Good Night, Sweetie Joyce Wan

Joyce Wan helps little ones get ready for sleep in a sparkly ode to all things bedtime!

This dreamy board book includes Wan's iconic bold lines, glitter, and embossing on the cover as well as eye-catching spreads featuring an irresistible cast of chubby, sleepy characters, such as a wishing star, a lovable snuggly, a bedtime book, and more. And at the end of the story you can't help but wish your own little sweetie "*sweet dreams on moonbeams*" as they gently fall asleep.

It's a wonderful first bedtime story to share with little ones again and again!

Becky says

First sentence: You are my wish upon a star. My bright, shining moon from afar.

Premise/plot: Good Night, Sweetie is a sweet, glittery bedtime board book.

My thoughts: Joyce Wan has written a handful of board books. My favorite by far is You Are My Cupcake. What I loved about You Are My Cupcake was that you could easily, effortlessly sing it to the tune of "You Are My Sunshine." (True you might have to add a syllable or two. But still easy for anyone who loves to sing.) None of Wan's other books have matched it as far as that is concerned. But my love for You Are My Cupcake is so strong and I have so many deep, strong, happy-happy emotions embedded in my memory that every time I see Wan's illustrations I get excited and hopeful.

Good Night, Sweetie is a good enough book, I suppose. The illustrations are super-sweet. But the book definitely is lacking in the rhythm and rhyme department. There's one spread that just feels like it's lacking a word. "My kissable, squeezable, cuddly" is how I read. And I want to say cuddly WHAT? You? Boo? Bear? Bunny? Lamb?

I'm a giant fan of Joyce Wan's. As always, this book is the perfect format and length for a little one. The illustrations are gorgeous and the color is bright and vivid.

{My thoughts} – This is one of those must have infant board books. The cover is gorgeous with its embossed title and illustrations.

It has simple one line phrases on each page. It is very colorful and eye catching to little eyes. It has emphasized words with chubby print and adorable illustrations throughout.

I love that this book is short and you can turn the pages rather quickly as my one year old doesn't enjoy sitting through long winded books, but does enjoy being read too. She sat through the book and then closed it and reopened it so that we could read it again, which to her makes it a winner.

I think that any parent with young children that enjoy being read to will easily fall in love with this book. I look forward to getting my hands on my books by this particular author. I have already added quite a few of

them to my amazon cart for my daughter.

We have probably read this book 100 times. At least twice every night for several months. I had to sneak it out of the house to return it to the library this morning. Berry LOVES this book! When we get to the lullaby page she starts "reading" with me. We're going to have to add this to our personal collection, I think. :)

Ellen says

Fans of Hello Kitty and Pusheen will enjoy the art in this book, which is pretty darn cute.

Kimberly says

Three stars from me, the mom who has to read this cute but not particularly interesting book two or three times per night. Five stars from my toddler, who is obsessed with this book and wants to read it two or three times per night.

Jocelin says

Always super cute and super sweet, Joyce Wan has done it again!

Deb says

I received this book from the Goodreads Giveaway. The book is a delightful, lyrical read. It is nicely illustrated with large, simple images that youngsters will enjoy. It's a great board book for children.

Mary Librarian says

Was just okay.

Peacegal says

Adorable, happy illustrations in a style reminiscent of Hello Kitty.

A.M. says

This is like painfully adorable

Drew Graham says

All the cozy elements of bedtime come together for a snuggly goodnight.

Another win from Joyce Wan. Will I ever get tired of her style? Probably not. These books are short, colorful and endlessly appealing. I will say that her "sleepy eyes" look kind of sinister to me... the slightest tilt of a line or curve would make all the difference.
