**Five Fathers** Kate Morgan

Sin or piety.

Those are the two things I'm choosing between when I walk up those stone steps and into the church.  
Heaven or hell. Pain or pleasure. But sometimes, pleasure brings more hurt than pain.

I've learned my lesson the hard way and that's why I'm doing this, giving up everything I know and love for a whole new life. A life dedicated to something, someone, other than myself.

The thing is, sometimes fate has other ideas.

Out of all the churches in town, I picked this one. This building with its vaulted ceilings and stained glass and all its secrets.

This building that houses them.

My five worst sins.

My five most awesome pleasures.

\*\*\*FIVE FATHERS is a full-length stand-alone reverse harem novel from debut author Kate Morgan. It includes five sexy priests, one lucky woman, and lots and lots of steamy scenes. This book is naughty, but in the best way possible. Expect a happy ending but a suspenseful ride on the way there!

# From Reader Review Five Fathers for online ebook

## Claire says

This review originally appeared on BrizzleLass Books.

I remember the first time I saw the cover of this book clearly. It was in one of the reverse harem facebook groups, I was scrolling looking for updates from a few of the authors I'm particularly keen on and I stopped looking at this cover and instantly followed the pre-order link knowing this was a book I had to read. I didn't even read the blurb at that stage instead wanting to dive in blind.

Natalia finally sees her mob boss Father commit one too many crimes and runs, straight to a church where she thinks she will be safe. Except in that church pretending to be Priests are a team of mercenaries who just happen to be hunting her Father.

Hawke, Arsen, Weston, Colt, and Mace may well be the fire they talk about when people use the saying jumping out of the frying pan and into the fire. They are cold, ruthless, and in Arsen's case insane. Staying with them may seem like the safe choice but it is likely she would be safer in a pit of viper's.

Natalia's relationship with them is fraught and uncomfortable but heated as she explores her sexual desires vs her personal feelings. These men just want information and they have no trouble using her to get it. I loved the darkness in this relationship, this wasn't a romantic story where we are waiting to see a happy ending. I was just hoping everybody got out alive and unscathed.

Five Fathers is a stunning reverse harem which gave me everything I LOVE in a novel like this, but it is definitely not for people who like candlelight and roses served with their books. This is a dark romantic suspense with not a lot of romance!

---

## Jennifer G says

Natalia ran. After witnessing a terrible trauma Natalia finally ran from her mob-boss father. Desperate, high on cocaine, she ran into a church begging to become a nun. Having little religious knowledge, she chose a church based on appearance, vaulted ceilings, stained glass windows. Once inside she found it was unlike any other church. It was housing five hot "priests". They are undeniably dangerous, crazy, insanely attractive. Everything that appeals to Natalia.

Five fathers is a sinful read; provocative, sexy, enthralling, disturbing. It is addictive. Five mercenaries posing as priests on a mission to kill the local mob boss. When Natalia, the daughter of the boss unknowingly offers herself up to the men, they must decide how they want to use her; turn her against her father or hold her against him. They don't realize how the little spitfire will get to each of them or how they can end up hurting her even more than her father is capable of. They can offer her heaven or give her hell. Natalia is seriously messed up. She's damaged. Her greatest fear isn't dying, it's being caged. This explains so much about her. She self-medicates and uses sex to numb her loneliness, to make herself feel alive, to get her father's attention. She is self-destructive and strangely attracted to deadly, disturbing men. Hawke, Arsen, Weston, Colt, and Mace all fit her specific needs. Hawke is cold, Arsen is insane, Weston and Colt, deadly, sensual, and each with a touch of humor, and Mace, soft-hearted (for Natalia), a mountain of a man, complex

Mace. Each man brings a new temptation for Natalia. It's seriously steamy.

The book is written in dual POV which works incredibly well with this cast of characters. It's great getting into everyone's messed up mind. This is not a sweet, sedate afternoon read. It's intense, a grab you by the balls and never let go thrill ride. It's a little obscene, with just the right amount of filth. I desperately want more. I may need to go to confession after this one...

---

### **Jodie-Leigh says**

Hot. Damn. Boy, oh boy, someone get me a fan! Never mind, I need a cold shower!

This book was more than I was expecting. Between the dark and edgy feel, to the seriously steamy sexy times, I just couldn't put the book down. The entire story reeled me in and kept me reading until the crack of dawn. It was very interesting, highly addictive and nothing I've read before. The whole undercover priests aspect is unique and very intriguing. The characters are.. well, I couldn't get enough of them. Natalia is a tough cookie and I thought she rocked, flaws and all. The guys.. damn the guys \*brings out fan again\*. They all have strong personalities. All are different from one another, yet their dynamic works completely. Even Arsen, the big crazy, fits in perfectly. All five are total bad boys and I'll be damned if that didn't float my goat. It was all amazing. BUT THAT ENDING!! \*le sigh\* I hate waiting for the following books in a series, and this isn't any different. I NEED to know what happens next! I NEED TO KNOW!

Anywho, five stars, without a doubt! I'm beyond looking forward to the next book!

### **Chelsey Nixon says**

#### **#SpoilerWarrior**

This book was fun. And hot. I wasn't really expecting to feel anything about it because, come on, but towards the end I found myself really invested in how Nat was feeling. How she was being affected. "Kate"'s writing never ceases to amaze me, to bring me down a notch.

As always, running thoughts:

Just found out that this is a pen name. Which is why I'm now reading it.

"Fill me with the word of God"  
I died laughing. God forgive me.

So hot.

This book is crazy hot. And also just crazy.

Hahaha. Oh, Arsen. You psycho.

I think contemporary is where CM really shines.

You know what would make this slightly hotter? If she didn't know that they weren't real priests. Just imagine.

Daaaayyy-ng.

---

### **Book Addict says**

This is an interesting and steamy debut book by Kate Morgan that really captivates the readers attention! I think this series is going to get better and better as it goes on and we start to see the bonds deepening between Natalia and the guys! I am a little on the fence in some of the guys and I don't always like how Natalia is treated but I reckon that will change once they start to feel more for each other! I have to admit that Weston, Mace and Colt. Arden is pretty bloody intense and very bloody dangerous and Hawke I am still uncertain if I like!! I would like to find out more about exactly what happened to Natalia in her life as a Mob Boss daughter and really get to learn more about all the MCs!! This series keeps the reader interested and begging for the next book as soon as this one is finished, however there are some areas that may be confronting to some readers!! Highly recommended book!!

---

### **Siri says**

3,5\* STARS

OH my FUCKING GOD, Holt crap that was next level RH , hot hot hot! If you want a fast paced and sexy RH read you should go for five fathers. I can't wait for the next book

Btw I feel sad that this book has been placed in the erotic section on amazon, it's so stupid idiotic, ignorant of them. It's not erotic, so whyyy?? When they do this they make five fathers disappear when u try and search for it so the only way to buy this if you have the link to it...

---

### **Veronica LaRoche says**

A sinfully sexy read that will have you reading nonstop. Natalia runs from her father and heads to a church with 5 sexy as sin priests that will make anyone sin. But what they are hiding, Natalia knew they weren't no ordinary priests. Hawke, Arsen, Weston, Colt and Mace will definitely hold your attention and have you begging for more. This was a great story with sexy AF men and that ending holy hell, I need the next book ASAP.

I voluntarily reviewed this Advanced Reader Copy of this book.

---

### **TipseyBookReviews says**

Natalia is a mob princess who has had enough after she witnesses her father do something disturbing. She

decides to become a nun, but at the church finds herself with five hot fake priests who are really mercenaries after her father. The guys are hot, even Arsen, who is kinda psychotic. I can't wait to see what happens in book 2!

---

## Anne says

One thing I love the most when reading a romantic suspense is the buildup of the suspense itself. So color me surprised when this one gripped me, blew me away and the dark promise of never letting go of me during the very first chapter. As in not even more than 5% into it and I'm a mess, in a pool of dark, sexy and exhilarating thoughts and feelings. Jesus. F. Christ. There is no easing my way into it; the suspense and steam materials were practically shoved to me from the very start and all throughout. ***And I freaking loved the roughness of it!***

First of all, I am feeling very sentimental because the reverse harem genre is truly working its way to cover as much sub-genre as possible. I am in awe of its growth and I can't help but feel giddy at the prospects of more categories it might encompass. And a dark, romantic suspense that is this read? FML. I don't know what I've done this past few days to deserve this treat! *Ooh-la-la!*

Second point, I am definitely new to this author. I am wary at first because I am telling you, despite what I've said from above, there are still times when I felt unsatisfied and disappointed from some reads since I expect raw and gritty dark romance to be fully delivered. I'm so glad Kate Morgan freaking served this one on a silver platter.

Third, its well-developed plot. My god, I lost count how many times I prayed for a reverse harem romantic suspense to provide both the romance and suspense. Five Fathers definitely delivered both elements, and so much more. Yes, I might have initially come here for the steam and carnality of this read but I also experienced turbulent feelings and deprecating humor. I felt the warring of those intense emotions inside me and shivered every time I remember them. I want to drown in these feelings.

And the characters were unapologetic for their imperfections. There is nothing more beautiful than that. No matter the differences among them, they all have this point of reference-their sins. They feel liberating from this boring and mundane we like to call reality.

*PS Kate Morgan, you're doing great, sweets! Thanks for the reprieve from my sickness that is mundane life  
xoxo*

## Casey says

### Holy....

That was intense! I can honestly say this book is worth the read. From the very beginning it is ramped up with everything a girl could want. Desire, suspense, action, forbidden acts.....if you enjoy those things, then this book is tailor made for you. And that ending! Warning it does end in a cliff hanger (que screams of noooo!) and there may be triggers for some. Overall, loved it and can't wait for book 2.

---

## **Jemimah Zafoune says**

This book is gritty, it's dark, it's naughty, it's sexy, it's a little taboo but oh boy did I love it!

When I first read the blurb for this book I was intrigued. There was something about the blurb that made me want to know what was going to be in the depths of this book. I've not read something like this before, I thought. It's not my usual read either I also thought. But, that blurb kept calling to me. Read me, it was saying, you know you want to. So read it I did and wow am I so glad I read it. Five Fathers is HOT! I could feel the steam rising off the pages. There's one scene in particular which is super hot, but then right after something else happens and it had me laughing. I swear, this book had me going from one emotion one minute straight into another the next that I was almost getting whiplash. One minute I'm laughing at something funny, the next I'm getting all hot and bothered and the next I'm in tears. I love a book that does that to me. When I read I want to feel and Five Fathers certainly made me feel many things.

The characters in this book are full of layers. Don't expect any of the "Five Fathers" to be lightness and happiness though as they're not. They're dark and dangerous but oh so appealing men. Natalia, who is the MC is not your typical heroine you read about in books. She's troubled and a little spoiled. She's not really done anything good or of significance in her past but I found myself liking her and feeling sympathy for her. I did want her to have a little bit more backbone, but can understand why she is the way she is and I think the author stayed true to the character in portraying her the way she did. I think she will grow that backbone a lot more in the next book though and am really looking forward to reading that.

Honestly, this book has blown me away. I loved the way it was written and found the story line intriguing and enjoyable. I haven't really read anything like this before and I'm not sure I could find anything else like Five Fathers that I would enjoy the same way or as much as I have this. This book definitely gets the full five stars from me and I'm really, really looking forward to reading Six Sinners, the next book in the series as soon as it's ready. Pick this book up and give it a chance just like I did as I'm pretty sure you won't regret it and will be thanking the Fathers for gracing you with their presence in your mind, I sure know I am ?

---

## **Cassandra Cobb says**

Forgive me Father for I have sinned...

Holy Moly - there must be something serious twisted with me! Once I started this book I could not put it down! Kate Morgan has done an amazing job with a story that captures you from the get go. With steamy scenes and hard hitting action, you get some of the best parts of the world. I honestly cannot wait to read Six Sinners and see just what happens next for these five fathers and their little Tzarina.

---

## **Courtney Dunham says**

I really enjoyed how different this book was. I wasn't sure what was going to happen next, since most of the guys were super unpredictable...really refreshing not knowing what to expect! I loved how steamy this book was and the darker nuances in it. I loved how different each of the guys were (ahhh some were so freaking

adorable, which I definitely didn't expect in this book, I wanted to snatch them up instantly!! This definitely pertains to Mace and Weston hehe). Daaaang some scenes were definitely a 10 on the steamy scale and I loved every second of it! I liked how some of the guys couldn't help but see Natalia as more than just the job. I think the only reason I couldn't give it a 5 star rating was because I didn't connect with the MC as well as I have in others books. Nothing against her or the writing. I think with more books I will, just didn't in this first book. I am super intrigued about learning more the guys back stories and seeing if Natalia will become more integral to the team. Ending made me super anxious for Book 2 ??♥?. Favorite scenes were probably the gun range, the altar, and the stitching scenes! Confessional was pretty great too ?

Really happy Kate put this out! If you are looking for a slow burn, this is definitely not for you....but if you are looking for a steamy RH read, with a strong and stubborn MC, amazing variety in her harem...then pick up this book RIGHT NOW!!

---

### **Ffion Lewis says**

This book was so good! I love when a book comes through in plot, writing, and characters, and Five Father's did that completely!

Hawke, Mace, Arsen, Colt, and Weston, are all completely different and I love it! I also loved Natalia, the main character, though I was really unsure after a chapter or two. She's strong, likeable, upfront, and pretty intelligent. I like that they're all screwed up, and I like that Natalia has an intrinsic understanding of the boys and how screwed up they are, especially when I didn't. I thought I would hate Arsen after that first interaction and I really didn't (does that make me screwed up too?!). I thought I'd like Hawke, and I do, to a degree, but I'm angry at him, which in itself speaks to the quality of the writing. Colt and Weston are SO adorable. I kind of love them. A lot. Mace is such a unique character and I honestly just want more time with him in the second one. I still love him, though.

If you're thinking of reading this, I 100% say you should go for it. It'll mess with your head and your heart and you'll love every second!

---

### **Jordan says**

Oh my god... or should I say priests ;)

This book was insane and I loved every page of it!!

Natalia has some serious problems. Her father is the head of a Russian mob syndicate, and she's been turning to drugs, alcohol, and sex to cope for years. She's seen lots of horrible stuff that no one should ever see, and because of that she fits in pretty great with five fake priests.

After running away to a church to become a nun (lol I know even she thought it wasn't the best idea) Natalia finds five sexy priests who don't seem to be the most dedicated men of god. After quickly realizing these guys aren't real priests, it is revealed why they're really hiding out, and why they aren't letting her go.

I loved the characters in this book. Natalia was so strong to have survived what she has. She has some interesting coping methods that lead to great interactions with the guys. Hawke is the leader and definitely asserts his dominance in a cold and controlled way. Mace is a sweetheart but apparently that's not his normal personality. Weston and Colt are fun but serious when they need to be. And Arsen, Arsen is insane. They all give Natalia something different and provide lots of steam for this read.

I loved the switching POV in this book. Natalia is the main perspective, but it also alternates between the guys' perspectives too. This gave us insight into the guys' true intentions and the feelings they begin to develop for Natalia.

This book was exciting, captivating, and sexy as hell! It did end on a major cliffhanger, but instead of making me mad it just solidified my need for book 2. Six Sinners seriously cannot come soon enough!!

---
