## **The Forgotten Ones** Pittacus Lore

In this thrilling 144-page companion novella we learn the fate of Adam, the Mogadorian-turned-ally of the Garde who risked his life to save Sam.

Adam helped Sam Goode and his father, Malcolm, escape the Mogadorian base in Dulce, New Mexico. Using the Legacy that One bestowed upon him, Adam sacrificed himself and brought the entire facility crumbling down on his head.

Miraculously, Adam survives in one piece, and he also discovers something incredible that the Mogadorians had been hiding from the Garde. Separated from his allies, Adam sets out on a quest to find the one thing the Garde have been missing all these years, the very thing that could turn the tide in this war.

Again, the story was told in Adam's perspective. I don't know why but as I dwell deeper inside Adam's head, as I become more acquainted with his way of thinking and personality, I get more attached to him. He's quite an exceptional story. And his meeting with Rex makes me realize one vital thing about people. I enjoyed reading this novella immensely. It's short but enthralling and action packed. PS, I feel like it's a teaser of The Fall of Five

So happy that I picked this up right before the next book was released. Looking forward to getting into the story as it progresses. I am happy that we got more information and more of Adam, but I am disappointed that there aren't more chimera to rescue. I wanted Adam to find the chimera intact and unharmed. I get that the Mogs are awful, but there is so much destruction and death in the stories leading up to the between the numbers that I wanted something more positive than Adam finding and rescuing the survivors. I have to admit that I also had a hope that Rex would turn to the good so that we could see the Mogs being converted as a future possibility. Or that he was inhabited by one of the other deceased Loric.

This book is so awesome! The only one bad thing is that it is so short and ended so early!

I don't always write reviews on the novellas that I read, usually because they are so short. I loved most of the stories in the Lost Legacies series, but since so many of them were twenty pages or less I didn't think that writing a review made much sense, plus I usually read those out of order since I just think they are fun and don't put as much time and energy into making sure I read them in the correct order. Some people have said that they think the novellas are necessary to the storyline of the I Am Number Four Series, but as someone who has been reading them after the sequels are out, I can tell you that while they are not necessary, they are great additions to the story.

The Forgotten Ones, the sixth novella in the Lost Files set, follows the time in between the third and forth books. The Mogadorian base in Dulce has been destroyed by the traitor Adam and the Gaurde. This novella follows what Adam was doing between then and when he called Sam to warn him that the Mogs had discovered their hidden base. During those weeks, Adam (thought to be dead) had been running from his father and the others from his planet. That is, until he discovered that the Mogs were experimenting on Crimera. Risking his life, he travels to New York in the hopes of freeing the Crimera and uniting them with the Gaurde.

Ohmigod! Another cliffhanger! This was a teaser for The Fall of Five!!

*"Because I remember her."*

What?? That's it?? Ahhh can't get enough! I want more!! I'm sooo excited for The Fall of Five! I CAN'T WAIT!! ACCIO AUGUST!!

Seriously tho, Adamus Sutekh is one of my favorite characters. He's really amazing and everything about him is interesting.

### **SPOILER ALERT!!!!!!!!!!!!!!!!!!!!!!**

I knew it! I knew it! I KNEW IT! I once wrote a tumblr post telling my theories about The Fall of Five and The Forgotten Ones! So yeah, one of my theories was right! IT WAS THE CHIMAERA! ADAM FINALLY DISCOVERED THEM!

You can read *my theories* about the lorien legacies books on my tumblr: [little-miss-artemis.tumblr.com](http://little-miss-artemis.tumblr.com)

It's on I Am Number Four tag on my sidebar. Just check it out for more theories!

**THIS IS DEFINITELY MY FAVORITE SERIES!**

Another novella from Adam's point of view and I loved it. I love that there's one good Mogadorian out there fighting for the Lorien. Rex really surprised me by helping Adam rescue the chimaera, and I had high hopes that he would continue on with Rex and go help the Garde. Even though he stayed behind, maybe we'll get a surprise from Rex later on in the series. I'm furious that the Mogadorians have been experimenting on the chimaera, and it seems as though a couple are seriously hurt. At least Adam escaped with some of them and I'm sure they will be invaluable to the Garde. Hopefully the Mogadorians are not able to replicate the shape shifting gene. Great novella! Can't wait for The Fall of Five!

Este Lost file está increíble, no lo puedo superar.

Con cada Lost file en el que narra mi querido mog Adam, me hace enamorarme más de él.

Aunque extraño a Uno en el libro, y obvio que no soy la única -Adam siempre se está acordando de ella, piensa que es lo que le diría en las situaciones en las que él se encuentra, y la cita de vez en cuando- siento que su ausencia le está dando más fuerzas a Adam para que siga con su camino, puesto que aunque ella ya no se encuentre con él, es una motivación importante el pensar que a ella le agradaría y estaría orgullosa por lo que él está logrando.

La aparición de Rex me gustó bastante, y entiendo su punto de vista de las cosas, no lo culpo por ser como es, puesto que esa es la filosofía de vida que se le ha enseñado desde pequeño y es difícil cambiar todo en lo que siempre has creído de un día para otro.

Y bueno, lo único que ahora quiero es que salga luego "The fall of five" y obvio que aquí, Adam se encuentre con la Garde para que pueda luchar con ellos en contra de los mogs y poder llevarles lo que les tiene.

Oh Lore! You did it again! As the old adage goes.. "once you pop, you can't stop!" and now I just can't get enough! I'm super excited for the Fall of Five! I sooo love Adam! I can't wait to see him work with the other Garde! I also liked Rex.. he was a big help in saving the Chimaeras. I can't wait to see the Garde reunite with their Chimaeras! The Lost Files just keep getting better! This book is really in my heart! This is the best of all The Lost Files so far & I loved it from the first page to the last.

"New developments are yet to reveal themselves. Not all the information is in. No. Don't give up hope just yet. It's the last thing to go. When you have lost hope, you have lost everything." - Henri, I Am Number Four

This companion novella continues the story of Adamus the Mogadorian-turned-ally in his point of view. I love the fact that there is still one good Mogadorian out there.

This was definitely a teaser of the 4th book, The Fall of Five.

So hurry the eff up, August!

When I read The Fall of Five a few months ago, I had wondered how Adam, our favorite Mogadorian, managed to survive the events at the Dulce base and reach the Lorien under attack in Chicago. Well, The Forgotten Ones pretty much answered my question. Despite the novel's shortness, the events were really engaging and interesting. I liked seeing Adam again, on his quest to help the Lorien from the cruelty of his own people. It was quite exciting to see Adam's Legacies in action. I was also interested to know that he wasn't exactly alone when he escaped. Although Rex wasn't as changed a Mogadorian like Adam, it was quite nice of him to help out Adam as much as he could. I also liked reading about Dust; it's nice to know that another Chimaera survived apart from Bernie Kosar, and maybe even more. I was a little cut short with the ending of course, but I only have to look forward to The Revenge of Seven. :)

Esta es otra historia que sigue a Adamus Sentrakus.

De las 3 historias sobre Adam, esta es posiblemente la mejor de ellas, aunque parece un niño llorón, dado que es mogadoriano e hijo de uno de sus generales. Se pasa la mayor parte de los 3 libros quejándose, o diciendo que no es lo suficientemente bueno, o un debilucho, y que puede llegar a ser tedioso a veces.

This Forgotten Ones empieza en donde Adam acaba de dejar caer la base sobre su cabeza en un intento de aplastar a los mogadorianos para que Malcolm y Sam puedan escapar.

Se despierta en un cráter que causado por él mismo, en lo que queda de la base de Dulce, encuentra a otro Mog, Rex. Toma a Rex de 'prisoner' y escapa del cráter, volviendo a la torre de vigilancia derrumbada del libro anterior.

Aquí él y Rex descubren a una chimera, Dust, que también estaba atrapada en Dulce.

Los 2 descansan durante un corto período de tiempo, y mientras descansan, Adam se entera por Rex de que en realidad había docenas de quimeras en cautiverio, todas experimentadas. Y este es el resto de la historia: el intento de Adam de rescatar a las quimeras.

Es muy divertido, de ritmo rápido, tiene buen humor, y hay algunos enlaces de trama realmente buenos no solo para los Archivos Perdidos, sino también para los libros principales.

Los personajes de esta historia han sido mejores que algunos de los otros libros. Como dije antes, Adam es muy llorón, se queja constantemente, lo cual es algo molesto, El Mog Rex, aunque odia a los traidores y desprecia a Loriens, no puede decidir de qué lado está. Y los mogadorianos, supuestamente entrenados y habilidosos guerreros, siguen siendo asesinados por miles por personas como una chica de secundaria que no está capacitada, un traidor Mog que tiene miedo a las armas y la confrontación, 2 chicas que han vivido en un convenio toda su vida y no tienen entrenamiento, y no tiene Legados ofensivos... Me pregunto cómo se las arreglaron para llevar a Lorien en primer lugar.

This book cleared up a lot of things for me like how Adam got the Chimaera and how he knew how to find the Garde. I also liked reading about Adam's adventure with Rex by his side. I thought Rex was an interesting character that I never got around to disliking. I've enjoyed getting inside of Adam's head and reading about everything that he has gone through. Also I've come to love Adam. He is an amazing character with a unique story that I found most entertaining. I now can't wait to see what else he's going to do in United as One and am sad to see his story and point of view over.
