Besar a un completo extraño en un asalto a un tren no era algo que ella hubiera planeado hacer, pero cuando el hombre enmascarado la tomó y la besó, ella le regresó el beso antes de poder detenerse.

Al conocer a su futuro esposo, descubrió que él era el asaltante de tren que la había besado. Se quedó totalmente sorprendida y deseaba descubrir todos sus secretos.

Samuel tenía más que uno. Al poder transformarse en caballo y siendo un hombre rico que no tenía necesidad de robar trenes, lo hacía para poder darle algo a los pobres.

Cielos, era tan dotado como un caballo...

¿Podría Jane manejar todos sus secretos, incluyendo que podía transformarse en caballo? ¿O sería ese un secreto demasiado complicado?"

Historia corta y entretenida; se lee en media hora.  
Perfecta para desconectar del mundo un ratito.

#### **Pretty Horse**

An ARC was given to me for an honest review. She's a mail order bride and doesn't know what she's gotten into. He's a bank robber who can shift into a stallion. She's going to learn many interesting things about her new husband. It's a quick read. Enjoy I did.

#### 4.5 rating round-up

A series of small stories, about 20+, some paranormal, a few dark stories. All enjoyable, some stories made me smile or even laugh. Essentially you are getting more than you paid for. A good variety, especially when you want to curl up under a blanket at night and read. Beautiful array of dragon, horse, jaguar, psychics and more for reads. Grab that hot cocoa and enjoy.

The reason for the roundup was it made me laugh, had a few dark romance included as well as a few elements of danger, love, surprises and 'trouble' with a capital T. Really did enjoy the book.

### **Sabrina (Soter) Sally says**

Questo romanzo mi ha decisamente ingannato XD Infatti credevo fosse un'unica storia su questa fantomatica coppia stallone mutaforma/sposa per corrispondenza...ed invece salta fuori che in quel centinaio di pagine ci sono tanti mini racconti (di tipo venti pagine l'uno D;) tra cui due f/f!! D: Ora, che sia chiaro, io non ho niente contro il genere ma personalmente non mi ha mai ispirata ed infatti ho dato una lettura rapida al primo e non mi è piaciuto affatto tanto che il secondo l'ho praticamente zompatto ^^" Sarebbe stato molto diverso il discorso se fossero stati due racconti m/m XD Comunque le due storie f/m sono carine anche se molto superficiali e frettolose (del tipo: "volevo dirti che sono un cavallo, moglie mia!" Ah sì? figata!" XD)

#### **Horses!**

A fun, short read. Explanations are given for certain situations, but they seem rushed. Jane and Samuel have

an instant connection and are made for each other.

#### Review con SPOILERS

La única sorpresa en éste relato es saber que él es un cambiaformas (luego se entiende y tiene gracia el título). La sucesión de eventos posteriores son predecibles, la reacción de ella al saberlo no es inverosímil y no nos transmite nada.

#### **I love it!**

A short and sweet paranormal romance to indulge in. A bit too short because it leaves me wanting to know more . But still, I really enjoyed this and hope to read more of Sammy and Jane. Very good.

### **Kristi Cramer says**

I was given this book in exchange for an honest review. I did not read all the "books" that came along with it.

My rating is really more like 1.5 stars. I think the author could have something good if she slowed down and took the time to really develop her idea(s), and focused on quality rather than (apparently) quantity.

**(eta, I just learned that this front-loading of all these "bonus books" is a way to game the Kindle Unlimited system. You click on the link in the front that takes you to the title story in the back, and the publisher gets paid as though you read the whole thing. This is unethical and is both skewing the KU system, and drowning the catalog in barely readable dreck that robs genuine authors of visibility, and frustrates readers who have to swim through the junk to find the gems. I am leaving my impression of the story, but my advice to readers is to save your time and definitely your money.)**

It was a cute idea, and the characters were endearing in a cardboard cutout sort of way, but the execution fell way short. Like the story. It was too short to have much character development, and the plot left miles of room for expansion.

Technically it was fine, but it read like a teenager wrote it. Lots of telling rather than showing. While this was supposed to be a historical PNR, the characters were using words like "freaking out", and other language that felt far too contemporary.

I may be missing out by not reading the other stories, but I'm going on the assumption that the author is highlighting the best work as the title piece. Her work shows imagination, but based on the title story, her writing needs to mature a lot.

#### **"Save a horse ride a cowboy or in this case a stallion shifter"**

The storyline is unique and stunning. The characters are awesome.

Jane is a mail order bride. Her father had died and to help her family she applied to become a rich mans bride. While she is traveling to her new husband by train the train is robbed. One of the robbers kissed her before they fled. When she looks out the window she spots a stallion running along side the train. Samuel is a stallion shifter he is waiting for his mail order bride. He wonders if she can handle his secrets.

You will so love this sweet, touching and charming Romance!.

It is a must read book!.

### **Helen says**

This is quite a collection of stories, there are 20. Some are excellent some are very good and they were all worth reading. I am not sure what I expected when I purchased this book, but I am glad I did. The stories are very diverse.

He leido cosas raras en mi vida...

De hecho, admito que me encanta lo raro (aguante lo paranormal!!)... pero este libro, definitivamente, está completamente fuera de onda...

### **A??ela W. says**

When I got this book I didn't know that the book came with 20 short stories I got it because I was interested in the horse shifter story. Jane McGill became a mail order bride to help her family her father died an accident and her mother and sister's are poor and because she is the oldest she agreed to marry a man that she has never seen before. Samuel Kane is a rich horse shifter who is also a train robber he robs train to give the money to the poor. This was a short quick read that I liked and wished that it was longer. This book also comes with 20 short stories from the author and while I didn't read but the one story I have read this authors work before. This story had a few typos nothing major. Overall I liked reading about the horse shifter and I wish I could find more stories about them this is only my second one.

#### **Buena para pasar un rato agradable delectura**

Muy buenas las primeras dos historias la tercera no tiene nada de paranormal eso sí tiene su toque romántico aunque es muy confusa tanto en la narración como en los diálogos pero aún así no lo quito mérito Felicidades a la autora de esta obra .

This was a promotion freebie on Amazon. It includes 27 stories in total.

My ratings:

***Mated by the Stallion*** - 2.5 stars

Jane is a Mail Order Bride. On the way to her new husband her train gets robbed and she got kissed by one of the robbers. Which turns out to be her husband-to-be. But that's not the only secret he hides...

I've read a lot of historicals as a teenager. So much, nowadays I'm not very thrilled to read them. What drew me in was the horse shifter thingy.

The writing was simple. I would have liked to get a bit more details about the world of the horse shifters.

All in all it's a nice quick story (about 50 pages). But nothing to write home about.

### **Bárbara Vitória says**

É um livro simples, subjetivamente bom, mas o enredo de um ser *shifter* (*metamorfo*) foi muito mal trabalhado na história, que tornou-se rápida demais e um pouco massante. Eu gostei, mas poderia ter sido muito, mas muito melhor. No entanto a autora mesmo tendo deixado a desejar soube me prender ao longo da história pois adoro esse tipo de enredo e ela soube ousar, mesmo (novamente o falando) que tenha sido falho e vago em alguns pontos que melhorando deixariam tudo melhor.
