Billionaire: Part 2

Juliette Jones

Billionaire: Part 2 Juliette Jones

Lila's new boss, the rich, powerful CEO of Wolfe Enterprises, also happens to be her intensely obsessive new lover. Which works just fine for Lila. He's hot beyond belief, and so erotically skilled that Lila has no desire to leave his bed. Because of her past, it's only natural that Lila would be attracted to such a pinnacle of stability. But as emotion and lust entwine, she begins to question whether she's falling too fast and much too hard ...

Alexander Wolfe is addicted. He's suffering from a desire so profound, he's powerless to deny his new lover anything she asks of him. The mere touch of her cool fingertips is enough to drive him to the brink. And there's much more to it than that. Lila's vulnerability, combined with her nubile body and voracious new appetites, only succeed in ensnaring Alexander past the point of no return.

*BILLIONAIRE is a serialized eBook and was originally published as a series of chapters.

J. says

I was a bit irritated with the abrupt ending on this one...(hence the 3 stars). Ending a book right in the mist of a hot scene?! Helllooooooo! Like who does that? I felt totally lost at sea...I also just discovered that this series is going to be much longer than I initially expected...Another bummer! However...I'm gonna stick it out until the bitter end like I always do. I'm such a glutton for punishment...

Raj says

4 stars!

If you've read Part 1, please don't stop reading!! It just keeps getting better! so if it keeps getting better why 4 stars? well, the love scene in part 1 was that great so I gave it 5 stars!!!

This part is more on Inner Dialogues, and it's pretty long but don't worry, you won't get bored and that was kind of shocking coz a 3 page Inner Dialogue would make me want to drop a novel but this one, well, it was totally written well and i love the character's inner thoughts so there's no way in hell for me to get bored.

'And I, Alexander Wolfe, billionaire CEO, was addicted. That's all there was to it. When she'd threatened to leave, go back to her apartment for the night to see her friends and change her clothes, I'd felt a spearing jab of panic.'

"Let her go, clear your mind. You'll see her on Monday, I'd told myself, knowing I'd do no such thing. What if she disappears? What if you can't find her? What if another man takes her and keeps her for himself?"

Gawwwd! that just totally made me go gaga and melted like a bitch!! totally reminds me of the love of my life, Mr. Jesse Ward!!!

I read novels every single day and I've read a lot with pretty interesting and unique stories, but I sometimes ended up tossing them or I do a fast-read just to finish the book. Others might just pass this novel and say 'the plot ain't that new, or not that interesting or i'm sick of the billionaire shit' but you should totally give this a try. I've read a lot of love scenes, well usually the books that I read contains love scenes and sometimes I end up just skipping those part, not because it ain't hot, but it's because of the writing style. Speaking of the writing style, in this book? the W.Style is just amazing! The love scenes were described? wonderfully, I could totally feel what the characters feel and I totally got attached to the characters.

A novel doesn't need a complicated story or a unique plot to be that interesting, it totally just depends on the writers ability to get you hooked! And I totally got hooked!!

seton says

Summary of Part 2 (28 pages):

The Day after Part 1.

H (After they boinked 6 times. She was a virgin, natch!): "Hey, are you on the pill?"

h: "Nope."

H: "That's okay. Let's boink some more!"

To be continued in Parts 3, 4, 5, 6, 7

Melody Goeken says

I enjoyed much about this book, loved Lila and Alexander and how much their childhood shaped their adult lives. I loved watching them share their fears and past horror that they had never been able to fully share with anyone before.

SPOILER ALERT

Several parts of the book were uncomfortable for me to read and witness. I had a difficult time understanding how someone like Lila, so innocent and traumatized about sex would allow the scene at the card table to play out. It seemed way out of character for Lila to go that far, and I was shocked (disappointed) that Alexander allowed his friends to see and touch what he claimed was "his" without killing one of them. At that point I lost much respect for him. He was to be her protector and her safe harbor and yet he allowed her to be violated. The second scene was the two women in Paris with the whole "massage" scenario. Again, I thought it seemed out of place given the relationship they had built, and when she would question him and look for his reaction, he continued to encourage her to participate. Again, I did not like that they had allowed others into their world, and that both seemed to be perfectly fine with doing so.

I read entire book last evening and this morning these passages are still bothering me, I want to rewrite them and make Alexander into the hero that would protect her from anyone touching her and invading the love they have for each other, that is why I rated the book with 4 stars instead of 5.

I received a complimentary copy of this book prior publication. All opinions are my own.

Kathy says

Wow, this is one hot and steamy series. Besides that it has an interesting story and it always leaves you wanting more cause you cant really tell whats coming next and I love that. Totally recommend.

Christina says

The virgin bombshell sex fiend, sigh. I also hate the part 1, part 2... thing. I am great with series, but this one book in may parts thing annoys me.

The Book Junkie Reads . . . says

Sparks build a fire that need not a lot of fuel to keep it going. Lila & Alexander have more in common than what is on the surface. Part 2 builds on part one making things improve as we go along. AS they should. . .

3 Nutella Jars

I'm not gonna lie but I think the story might just get better(fingers crossed).It kicks off with both our hero and heroine in bed (Shocking) and again things move really fast like , come visit my brother , let me buy you close and take them to MY Place, meets brother and that's mostly itbut the brother has a story so that's a plus point ,you get little glimpses of what had happened. On that note my only concern was that the heroines side of the story is excruciatingly detailed and I might have skimmed through her parts .Other then that the hero's pov at the end was a treat and that's that

A says

This is an enjoyable afternooner, not too heavy. I read this while waiting for a bus. The only drawback I have is when author's divide up a whole book and the reader has to purchase them separately.

Patricia says

The story continues!! The sparks are still flying. The chemistry is still so HOT!!! Ready for the next part.

Gloria Herrera for As You Wish Reviews says

This review is for the complete series of Billionaire.

Explosive, raw, lustful, erotic and emotional are but a few words that come to mind when reviewing this book. The combination of Lila Carmichael and Alexander Wolfe is highly combustible from the moment he

begins to interview her for the job of his assistant.

This is erotica with a great plot line. These two characters literally cannot keep their hands from each other. Some of the scenes are so hot you will think your house is on fire.

They both appear to be as far apart in the social class as is possible. Yet, when they start sharing their secrets, they find they are more alike than they originally thought. They both come from disrupted childhoods where abuse, fear, hunger and finally escape is a reality. They each worked hard to remake their lives and build a future they would be proud of. They are kindred spirits, communicating through their bodies and building a connection that goes deeper than their lust for each other.

Definitely recommended... look for my review of Honey Girl the sequel to this story. This story just gets better and better. The sex is still hot, but the plot line just blossoms into a more gripping story yet.

PJ says

Same review as Pt 1:

Now the job interview is over, let the loving begin! And does it ever, all SEVEN times! Holy Fuck, and i do mean that! How is she not chuffed! Or maybe she is and that's the raunchy part. It's still pretty HOT, but it needs to stay believable, you know? And that many times, seems far-fetched. Anyway, as I said in my review for Pt. 1 these lust stories are hard to sustain once the couple gets down to everyday living. If it's plain vanilla sex, then there's not much the author can do to keep the sex exciting. Not sure if I'll read beyond this. But, I do recommend reading Pt. 1 & 2 as an erotic short story. Then you can decide if you want to continue.

Added: I read the descriptions of Pt. 3, 4, 5 & 6 and they sound okay--except the sharing bit. My rule is usually to not start a series that isn't complete. So, maybe I'll wait for this one to end before I continue.

Stefanie says

Onto the next book

Kathy Chung says

better than part 1

A??ela W. says

This was an ok read that I felt it was too short.
