## **For the Good of All** Nicky Charles

Elijah Stone – a man committed to justice; his heart is as hard as his body. Held prisoner for years, he returns home to tie up loose ends only to find a psychedelic witch capturing his attention. When a rescue mission to Central America spins out of control, he's forced to make a difficult decision. Every action has its own consequences. Can he live with the results, even if it is 'For the good of all'?

## Deborah says

This story was so worth the wait. Nicky Charles tells a wonderful well rounded story. I really like the main characters in this story. This is a intense read containing murder, destruction, violence, greed and mayhem. It touches on trafficking in several areas. These situations are frightening and true. Eli learned that what he thought was truth is not necessarily so. Tina found out that she is more powerful than she thought. As usual the author wrote an interesting hot read. Enjoy I did.

## Jeanie says

Nicky has done it again! Another fantastic book in her Law of the Lycans series. My favorite thus far is Book 2, The Keeping. I have to say this one gave it some very close competition! I absolutely loved the pacing in this novel. There was so much action and the characters were all so well developed, and all the little details just totally sucked me into the story. Nicky Charles has a flare for giving just the right amount of detail so that it is never over the top, but she still paints a clear picture of the scene for her readers. I won't go into spoilers, there will be plenty of those type reviews. I will highly recommend this book to anyone who enjoys paranormal romance with a healthy dose of suspense.

One of my favorite things in the book was getting to see some of my favorite characters make an appearance. I love it when we get to take a brief peek into their current lives and see how things are going since we last read about them. My next favorite was Tina, the female lead. I adored her strength and spunk. She stepped up to the plate and met every challenge head on. She never once gave up or acted like a weak link, waiting for her man to swoop in and save her from some peril. While she wasn't portrayed as the feminist type who had to constantly prove she was equal to any male, she just put on her big girl panties and pushed through any adversity she faced.

This was one of the best books I've read in a long time. If you haven't yet checked out a Nicky Charles book, I strongly urge you to do so. Start with The Mating and work your way through all seven in the series so far. I can't wait to read this one again!

## BrnEyesTX says

This book blew me away with all the twists and turns I did not see coming. I love the common thread of the THE LAW OF THE LYCAN that ties this series together. A few cameos from some familiar names \*\*huge smile\*\* but that is where it ends. This books stands on it's own with a fresh location, new characters and heart pumping story line. I guessed the story line, boy was I WRONG!!! This story keep me on my toes and yelling at my e-reader a few times. As always Nicky is expanding into the paranormal world and introducing us to more great ALPHAS, and always leaving room for more books to add to this series. FIVE SUPER SHINY GOLD STARS

---

## **Hayley Uncles says**

This book is so different from Nicky's usual LOTL books . However it was still fantastic. I had a lot less of the paranormal and focused more on adventure ( that I did miss but it didn't take away from the story). I thought I new where this books was going to go but I surprise. This book drew so much emotion from me. I really enjoyed that she brought Lycan link back into this books and is expanding her world. Her work keeps on developing and this is why she is one of my favourite authors. I'm excited to see where she goes from this in the future.

## **Helen (Blissfully Bookish Besties) says**

This is a great addition to the Law of the Lycans series. I was worried that I was looking forward to this book so much that it would be impossible for it to live up to my expectations - how wrong I was! Tina and Stone were great together and the story was so captivating that, once I started reading, I didn't want to put the book down! Thank you Nicky Charles for another great read

---

## **Becky ?The Bookworm? says**

This series has always been dear to me. Nicky Charles and her Lycans introduced me to the world of Paranormal Romance and her characters always manage to work their way into my heart. Her latest installment does not disappoint and launches the series into a whole new realm of possibilities. This was a slow build, but a fun one that firmly establishes the parameters of Elijah and Tina's budding relationship. The story then quickly transitions to Central America where a suspenseful rescue mission plays out. I should mention that it was great to see Reno and Damien again. I hope we'll see more of them in the future and would love a follow up story with Reno and Brandi. They are officially my favorite couple, even though Tina and Elijah are running a close second.

I thought Tina was a great heroine! She was smart, witty, and strong, yet still carried an endearing Innocence. She endured the dangerous side of Stone's world bravely and without complaint. I really liked the way she softened his hard edges. Elijah Stone was strong and level headed, but yet has an emotional side. The scene at the hospital between him and Lily (a little girl) was so moving it brought a tear to the eye.

All this and a great plot that plays out in the jungle with orphans, drug lords, human trafficking schemes and a few plot twists along the way. If you haven't read this series, you're missing out on something special! I can't wait for the next book!

## **Tonya says**

Wolfie's was given a copy for an honest review.

????? 5 STARS ?????

Stone (the wolf)

Tina (The witchling)

Esteban (jaguar shifter)

Sister Bernita (feisty nun)

Reno (oh yes)

Adisa (ghost of past/ or not)

Where do I start!!!! Stone was gone for a long while, and everyone thought that he was dead including his own sister.

When Stone was able to make his way back stateside he has learned that his company, the one thing he wanted to be successful, to help not to kill was dragged into a dark path. Dee will get her day oh yes she will.

Stone met a very colorful witch (Tina) oh she had so much spunk in her. She drew him in when Stone met her in the bar she works in. He had one rule, and that rule was to only commit to a one night stand. Little did he know he did more then just one night. The passion between these two was off the hook it just brings you back, and more drawn to the way these two talk, joke, and laugh. (I still think she hexed him lol)

There were so much twist, and turns by this point with stone being sent on a recovery mission. In a drug infested Central American Country Cantala. Will he lose her before he claimed her? Oh my goodness AAAMMMMMMAAAZZZZEEEEIIINNNGG!!! At this point I could not put this book down. I will not ruin it for you let's just say that everyone plays a part.

Stone has lost, he has found, he has claimed, and he has shown how bad ass he is, as well as his little witch!!! OMG WISH I COULD TELL YOU, but I want you to ride that same roller coaster as I did. Nicky Charles has put so much into this masterpiece, and I am so happy how it all turned out.

I will tell you one thing. Your toes will curl, you will scream at the book as I did lol, you will cry, because damn those tears were there. Triumph, passion, caress it's all there.

Thank you Nicky!!!!!! Omg. Can't wait for the next..

### **Loved Stone**

This is one of the best paranormal series out there. Nicky Charles not only pens sexy, alpha men but strong kick a\*\* females who love them. This book kept me on the edge of my seat, biting my nails in anticipation of

what was going to happen, I think this just might be my new favorite in this series. Definitely a must read series for anyone who loves sexy wolves.

---

### **Darcy says**

I've enjoyed past books in this series, but this one not so much. I did feel bad for Elijah and what happened to him, felt bad that his sister turned his back on him, I liked Tina, yet something felt off. I didn't care for how Elijah met up with Lycans from his past. It seemed like he had something to prove with his big chip on his shoulder, which turned me off. In the end this one wasn't for me.

---

### **Best Reads says**

I LOVE Nicky's lycans! Once again she gives us characters that make us laugh, make us angry, and make us swoon! Every male character is sexy yet unique in their characteristics and values. This book has several moments that will make you smile and several that will make you say "OH NO!", as usual the chemistry between characters is natural and relatable. It was a pleasure to read.

---

### **Juli says**

I received this book as an ARC.

I so enjoyed this 7th book in the series of The Law Of The Lycans by Nicky Charles. OMG so much action, adventure, & suspense that kept me hooked, line, & sinker. So worth the wait. Can't wait till the next book. You won't be disappointed at all. The world she creates, you can imagine yourself in there with the characters. Thanks for another great read!

---

### **Quentin Smith says**

Stone a man who believes in justice, no matter what the cost. When returning back from a mission which still haunts him. He find himself drawn to a psychedelic woman who captures his heart and finds that reputation of his company destroyed. Soon he find himself going to South America on the mission that will change his future and that of others. Find out how read the book.

---

### **Carmen Reyes says**

Another great read by Nicky Charles! This story is a roller coaster ride of emotions! and just when you think you know what's going on, another twist comes up. I really enjoyed this book,, there are some old friends from previous books that make an appearance. I highly recommend this book

## **Judy says**

For the Good of All by Nicky Charles

Law of the Lycons Book Seven

Elijah Stone fits his name well. He has learned to put his emotions behind a stone mask. Yet, he will put his life in danger time and time again to save others. A year after returning from an intense mission, he finds himself at loose ends. And intrigued by a colorful witch at a bar.

Christina or Tina as she's known by, works at the Club Mystique. A place where all are welcome as long as they stay peaceful. When a new Lycon comes to town, she is drawn to him. Will she be able to break down his walls of stone?

Nicky Charles has written a compelling story that pulls the reader in, again. Stone and Tina are opposites but as we all know...opposites attract. The story brings them over the border to rescue some Lycons and ends up with a much bigger problem. Not only do they have to deal with drug lords but they also discover a human trafficking ring. The reader first meets Tina in Sam Harper's story, Betrayed: The Road to Redemption.
