Bad Yeti Carrie Harris

Set in the world of BAD TASTE IN BOYS and BAD HAIR DAY, this original digital story is the perfect introduction into the funny high school world of CARRIE HARRIS, where humor meets horror (and sometimes zombies, werewolves, yetis, and yes, even unicorns).

Jonah Grable hasn't minded living in the shadow of his older, zombie fighting sister Kate, but this weekend he's definitely raising his profile. A weekend of epic epicness—waving swords and flirting with girls in elf ears at his LARP club event—is totally up Jonah's alley. But when his alter ego, Sir Talatien Maguirier, Nightdark Clanlord, comes face to face with a real, live Yeti, Jonah—or, rather, Tal—has to take matters into his own hands. So he sets off with gamer goddess Lady Amethyst, brown-eyed Europa, and Calamity, a braid-wearing barbarian in fur into the great unknown on a search for yeti-related awesomeness. . . .

Kimberly says

I'd like to start off by saying, before this book I did not truly understand what the term, "LOL". If you haven't ever lol'd when reading something, you will when you read this book.

This was a light, easy, fun read. It was short, so you could bring it with you anywhere, but it was funny. So, unless you want people to give you a Are-You-Insane look when you randomly burst out laughing, I wouldn't suggest taking this to a public place.

We finally, finally get to learn more about Jonah Grable. Jonah, just like Kate, was hilarious (I don't think Carrie is capable of writing a character that isn't hilarious. Props for that.) She totally captured the perfect fifteen-year-old guy, in a totally relatable way.

Oddly, Amethyst, Europa, and Calamity totally reminded me of my sisters and I when we were growing up. It was really funny to see some of the things they did that had me thinking, "Yup. Done that before."

Like always, Carrie delivers a very realistic setting for her books. She describes everything very nicely, without boring you to hysterical tears. You can easily picture the people, the place and everything that it is happening while keeping you on the edge of your seat.

When I first heard that her first book, BAD TASTE IN BOYS, was about zombies, I totally did the whole, "::Scoff:: That is so LAME" thing. Read the book. Eating my words. It never ceases to amaze me how Carrie can take some of the lamest things, and turn them into the most awesome things ever. It's a skill, for sure!

Over all, it was awesome. A total 11 on the Awesome Scale of 1 to 10 (Or as Carrie would say, an Eleventy-Seven!) Buy this book if are in a bad mood or if you live on planet Earth. You won't regret it. Trust me.

And Jonah? You're right. Girl's really do like the hero. ;)

Sarah says

Cute quick story, nothing special

Tabs says

To be honest this story wasn't really my cup of tea. Was well written but just not my kind of story.

Valerie says

Yeti Master

Wow, Jonah, Aka Sir Tal is a bad ass. At his game players camp a Yeti drops in. Jonah and the girls decide to go where it leads them. It turns out not to be a good place.

This was a fun, exciting little story. Jonah is so brave for some of the stuff he has been through. He's a hero! I loved this book!

Kimm says

This was a cute little side trip into Jonah's life after zombiehood (zombiedom?). It was fanciful, fun, and as expected funny. I was happy to revisit Ms. Harris' world again, for a bit of lighthearted adventure. I find that the characters are strangely reminiscent of Scooby-Doo, except those meddling kids find out the monsters are real!

Veronica Morfi says

Rating: 4/5

This short story centers around Jonah, Kate's little brother. Jonah is about to venture into the LARP world. This is Live Action Role Playing, where people dress in real life as game or book characters and role play, cosplay comes to my mind everytime I hear about LARP. Anyway, during his LARP camp trip he sees a Yeti, actually the Yeti lands on his tent. With the help of three girls that he kind of has feeling for he will follow the Yeti and uncover a whole operation of creating and selling mythological creatures.

This story was very entertaining. I used to be a gamer, still am sometimes. But the whole LARPing thing seems so awesome to me, I wish there was something like that when I was a kid. Jonah is such a great main character. He is a true teenage boy. He likes every girl around him and he tries to act like the leader even when it's obvious he is far from it. We didn't get to see much of him on Bad Taste in Boys, but now we saw how adorable he really is. But also it made me realise how glad I am I don't have a little brother, it'd be a pain.

Carrie says

Yeah, I read this. Well, first I wrote it, and then I wondered what might be wrong with me, and then I read it and decided I might as well embrace the insanity.

Olivia says

6/10 for slightly entertaining parody worthy extremely dry humour.

Jessica says

I love Jonah. [3

Lonnie says

Ennis finally got Overdrive (I've missed having it this last year!) and this was the first ebook I downloaded last night. It was just a short little novella that took an hour to read, but it was fun :-)

Midu Hadi says

This was a short story that I read so I could say I'd completed the series. A boy rescues magical creatures from a mad scientist...

Rebecca says

As much as I love Kate Grable and her zombie (and possibly werewolf) fighting ways, I adore her younger brother, Jonah. He's just the right mix of enthusiasm and geeky charm, and he (rightfully) gets his own novella in BAD YETI to explore that mixture. As chivalrous - and perhaps as bold - as his alter ego, Sir Talatien Maguirier, Jonah/Tal discovers creatures that his sister would never believe in, and tries to help them in whatever way he can. It's a lighthearted romp through a list of awesome mythological creatures, and the adorable, hormone-struck boy that encounters them.

Louisa says

Great short story, Jonah really makes the right decision, to have the creatures go off into the woods, so no one beyond crazy-dude and the buyers really know about them, so they were safe. Yep. Good book!

April Dawn says**Disappointed Damsel**

I had to wait for this book to be purchased at my library; the wait was not worth it. I really liked the first two books, I thought they were funny, energetic, and really imaginative . But this little novella was very disappointing. It's from the brothers point of view instead of the sisters and very short with not even a realistic quality at all. There wasn't even really time to sort out a plot and there wasn't a real ending because you don't know what happens to the creatures or the bad people. This belongs on a child's shelf not with the other two books. Bring back Kate.

melissa says

Neat little novella that follows Kate's brother, Jonah, as he goes away for a LARP weekend and finds new beasties.
