you’d be the one going in for testing. I doubt you even know where your dick has been the last few years,”

Uncle Holt always tells me that you value the things you work for a lot more than the things that are given to you. He’s right, because I value you above all else.”

---

## **Cristina says**

Let me start off by saying I DID NOT FINISH THIS BOOK. I couldn't take all the cheating from the hero and the stupidity of the heroine. I stopped 2/3 into the book and went straight to the Epilogue.

So you can guess that I hated this book. There was not one character I liked. It was that bad.

Let's start with Garret, shall we?

He cheats on Daisy with her "best friend" Leah countless times. As if that's not all, Daisy continues to sleep with him. Even after knowing and witnessing Garret and Leah together. Eww.

**“You know what? You’re right. I don’t know why the hell I ever wasted my time with you. You’re nothing but a stupid bitch,” said by Garret to Daisy.**

I wouldn't recommend this book to anyone unless you enjoy a drunk, cheating hero and a stupid doormat heroine.

---

## **Jacqueline's Reads says**

**4.25 I LOVE DAISY Stars**

**IT's DAISY's STORY!!! YAY!!!**

Please note: I would call this kind of a companion piece to Renegade Lady, but in Daisy's POV. About 75% of the story is retold from the beginning of Renegade Lady.

I really liked Renegade Reject, but I guess I was kind of annoyed that most of the story retold Renegade Lady but from Daisy's POV. Not that we got a lot of Daisy's POV from the previous book, but there are chapters that are re-written, I kind of skimmed those. I did want to find out what happened between Preach and Daisy, you know how, how their relationship started and what happened to cause her to hate him so much, but it's bitter sweet, when I know what happens towards the end.

I wished the author fast forwarded a bit so I wasn't re-reading things, but that's me, I don't like to re-read from alternative POV's.

I still love Daisy, she's a great Heroine. She's this young innocent thing and very much a damsel in distress kind of girl. Daisy is Maker's daughter, who is a drunk and kind of not in Daisy's life. Daisy also has an abusive mom who is super jealous of Daisy. One day as Daisy comes home from work and she's attacked by men, but Preach is there to save her.

Preach is a character. He's a Hero you will love to hate. He does pretty horrible things that make it hard for you to forgive him. I have mixed feelings towards Preach because I don't find Heroes with addiction attractive. But I did find his attraction towards Daisy very entertaining.

Daisy and Preach are two people that just need to get their stuff together. Daisy is too worked up on Preach's past actions and Preach is just too messed up to clean himself up and be the man Daisy needs him to be. Preach is haunted by his past and can't get away from it.

I think what kept me involved with the book was Daisy's storyline. She's stuck in a hard place with not so great parents, she's poor and has a lover who treats her like crap but tells her he cares for her. It's kind of realistic (minus all the MC stuff) in a sense, a lot of girls deal with those kind of issues.

I have a special place in my heart for Daisy.

I think if you like the series, you will love this one. As much as I hate the alternative POV storyline, it was good and I liked it.

## Heather andrews says

I loved the times that Preacher was sweet, "yeah, babe, you will. When that time comes, you'll be on the back of my bike. Until then, no more kisses like that," I say before grabbing her hand. "Come on, Little Flower. I

need to get your a\*\* home." I mean you just don't try to come on to him when he's with his girl, "I'm just about to scratch her eyes out when Preach puts her in her place. "Do you not see me standing here with my woman in my arms? Are you effin' blind?" If there's one thing you need to know about Daisy is the fact the girl knows how to hold grudges, "oh, you didn't? That's rich, because I'm betting that you're still screwing around with her now, aren't you?" I watch guilt flash through his eyes before driving my point home. "Exactly." But when things are good between Preach and Daisy things are damn good, "reaching between us, I fumble with his button fly, trying desperately to get at his hard co\*\*. I'm starting to feel like a wanton sl\*\*, but I don't care. Preach is mine, and I want my man. Now." I mean Preach he sometimes just doesn't understand when a woman needs her man, and subtly: He stares at my wiggling legs. "What the eff, babe? Are you hurting or something?" So much for being vague, I lean forward and whisper into his ear. "I'm horny. I want, no I need you to get your a\*\* inside and eff me." I'm really excited about Timber's story.

---

## Wendy says

2,5 - 3 stars ...review to come.

There was a lot of cheating...normally I can get over shit like that, but it happend more than once and with the heroines best friend (well former best friend that is). He was such a fucking douchebag...sure he tried to redeem himself, but damn what an asshole.

I know Kidd from book 1 fucked around a lot, but at least he never ever cheated. He made some terrible mistakes, but it wasn't anywere naar as bad a what Preacher did. I can forgive cheating when there is some major groveling and when you can see the love between the hero and heroine. I didn't see that here. I mean he was fucking the bitch while the heroine was in the same room ..even after everything that happend and then he just kept doing it....asking the heroine, what her problem was ???

Douchebag !!! I liked Kidd (book 1). I fucking hated Preacher !

---

## Val Shameless ?? Steamy Reads ?? says

### 3 Stars

This was a quick, drama filled read and I enjoyed it...

HOWEVER.

There was just a *little* too much needless cheating on the part of the lead male character that I just thought was uncalled for, and frankly, unforgivable.

(This is not a spoiler by the way, this is made plainly evident in book one.)

Somehow the author managed to make him still likeable to me - a fucking unexplainable miracle, honestly, because this is typically a hard limit for me...although my tastes seem to be changing a lot recently - but still...just a little much in an already somewhat repetitive, disjointed MC drama.

Otherwise, I still liked it and will probably read the next one. Because I am a glutton for punishment.

---

### **axola says**

Who would take back a guy who cheats on her non-stop? A guy who drinks non stop, treats you like shit, making your first time a near rape? A DOORMAT.

I wouldn't call her the heroine. Using that word is an insult. She takes abuse from everyone to the point of making me want to slap her.

Her family and friends pushing her to forgive the "hero", made me want to puke.

So why don't I give it a 1 star? Because, I finished it. Even though i hated it, I kept reading. That says something about the author (I rather not think what it says about myself).

### **Glass says**

*Full review posted on May 20th, 2014*

#### **\*Fangirling scream\***

That was how I reacted when I saw review copy in my inbox. Younger sister failed to understand why I was so cheerful and hyped. Told me that I looked "like a fucking rainbow exploded in our living room" and ordered me to tone it down. My response - lovingly staring into my Kindle and ignoring everyone around me. Because Preach! Under my fingertips. Click, click and there it was - his story.

Back in March, pressed with dire need for something smutty with bastards I love to hate, I stumbled upon first Renegade Sons MC novel. I loved it more than I expected, so I got excited when I saw that Preach was next. Was it what I expected? Yes! Even more.

Renegade Reject is a typical biker romance - it has typical elements and storyline, you know what to expect. There is violence, name calling, don't even let me start with sex, feminists would have a blast with ripping it apart - male and female "roles", hierarchy, branding... If you start thinking too hard about it, you'll get mad, but if you accept it as it is - a modern fairy tale, you might find yourself glued to the pages of book at 4 in the morning.

Story about Daisy and Preach started really good. You get great character development, everything is actually explained and not portrayed solely as a cliché. One thing that I did mind was that some parts of the story were almost the same as in the previous novel. I hope that authors will decide to surprise us in the next one and give us completely different story.

Warning! There is a lot of drama. Nothing unexpected, but that last third of the novel was a little bit over the top. Again, if you accept Renegade Reject with all defining point of the genre, that won't be a big problem

for you.

Third book in the series, Renegade Angel is about Timber and Tabby and it should be published later this year. I can't wait!

Review from Way Too Hot Books

**If there are ARCs available, I want one copy as soon as possible!**

**Siti says**

[ He cheated over and over and over again. And not just with anyone but with the heroine's mom and her bestfriend too! (hide spoiler)]

---

**Kellie Maddox-Ward says**

I'm going to give you a number.. 742.. that's how many times I wanted to give a Preach a high five.

In the face.

With a Chair.

He infuriated me the whole way through, ok so not THE WHOLE WAY.. I did fall for him at the start Just like Dawn and Emily wanted me too. But then.. HELLO ASSHOLE!

I knew it was going to happen.. It was like a car accident waiting to happen. and it did.. and it still crushed my poor little heart as well as Daisy's.

I'm super happy that there is no 10,000 jump in years in this book (hehe ok so 6 I exaggerated!)

I felt it gave Daisy time to grow up.

She was an awesome character! Yes she was naive but damn she had character and back bone! Not as big as backbone as Ice but it was still there!

If you have seen the book trailer that goes with this book, you know what happens so I am just going to keep this really short and sweet.

I really liked this book. I hated HATED parts of it. Sex was great.. at times...

I liked growing along with the characters, whether it be our Hero Preach and heroine Daisy, or hanging out with Ice and Kidd and Maker etc. just the whole "family".

But I loved that unicorns and cupcakes became BFF's and gave me a rainbow Happy Ever After! Damn am I intrigued about the next book now!

---

## **A.C. Bextor says**

Let me preface my review by saying that although I loved book one, I loved book two with intensity. I'm a sucker for angst and complication – this book has that in spades!

\*\*\*Possible Spoilers\*\*\*

Coming from a family of dysfunction and violence, Preach is led on a path to find a new beginning - finding it with the Renegade MC. Once he reaches his place of acceptance and belonging - now enter a sweet, young, and caring, Daisy.

I love Daisy. She's the soft and sweet to Ice's hard and crazy. Their friendship is relived in book two. During the story, Daisy finds herself loving a man that can't love her back in the way she demands. Her personal growth throughout the book was evident, making you want to cheer her on as she struggles to find her inner strength.

Preach, throughout the book, was an idiot and at times I actually said out loud, to no one, "Whhhhaat? Nooooo!! Preach you're a dumbass." Seriously, idiot of epic proportions. My allegiance never left Daisy's corner.

Ultimately, though, he wins the reader over with his soft and tender love that he has only for her.

"I told you when we were at the Lords' compound that you were going to be claimed by a brother. I just didn't tell you that the brother would be me."

He loves her with intensity, this never wavered, even through his ridiculous and tormenting behavior.

"You're delicate, beautiful, and precious. Even if your name wasn't Daisy."

The antagonists, Leah and Lulu, hopefully find themselves in eternal hell for their attempts to jeopardize Preach and Daisy. I hated both and I'm looking forward to enjoying their eventual demise. (Fingers crossed)

This book truly has it all. Love, angst, anger, violence, and the concluding happily ever after.

## **Carol (StarAngel's Reviews) Allen says**

**Book** – Renegade Reject (Renegade Sons MC #2)

**Author** – Emily Minton & Dawn Martens

**Publication Date** – May 10, 2014

**Type** – No Cliffhanger Series

**Genre** – Romance

**Rating** – 4 out of 5 Stars

*Complimentary Copy provided by Author (Blog Tour) in exchange for an honest review.*

### **Review**

So, I was offered a chance to read this book and remembered all the controversy with the 1st book “Renegade Lady” and I jumped at the chance and lucky for me...I was also given a copy of the 1st one...now, I believed that I have read every possible MC book scenario out there...but you know what? This book was ‘off the wall’ fantastic and I couldn’t wait to get to the next page and then the next page but by the time I made it to the end...there was one important thought I was experiencing and that was.....MORE! I didn’t want it to end – I wanted more in the life of Daisy, Preach, Kidd, Ice, Skittles...

I think I have found a new MC series that I will be addicted to and praying for each new release!

### **Recap**

We met Daisy and Preach in the first book and knew that things were strained between the two of them. So now we get the inside scoop of why this is....Daisy has always been attracted to Preach and vice versa but things happen to break them apart and keep them struggling to continue with life without the love of their lives. As much as Preach keeps messing up with trying to get Daisy back, he just doesn’t learn that inside of his tough exterior, he is worthy of her. The more he tries to get Daisy out of his life...the more he battles with the feelings that won’t go away.

Daisy has her own problems she must deal with and Preach is at the top of them – he is constantly there every time she turns around and he continues to do and say things that tear her apart from the inside out.

When Preach finally hits rock bottom and knows the only way to get his Little Flower back is to grow up, clean up his act and show Daisy just how much she means to him....will he be able to be the man she needs?
