Sweet Tooth

Natasha L. Black

Sweet Tooth Natasha L. Black

He's the only thing sweeter than sin.

Once the love of my life but he couldn't give up his wild ways.

The closest thing to wicked in my life is the irresistible chocolate I sell in my shop.

Until my most delicious mistake comes back to town.

We were 18 when he crushed my heart.

Now, he wants me back, and he's all grown up.

I have a business to run, and a son to raise.

I don't have time for the one that got away.

Never mind that he's a millionaire now.

Never mind that he looks even more attractive with age.

Never mind that I remember the exact way he tastes...

Like heaven.

Like the road straight to hell.

He's relentless, romantic, everything I remembered and more.

I can't resist him.

He's the worst kind of temptation - but I almost believe it can work...

Until my son's father comes back and all hell breaks loose.

Laila Viking says

A well written story with nice storyline and plot. It is written in dual POV which gives the more of the thoughts and feelings of the main characters. Likeable characters with nice chemistry and passion. A second chance romance.

An alpha male going for his HEA but has a lot of trouble getting there. She has an ex who is the father of her son. But he wants her. They were high school sweethearts and he never forgot her and his love for her. Now he is going to fight to get her back.

I like the passion and chemistry. A mix of drama, love, alphas, exes, attraction, emotions and twists. I like the humor, heartwarming and writing style that kept me reading.

I like it has an epilogue to tell a bit about what happens next.

Patti says

Jess and Zane have passion, desire and unconditional love for each other even at their young age. You know forever love when you see it no matter how old the lovers are. However, they act and react in ways that drove my crazy - impetuous, emotional actions that result in hurt and sorrow. I can't give away the details because that takes away your initial responses to the story and for me they were powerful. This second chance romance has its bumps and at a couple of points along the way it's a bit choppy in its telling but, it is an intense and beautiful reunion of two people who are never far from each other's mind and heart.

I voluntarily reviewed an Advance Reader Copy of this book.

Barbara says

Jessica and Zane are high school sweethearts. She thinks he's messing with her at first so he has to put in some effort for her to believe he really wants to date her. Fast forward a few years and they're struggling to make ends meet. He thinks he's holding her back and after something happens he takes off. Fast forward more years and she's settled in to her life, building her business. He decides it's time to get her back because he's successful and she's single. You can imagine how that goes over at first. He again has to put in some effort to date her.

This was a sweet tale of mistakes and second chances. I was debating between 4 and 5 stars and would give it 4.5 stars if possible. I have voluntarily reviewed an advance reader copy.

Leanne Bryson says

I'm not always a fan of the old "I'm not good enough, so I'll leave", second chance storyline. In this case, it was an OK, fast paced read. Zane left Jessie when she needed him most, to make himself "worthy" of her. Seven years later, he's back without a word to her in-between. He certainly has his weaknesses, but Jessie,

after recovering from the show and heartbreak, has forged on with her dreams, made a success of being a shop owner, a single mom, and a strong independent woman. I liked her more than him. Al said, this was a good read.

I am voluntarily reviewing an Advance Reader Copy of this book.

Heidi says

This was a great second chance story. Zane and Jess were high school sweethearts and they loved each other unconditionally. When Zane ends up breaking Jess's heart, neither do well afterwards. Seven years have passed and Zane wants Jess back and does everything that he can to get her back. When they are together, you can see that they never stopped loving each other and their connection becomes even stronger. They have hot and smoldering chemistry. I just adored Jess's son. This was a sweet, loving story with some heat added in. I enjoyed this story and the characters.

Judy says

This a 2nd chance love story about Zane and Jess. They were high school sweethearts and Zane was the one to get Jess to date him. They fall in love and live together barely making ends meet. Both grew up without any good family life and formed a very close connection. Jess had a sweet tooth and Zane always made sure she had a special treat! One special night things end badly and Zane walks away believing he is not good enough for her and goes to make things better for him. Jess moves on heartbroken and never really feeling whole. Seven years later Jess is a single mom to a 4 year old boy Parker and trying to make a living making and selling her own chocolates! One unexpected days Zane comes to her store and wants to pick up where they left off. I loved that Jess makes him think about all he did to her and how it affected her. Working through their past they start a new relationship. Another past comes back, her ex and he wants nothing but to cause trouble for her. Zane has promised to keep them safe. Which past will get to Jess and Parker? This is a sweet tender loving story. I voluntarily reviewed an Advance Reader Copy of this book.

Maria says

Jessica and Zane met each other in school fell in love and made a promise to each other that they would get married and stay together forever. But after an accident Zane felt responsible and Jessica deserved better. Can he be a better man and can they find love again? Such a beautiful story. Such a strong love I was perfect it had it all, love laughter, tears and joy. I loved every single minute of it

Ree says

After a seven-year hiatus, two high-school sweethearts fight the pain of the past for the hope of a better future.

Zane left his high school sweetheart, determined that they would always find a way back to each other when

he was in a better place. Time moved faster than he would have liked, and the woman he's back for doesn't seem to want anything to do with him.

After picking up the pieces of her life after Zane disappeared with no warning, Jessica is concentrated on making a better life for herself & her son. Love, much less a second chance love is no way on her radar. Yet, her heart & body remember the good times she and Zane shared.

I liked this romance. It was very sweet and touching. There were also some fun moments, especially involving Jessica's son. I definitely recommend.

I voluntarily read & reviewed an ARC of this book.

Christy says

I voluntarily leaving a arc review for this book..

Well, he saved her in history class, kept asking her to go out with him, when they finally do dated, got in a accident, left her to defend for herself after she gets out of hospital, he wasn't around thinking that she was better off without him... Seven years passed and they see each other, she didn't want him in her life at first but she gave him a chance anyway... They do get back together and he proposed to her a year after they got together..

Spela says

This book is a second chance romance. About a couple that started dating in high school. But then they were stuck in a crappy apartment and with crappy jobs. They both wanted to succeed in their own field, but couldn't manage to while they were together.

Zane wasn't so strong and determined. When he left her it was his downfall.

But slowly he began to rise and be a better man - a man that Jessica could be proud of.

Jessica was always so quiet and shy. She wanted to have her own bakery and didn't know how to achieve it without attending a business school far away.

I love Parker and his naughty side, that all kids have to have. He makes the book better.

The book is interesting and worth reading.

Chasity Williams says

Great Second chance

Jessica and Zane fell in love in high school but then Zane left and broke her heart. Seven Years later Jessica is a single mom to her son Parker and has a chocolate business. Zane is a owner of a company. When Jessica seen Zane again in her chocolate shop she's shocked. Will Jessica listen to what Zane has to say? What Will Zane think about Parker? What Will happen when the daddy shows up? Will they get a HEA?

Nikki Malan says

Sweet Tooth by Natasha Black

Zane and Jessica were childhood sweethearts. They shared a bond but yet Zane always felt like he was never good enough for her. When an accident occurs Zane leaves Jessica to pick up her life and move on without him. Jessica was devastated when Zane left without a reason. She manages to move on and start her own business

Seven years later, Zane has made something of his life and is back to win her back. Will Jessica give her heart again or has too much damage been done. This was a sweet romance about young love and the insecurities one may feel. Overall an okay read for me. I just felt that Jessica should have made Zane grovel more.

Reviewed for Hot books and Sassy Girls book blog

Karina says

What a wonderfully sweet and at times emotional story. Jessica and Zane meet in high school and from the very beginning Zane is determined to win a date with Jessica. Three years later they are in love and making plans to love and make a life together. One fateful night changes everything. Zane believes Jess is better off without him until he gets his life together and is worthy of being with her. Problem is seven years later Jess has made a life for her and her son and it has taken Zane far longer than he expected to get to where he wants it to be. He has kept an eye on Jess from afar and now realizes the time is right to reenter her life. Jess has a hard time reconciling with the time that has past and why Zane felt he needed to leave. Neither can ignore the strong connection they still have. Zane is determined to win Jess's heart all over again along with her son. This is a very well written book and I enjoyed every part of it. the chemistry between Jess and Zane is so steamy. I loved how they were able to overcome everything and get the HEA they have always wanted.

I voluntarily reviewed an ARC of this book.

Luv 2 Read says

Cute and sweet, second chance romance.

It's love at first sight that ends when Jessica ends up in the hospital after a car accident almost takes her life.

Zane couldn't stand to be there cause of her pain. He thinks she deserves better.

She had a chance to go to college and makes something of herself but she doesn't want to leave him, so he makes the choice for her.

Seven years later, a son and a new business, in walks Zane and now that he has made something of himself he wants her back and will stop at nothing to get his way.

But when her ex walks back into her life, things get crazy.

Another great read, with good character development.

Kristi says

Jessica and Zane were high school sweethearts and committed to a future together until one fateful night changed everything. Zane made the decision to walk away until he could be the man Jessica deserved. Jessica was devastated by his abandonment and she struggled to move on. Now it's seven years later and he pops up out of nowhere. Will they get their second chance at love or is it too little too late? This is a sweet romance that will pull at your heart strings.
