Hauntings Nancy Holder

Based on the WB's hit television series. Clark and Lana befriend a new student whose mother has just rented a farmhouse rumored to be haunted. The situation worsens as Smallville's meteor rocks transform the restless unseen phantoms into deadly engines of vengeance. Can Clark's powers fight the spirits of the dead?

tenia un potencial muy grande y al final quedo en nada.

Imani Young says

i love these books and series. clark and lana are so cute.

Nicolas says

I've gotta say, this was pretty good. I'm surprised it went as dark and as supernatural as it did. It was spooky and true to the characters. I liked that the author took some steps to bring it in line with the comics. Pete's political ambitions and the Wayne Enterprises cameo were nice touches. All of the inner monologues were very melodramatic and didn't fit, but overall this was pretty solid.

Alex says

I didn't enjoy this one as much as the first two books, but it was still a lot of fun to read. I also liked the glimpse into Lex's head, because it showed the darkness that was brewing there even this early in the series.

I'm glad I'm finally reading these after all these years!

Victor Orozco says

Nice story. Feels very slow and moves toward a modest haunted house story. B+.
