The Healers of Meligna Series Boxed Set K.J. Colt

A three novel digital boxed set containing over 300,000 words of page-turning, fantasy reading. There will be 5 books in total for the Healers of Meligna series.

Concealed Power

Adenine is blind and isolated in her small attic bedroom. Haunted by the recent deaths of her uncle and father, she is alone and afraid. Believing she is a carrier of the incurable Death Plague that ravished the lands twenty-five years ago, she never goes outside.

When her mother falls ill, Adenine begins to starve. Despite her terror of infecting others, she goes in search of the town's doctor. Friends are made, enemies are discovered and every secret unravels. Pursued by the country's exiled healers, Adenine's life now depends on who she trusts.

Blood Healing

Banished to the healer city of Meligna, fourteen year old Adenine must adapt to the strange customs and fickle personalities of its citizens. The Queens have but one goal: to create a perfect city. But when Adenine pulls at the loose threads that bind the city together, what she unravels shocks and angers her.

The populace is brainwashed and delusional. When Jemely, her loyal friend, becomes a victim, Adenine takes a stand against the Queens.

But Adenine has no power, and her strong ideals injure the few friends she has. When she stumbles upon the Queens' most shocking secret, she risks everything to save the lives of those she loves.

Blood Sacrifice

With the threat of the Queens' army increasing, only blood healing can save South Senya. Adenine continues her journey alone, encountering constant danger and tragic loss. Clutching at the strands of her sanity, Adenine barely makes it to Juxon City where the king proves untrustworthy and hostile.

The Queens quickly destroy all Adenine's hope for the kingdom of Senya. Under their rule, the people are doomed. She has allies, but they are too few to take back the city. The only one who can challenge the Queens is the emperor of Bivinia: a monster responsible for the deaths of hundreds of healers. She must convince him to invade Senya, replacing one evil for another.

Barbara Dunbar says

The healers of Meligna

Such an epic story with an adolescent heroine who is as flawed as she is courageous. Through her extreme tribulations she rises.

Lee Henney says

A thoroughly enjoyable read from the first page. The characters are sufficiently non-typical and well developed to hold your interest. Pacing is quick without sacrificing needed detail to make the story come alive.

Melissa Goodman says

Wow incredibly well written!

I finished this and had to immediately buy the fourth book. The story is amazing and so original. I fell in love with Adenine right away. I can't wait to read Forsaken Power.

Sarz says

I finished reading this trilogy, but I didn't bother buying the next in the series. The main character is, despite her psychological problems, a massive Mary Sue. It got very, very tedious that this damaged person was made to make every possible mistake in dealing with people in authority, and yet still managed to change the world etc etc etc. Boring, very boring.

Leah Speller says

This book was a rollercoaster of twists and turns and not just for the main characters either. I have been fully engrossed within this set that I didn't even realized when I transitioned from one to the next until it came to the end of the third book.

The main character does not seem to have much self respect yet has done an amazing amount of things. This aspect I hope she grows out of but then again you forget she is only 14 years of age.

Overall the author has created a world so different from any I have read before. The story arch is fresh. And

does not take the traditional path of so many that I have grown tired of ones that I feel other know of what I mean. I am even now itching to read the next book and know myself it I fon't do this I will be writing this and the 4th at the same time. (lol)

I hope this helps you decide you read and uncover another story and for me another author. En joy

Kristy says

These books have some serious issues within - sexual assault, self harm and mental illness. In saying that, while not for everyone, I really enjoyed these books. They give a very interesting perspective and are well written despite the heavy subjects that KJ Colt delves into.

At times I do fine Adenine to be quiet vexing, and irritating, oh so contrary and a bit contradictory. But over all she is a very well written character with many varying relationships - and I often forget she is a young 15-17yr old girl.

Yairy says

This book series is a compelling and delightful page turner from start to end. With a unique fantasy world, wonderful and realistic characters, plenty of adventure, risk taking and mystery, the story never has a dull moment.

The main character is incredibly well portrayed and her mistakes as well as her wise courageous actions make her truly lovable. She has an endearing personality, which combined with the amazing narrative makes each of these books a wonderful read for any epic fantasy lover. Be prepared to face pretty depressing situations and psychological aspects, I think that unique blend makes the books stand out even more.

BobA707 says

Summary: A peculiar book, a strange magic system with the healers persecuted despite the lealing or utterly corrupted by the power. Many things not to like in this book and I doubt I'll finish the series (which is left hanging at the end of book3)

Plotline: The plot lurches from one peculiarity to another, it didn't feel coherent

Premise: Interesting premise, cruelly brilliant

Writing: Descriptive, leads the reader on, simple

Ending: More to come ... empress?

Pace: Never a dull moment!
