Code of the Mountain Man

William W. Johnstone

Code of the Mountain Man William W. Johnstone

Lee Slater and his gang of lowlife desperadoes didn't know that Smoke Jensen had given up his gunslinger status to become a family man. Stirring up a motherlode of trouble was their first mistake. Shooting Smoke's wife Sally was their second. Chances are, they're not going to live to make a third.

John Simko says

You don't mess with family.

Once you get Smoke Jensen mad you had better be ready to pay the piper. Smoke goes on a hunting trip for the men who shot up Big Rock and then made the worse mistake of all. They shot his wife!!!!

Mike Capanda says

Same story line as the others the bad guys r out to get smoke ! But there is just something about johnstones writing style that keeps you wrapped in the story ! I loved it

Brian says

Pretty good western. The main character, Smoke Jensen is the last mountain man while the west is changing and becoming more 'civilized'. What I like about the Smoke Jensen books is the way that he is so invincible! This is the second book I've read about Smoke Jensen. I listened to this on Audio CD and I would recommend it to anyone. It had aobut 20 different voices and was really fun to listen too. The thing that I really liked about this book was that it had a lot of comedy in it. Fun read.

Timothy Boyd says

Very good western series. The story of Smoke Jensen, trained by the last of the mountain men as a boy. If you like men's adventure and westerns then you will enjoy the series. Recommended

Dennis F. Hyde says

Code of the Mountain Man

William W. Johnstone is a superb story teller. Nobody does western as well. Every page full of excitement and suspenseful anticipation. You will not be disappointed in this exciting novel. I highly recommend this book to all you western fans. So, "Giddy Up."

Steve says

So far my favorite of the last mountain man series. Of them all so far this one as a stand alone would make

an amazing movie.

Rob Smith says

After a number of poorly constructed tales by the Johnstone Clan I finally ride up to a good one that revs up and has me flying through the pages. This is one of the best of the first six Smoke Jensen books I've read so far.

The best part of this book is that it's NOT about still another town taken over by bad guys and Smoke Jensen goes about extracting them. The story is the most involved of the series so far. There are a number of levels to the story and there are elements introduced that are likely not expected.

The first chapters of the book have an element of character's faith that is heavily used. Odd that the other 10+ Johnstone Clan books I've read do not have any where near as much references to the Christian bible. It's only the first chapters of this book and doesn't come up again. Wonder if someone else wrote the first chapters?

A real downside to the book is the massive amount of dead bodies. I'm not complaining about the body. It's just that a story can bogged down as much by incessant action as the lack of it. Matthew Reilly being the worse case of replacing story with action. This had me knock a star off.

Overall, the book is exciting and much fun to read.

Bottom line: I recommend the book.

Shirl says

Over the past four months I have been reading the Mountain Man series by William W. Johnstone. They are a throwback to the old west and come complete with rugged turrain, outlaws, Indians, and heroes. I enjoyed these books for the simple reason that I feel transported back to a simpler time when right was right, wrong was wrong, and there wasn't nearly so much gray. The reader gets to learn alot about what it was like for the men and women who broke open the territory but especially we get to cheer on an old fashioned hero or two. You will enjoy this trip back to the mid 1800's and you'll willingly cheer for the good guys who are interesting and funny characters, and hate the villains. Enjoy!

Jerry Blackerby says

This was one of the older Johnstone books, which I had not read. Typical Johnstone. I loved it, as I have almost all of his books.

Aaron Moats says

cheesy but fun

Ken White says

Code of the Mountain Man

One of the best books by William W. Johnstone that I have read. This book keep my interest from the first page to the last page. This book has a lot of action in it. If you like a western book with a lot of action this is the one for you to read.

larry brashear says

Excellent!

Another great book by this wonderful writer. In the very near future I will have read all of his books.

Peggy Barnett says

Wow

There is enough action in this one to keep anyone reading until the end . As always the writing and flow is green.
