P.T. Macias says

Hot & Spicy is a wonderful romantic thriller. Jose Enrique has achieved to situate the De La Cruz Inc. in a great financial position and in an excellent market niche. Now it's time for him to settle down.

Jose Enrique De La Cruz, CEO of the De La Cruz, Inc. needs a fiancée in time for the company's 25th anniversary celebration. He promised la familia to introduce his novia at the celebration. La familia is anxious to meet his fiancée, but he doesn't have one.

With the help of his hermana Patricia, he meets his amor, Jessica Maria Cortez. His hermana Patricia agreed to obtain una novia for him. Paty enticed her amiga to pretend to be his loving fiancée.

Jessica Maria Cortez agreed to be his fiancée for two reasons: one, she has always loved him and prays she can make him love her and two, this is a great opportunity to achieve her dream of working as an interior decorator design manager.

In no time at all, Jose Enrique and Jessica find themselves budding up into a relationship with tantalizing ecstasy. With everything falling into place for the De La Cruz's, it looks like the entire family is about to plunge into an ocean of nightmare and chaos before they can say "Cheers!" for the De La Cruz, Inc.

Jose Enrique has to fight to protect his new amor, his alma gemela (soul mate), his familia, and his company against all odds. Can he rescue his amor, his familia, and the De La Cruz Inc. from the clutches of the vicious Mexican Drug Cartel?

Time is running out and he has to rely on the government and the Navy Seals to rescue his amor and familia. The pressure is on.

Everything breathless is magnified in this riveting read. The writing, pacing, the erotic romance, and the cohesive plot itself are enthralling. Hot & Spicy is absolutely an emotionally-charged tale that will keep readers on their toes and anxious for the next installment in the "De La Cruz Saga".

An index of the Spanish words used in the entire novel is also incorporated in the last chapter.

Hot & Spicy is one of those love stories that gets you interested and keeps you on the edge of your seat. Jose Enrique is the CEO of De La Cruz Inc. He meets his novia (fiance) with the help of his hermana (sister). The story that takes place is not JUST about their relationship, but includes the lives of the De La Cruz familia and company. Suspense and intrigue, as well as romance, make up the story.

This story is well-written and true to life. The story flows in such a way that there is no way that it lets you go, once it grabs your attention. If you enjoy the type of book that you can't put down, then this is the book for you!

I absolutely couldn't put this book down. The characters were very interesting and well rounded. I loved that the couples are equals. I was nervous about the twists in the action at the end but was glad to see the characters pull through. I can't wait to read the next book to see what happens. P.T Macias is a fabulous author and takes great care with her characters and their story lines. I will recommend this book and the rest of the series to my friends and family.

I really like this book alot it has everything intrigue love sadness and everything in between. P.T. Macias has a unique writing style that puts you in the now of the story so u can experience it as they do there is some spanish mixed in and i love it because it makes me feel a little closer to the characters. The De La Cruz family has strong values and they are all supportive of each other this book can be read as a standalone all in the series can.

Jose Enrique De La Cruz is the eldest of los primos. He's completely in command of the familia's empire. Jose Enrique is expected to introduce his fiancée to la familia at the company's 25th anniversary celebration. La familia has no clue that he doesn't have one so he enlists the help of his sister to find him a girlfriend. I am addicted to this series and the characters and cant wait to read them all.

Very hot! Great spanglish idea! I speak some Spanish and find this concept exciting. I like the love story and the thrill of the menacing cartel. Author gives much insight into her characters, though there are a lot of them.

Awesome book of passion and suspense!

Patricia, Jose Enrique's sister, sets him up with her friend Jessica. Jose Enrique De La Cruz, CEO of the De La Cruz, Inc. needs a 'fiancée' for the company's 25th anniversary celebration. The De La Cruz's is a Mexican-American family in southern California which they have obtained a good quality of life.

As you can imagine, everyone in the family is anxious to meet his 'fiancée.' Jessica has been secretly in love with Jose Enrique forever and she would like to work as an interior designer. The hotness starts as the two have everything falling into place for their charade; however, danger is on the horizon with a deadly Mexican Cartel. This novel is exciting and non-stop!

This romance novel has tantalizing ecstasy, action, danger, and suspense. The bachelor and familia fight to resist the deadly Mexican Cartel.

The novel is part of a series, but it also can be a Standalone. The series has a total of twelve novels. La familia is comprised of total of thirteen cousins and therefore there are twelve novels. Each novel is about one of the cousins. Their stories transpire in the same time frame.

I believe that any reader that enjoys romance, action, suspense, passion, and excitement will love this read. It has a little of everything that will captivate a reader. It also has the Spanish that will be a pleasurable method of learning a few basic words.

Romance, tantalizing ecstasy, danger, and suspense rocks the bachelor's world. The rage of pasión is running hot and spicy in Jose Enrique blood causing him to unchain his alma (soul). Will this fever overpower and capture the bachelor.

This book is an awesome read...full of adventure, culture and very, very sexy. The author helps the reader to understand the hispanic culture; incorporates family values and the dynamics of two people falling in love while experiencing how to work together to run a family business and live to unite. Awesome read.

Love the strong family values & support they show for one another in this story. Even though it was somewhat wordy for me, I enjoyed reading both perspectives from each side. The characterization was very intriguing, although the plot started out slow it gained momentum as the story progressed. The sexual scenes started out hot & spicy but gradually tapered off as the plot thickened, however the love for one another never ceased to amaze me! As I continue on this wonderful reading journey known as the De La Cruz Saga, I hope to see the plot even out through this series along with the sensual scene so it will make for an even better flowing read. The Spanglish added throughout this book was an incredible surprise and I hope it continues through this series. It took some getting use to, cause I'm not a Spanish speaking person but I got the hang of it and enjoy using some of the words on a daily basis.

Hats off to you P. T. Macias for this wonderfully unique and intriguing read!

“Hot & Spicy” is a good read. Jose Enrique has told his family he will bring his fiancé to the 25th anniversary celebration, the only problem is he doesn’t necessarily have one. His sister has a friend who has always been in love with Jose since they were kids, he just never noticed her. When they finally meet sparks fly and they can’t seem to get enough of each other. Jessica’s dreams are finally coming true she just hopes that Jose really cares for and loves her and is not just taking her for a ride. This book is more than just a love story; “Hot & Spicy” takes an interesting turn after Ricky receives a mysterious phone call with an offer and saying no isn’t an option. The phone call gives the story a twist and it leads to a drug cartel, CIA, FBI and the Navy Seal’s. The story is hot, romantic and funny but it does include violence. This story does have Spanish words in it, I know a little Spanish so it wasn’t a big problem for me to read the book. It wasn’t until the end of the book that I realized the Author listed the Spanish words with the English meaning for the words at end of the book. It’s an odd place to put the words since I never look at the end of the story first, but it’s there if you need it. I look forward to reading the next book in the De La Cruz saga.

"Hot & Spicy by Mexican-American author Patricia Macias is the fast-paced story of Jose Enrique, his beautiful fiancée Jessica Maria, and the rest of the De La Cruz family as they strive for the American Dream in southern California -- complete with riches, romances, loves, and security. Along the way, they face opposition and battle from brutal members of the Mexican Cartel, as well as intense passions and intrigues among themselves. For those readers who enjoy their romance fiction done HOT, this page-turning novel is blushingly descriptive, leaving little to the imagination and everything to the enjoyment."

Trudy Powders says

I have never read a book mixed with Spanish and English. I was proud of myself that I was able to read the story without going to the glossary at the back of the book. This book follows the De La Cruz family. Jose Enrique needs a date for his family celebration, he chooses Jessica Cortez. Jose Enrique starts to have feelings for Jessica at first not knowing Jessica has loved him all along. The story follows the family and the family business. All is going well until an enemy kidnaps members of the family. The family all bands together to get back the members, other loves happen. The danger is not over. I enjoyed this story.

****Received a copy in exchange for an honest review****

I love the story of Jose Enrique and Jessy!!

About the story, the way how the two characters were able to find love was really great. I love how Jose Enrique fell in love with Jessy and how the two bonded with each other. The part that really excites me the most was the chapters were the action parts! I loved it! It's exciting and you cannot put the book down when you got to that part! The scenes of the two was hot (on the first couple chapters), lol, they can't get enough with each other. The characters' personalities are also good, I love how they are written that made them loveable and relate-able.

Ms. Patricia really did a great job on this book, full of action, romance and suspense! Definitely worth to read!
