El Baile Del Multimillonario Melody Anne , Mónica Ocaña (Translator)

Joseph Anderson ha decidido que ya es hora de que sus tres exitosos hijos encuentren novias. Joseph quiere nietos para llenar su mansión, y los quiere de inmediato. Tuvo éxito en la búsqueda de una pareja para su hijo mayor, y en este libro, sus artimañas juntan a Alex y a Jessica.

Alex es el segundo hijo de una exitosa y amorosa familia. Es un soltero empedernido, al que le encanta viajar por todo el mundo y salir con tantas mujeres como sea posible. Hasta que conoce a Jessica Sanders. Una noche con ella hace que empiece a cambiar su opinión sobre la soltería y a pensar que la vida de casado es el nuevo rumbo que ha de tomar.

Jessica proviene de una familia rica, y ha estado con demasiados hombres guapos que se han aprovechado de ella. Cuando conoce al soltero empedernido, y reconocido playboy, Alex Anderson, desconfía de su forma de ligar con ella, y trata de evitarlo a toda costa. Hasta que terminan atrapados en un ascensor, y su miedo a la oscuridad y a los espacios reducidos es aún mayor que su miedo del hombre con el que está atrapado.

Este es el segundo libro de la serie. Asegúrate de leer la historia de Lucas, "El Multimillonario Gana el Juego." Ya disponible.

Nicole says

This book was too reminding of the book before it. It had the same storyline and similar events but still so intriguing because of the twist at the end that no one saw coming.. Jessica falls pregnant much too soon and keeps the baby away from Alex. But when Alex finds out, he wants to be a part of his sons life and so weds Jessica. Of course, Jessica declines because she wants to be in a marriage full of love but realizes she cant win this battle. So they wed and within a year, Jessica finds herself falling for Alex and Alex the same. However, Alex is better at controlling his feelings. When Jessica confesses her love to him, he backs away and shuts Jessica out, resulting in her giving him an ultimatum. Jessica ends up leaving and driving away but her vision becomes blurred from her tears and she has an accident, where she falls into a coma. Alex realizes he loves her and they have a second child together. It's a romantic tale of holding back love and every page holds more secrets than the one before, helping readers put the pieces of the puzzle together until they finish it.

Review: The Billionaire's Dance by Melody Anne

3 STARS

This is the second book in Billionaire Bachelors series. I really liked the extended family in this series of books.

Joseph Anderson is retired and wants lots of grandkids to play with. Having good luck getting his older son Lukas married he is ready to set his son Alex up. He arranged that they meet at a fundraiser his family held at the Fairmont hotel.

Jessica Sanders wanted to visit the Fairmont hotel so she was glad to go to the fundraiser for National Center for Missing & Exploited Children. Jessica danced with Alex when he asked. Alex wanted to be alone with her and she declined. Later they were in the elevator by themselves when the power went out. Jessica is afraid of the dark and was sitting on Alex's lap for awhile and they ended up having sex in the elevator in the dark. After the elevator was moving again Jessica got out and away from Alex without saying anything.

A year later Joseph figured out that Alex was a father of Jessica three month old son.

Alex was angry that Jessica did not let him know that he was a father and missed out on his first three months. They got married and Then the work of figuring out thier lives as a family took place.

I got the book free from amazon.

Terri says

Melody Anne's romance, "The Billionaire's Dance", was such a delight to read. There isn't anything more that I love than unwinding at the end of my day with one of her romance books. She makes me fall in love with her characters, and her leading men and women are sizzling hot. When Joseph, the father of Alex, decides that it's time for his son to settle down and give him grandchildren, Jessica couldn't be a more perfect candidate. Full of flirtation and a great plot, this book easily takes the reader to a wonderful place. I love Jessica, as she is a new mother and none of that reality is skipped over. If I dared to take my Kindle into a hot tub, I'd surely do so.

Phillipe Jenkins says

Sadly Disappointed

After reading book one in this series, I was intrigued and ready to read book two. Sadly, I was in for a major disappointment. The plot was literally a carbon copy of the first. It was almost as if the author took the first novel, deleted Lucas and Amy's names from the plot, and substituted it with Jessica and Alex. It lacked originality in the worst way. Seriously, the similarities were uncanny:

1. Both women are twenty something year old virgins. Check.
2. They give in to their passions and have unprotected sex the first time around. Check.
3. They both end up with unplanned pregnancies. Check.
4. Both Hs are forced to do the right thing. Check.
5. The family steps in and plans a dream wedding within a few days. Check.
6. Forced passion and insecure women who felt like they trapped their mates. Check.
7. A sudden declaration of love by the women, which sends the men into a panic. Check.
8. Ending with a sudden realization, where the men see the errors of their ways and says, no wait, I guess I do love my wife. Check.
9. Wrap it up with a neat little bow as both women becomes pregnant again, and Joseph has even more grandchildren to adore. Ditto.

There is not even an ounce of creativity in book two. It's missing romance, humor, and REAL passion.

Jessica spent the entire book envious of Amy's relationship with Lucas and I know why. There is no way I'd read more of the series.

Fool me once, shame on you, but a second time and I'd be the fool.

The BookChick says

Sweet story but almost a carbon copy of The Billionaire Wins the Game.. Exactly! Even down to the 'I was afraid to admit I loved you because I don't want to give you that control over me.' Although I never understood any of the siblings resistance to love since their parents were absolutely besotted with one another. It didn't make a lot of sense. The high-handedness of the men in these stories was maddening...even Joseph who I loved. The forced marriage because of a baby didn't sit well with me but there wouldn't have been a story without it. I think the story could have been done differently without the throwback to 1950's ideals about family. I'm all for a complete family.....done the right way.

My other issue was there was no editing done to this story. Zero. Postpartum was referred to as 'post pardon' in one place and 'post partum' in another and, when describing Jessica's outfit, the author said 'red heals'. There was subject and verb and tense discrepancies in more than a few sentences. I would definitely recommend that Ms. Anne use beta readers if she chooses to eschew an editor. They really could have picked up a lot, if not most, of these issues.

It wasn't a terrible story but too much like the first to be remotely enjoyed as a 'different' story.

Bette Hansen says

9/2016 re-read.

Fun, entertaining read! Joseph Anderson is at it again and second son Alex is in line for his matchmaking ways. Don't worry though, Joseph has the perfect girl picked out! After one very passionate encounter in an elevator, Alex and Jessica part ways but one year. A year later Alex finds out that night resulted in the baby boy Jessica had. To him it's no question. That will be married!

Great read! I recommend it.

Raj says

3 stars

I was kind of hesitant to read this because of the reviews, that it's the same as book 1 but it's exciting, and the stories happened in different 'places'

I'm not a fan of 3rd person POVs but the author did a great job and found myself enjoying the story.

I like how both characters tried to suppress their desires after they got married. The story is fast-paced and it ain't boring at all.

The story's entertaining enough though I don't like how she was able to just believe his words that he loved her and was able to forgive him just like that.

♥?Fantasy Land Blog Book Reviewer♥? says

I just love how Melody Anne writes as the grandfather. I would not mind being part of this family! now to read book 3 of this great author!

Mary O'Brien says

I thought this was a great series...It really shows the meaning of family and how important they are.

Val Shameless ?? Steamy Reads ?? says

2 - 2.5 Stars

I never felt any true devotion on the part of either the H or the h, quite frankly. They only got "back together" because of the H's father. And I just wasn't feeling this in general.

Jennifer Gallagher says

Amazing book by Melody Anne..I loved this the same as the first book..I never usually like to read a series.. but I have to say this series has changed my mind.. Jessica and Alex are so believable and I really felt as if I knew them..I have to say I have fallen in love with the Anderson men...And Joseph is so funny !!! Thanks again Melody for an awesome book.. I recommend this to everyone.. do not miss out on this series

Starry says

I loved this book, so i gave it 4 stars.

What i liked:

The arrogant Alex Anderson got whatever he wanted, i really love that about him.

Jessica Sanders was kind, loving, thoughtful, she was one of my favourite characters,

Joseph Anderson, the good hearted grandfather! I sooo loved it how he didnt want to share any of his grandbabies with anyone else, the grizzly bear :)

Especially when he talks to the about finding there uncles a wife and having for grand-children,

I loved how the Anderson brothers always get along, acting like teenagers together even when they'r grown men.

How all the family interacts with eachother! It was really good.

I liked how the story went. Alex Anderson a rich, arrogant bachelor who loves em' and leaves em', but this time it is Jessica who leaves him.

After introducing themselves at a charity event, they find themselves stuck in an elevator. Dark and temporarily stuck between floors, we find that Jessica is afraid of the dark. During their brief time together they learn about eachother followed by sex. Of course Jessica runs away, (i wouldv done the same thing!)

A year later Alex finds hes a father and demands to finally see his son and force a marriage onto Jessica.

They marry, spend a year full of sadness, passion and happiness as a family, but Alex is too bull-headed to say he loves his wife, even if she tells him after their romantic sex on the beach, he just shuts her out completely.

But only realises once Jessica confesses shes unhappy that she loves him but he doesnt love her, she drives off into the night only to be involved in a car crash. And that everyone is when Alex Anderson finally realises he does actually love his wife and soon discovers she is pregnant.

Why i didnt give this story a 5 star (boy i wish...) is because i wanted Jessica to have a bit more back-bone. I didn't like it how she just lets Alex force her into a marriage she doesnt want. There were other ways for Alex to have a secure family and his beautiful, adoring son Jacob to have his name like living together, or just being a couple taking it slow, but no. Thats not what happened. I liked how both the H and H's families thought it was right to marry since they had a son together, its old-school, classy but i didnt like how they told her to marry Alex for that.

Jessica could have put her foot down and said no. The least everyone could do was atleast ask her what she wanted.

I thought Alex was abit rude and mean in a way shutting down whenever someone talked to him about babbies or love. They'r both aint that bad!!! I thought he was actually cheating on Jessica for a while !

And last but not least after Jessica wakes up from her coma and suddenly alex confesses hes in love with her, i seriously didnt like how she just forgave him like that on the spot. I understand she loves him, and she always wanted him to love her to so she thinks its alright, but living over a year with a husband whos been giving you AMAZING sex but shuts down afterwards and giving you heartbreak... For OVER a year..Na ah! I wouldnt have forgiven him for that so easily, but i guess thats just my opinion! And i really enjoyed this book, and hoping to see what the third book with mark is like.

But i highly recommend :D
Too-dee-loo !!!

Fanny says

The Billionaire's Dance es el segundo libro de la serie Billionaire Bachelors, escrito por Melody Anne y narra la historia de Alex (hermano del protagonista del libro anterior) y Jessica. Sinceramente esperaba mas de la historia de Alex, fue entretenida pero este segundo libro no consiguio atraparme tanto como la historia de Amy y Lucas, aun asi fue una lectura rapida (lo lei en un par de horas) y ligera.

Tengo muchas esperanzas con el proximo libro, que sera la historia de Mark, el hermano pequeño y mi favorito desde que empee a leer esta saga, espero que el no me saque tanto de quicio como lo hizo Alex.

2 Estrellas!

Carissa says

I just love this series.

Amanda Sheila says

Ah, told ya. I always love this kind of story. Though sometime I prefer ruthless man with evil blackmailing stuff, this one is great. I enjoyed reading it.

Joseph asked Alex, his son, to check out Jessica, the daughter of his bestfriend. It turns out, Jess caught Alex attention and they ended up boink-ing in Elevator. Yeah. Elevator. The dead one. Dark, empty, elevator. One night stand and they never meet again after that.

A year later Joseph finds out that Jess's having Alex's baby. And when he told Alex about it, he was furious. Eventually, Alex "forced" Jess to get married. :)

Typical forced marriage story with standard angst. At some point, there's annoying ups and downs inside the heroine and it's boring. But in the end, I'm pretty sure love the ending. Good work, Miss Anne. Already purchased the third book. Whoops!

Ah! There are some things that annoyed me. I've read The Tycoons series and the name from that series are being used again in this series and it confuse me. I mean, why? There are zillion of names in this world. Pick them! Jasmine, Jessica.. Good god.
