My Lord Rogue Katherine Bone
Reissued and edited with new scenes!

Espionage, secrecy, and thwarted assassination attempts. The only thing more dangerous is being in love...

Gillian Chauncey, Baroness Chauncey, is a master of disguise, trained by her expatriated husband, a former French royalist, in the arts of espionage. When a dangerous life or death secret lands in her lap, she's thrust into a perilous world of ticking clocks and desperation, arrowing her directly into the arms of the man who arranged her marriage.

Lord Simon Danbury is no ordinary nobleman. He's been tasked by Admiral Nelson to organize an elite group of clandestine first sons willing to sacrifice all to protect England's shores. When an assassination attempt is made on Nelson, Simon isn't sure what poses more danger, the enemy or the masterfully seductive Gillian.

Eva Wade says

this was a great 2nd chance romance. she thought they would get married that they loved each other until she finds out that he's betrothed to someone else. so he tells her marry the baron well 5 years later circumstances bring them back together. per her husbands dying wish she needs to tell her lost love of a plot to kill the admiral. can't wait for more from this author

Janet says

Gillian Chauncey, Baroness Chauncey, is a master of disguise, trained by her expatriated husband Lucien, a former French royalist, in the arts of espionage. When a dangerous life or death secret lands in her lap, she's thrust into a perilous world of ticking clocks and desperation. Lord Simon Danbury is no ordinary nobleman. He's been tasked by Admiral Nelson to organize an elite group willing to sacrifice all to protect England's shores. When an assassination attempt is made on Nelson, Simon isn't sure what poses more danger, the enemy or the masterfully seductive Gillian.

This is an updated reissue & a prequel to the Nelson Tea series, which I now can't wait to read. A well written long novella with very good characters. Simon & Gillian are very likeable, they were in love five years ago but Simon second son of a Duke had agreed to an arranged marriage. He encouraged Gillian to marry Lucien but they still love each other & now are thrown together as members of the clandestine group. The pace of the book is very good & I found myself caught up in the story so much so that I read it in well under a day. This is a great teaser & I now so want to read the series & also to see if they have their HEA. The other members of the group are also intriguing especially Percival.

My honest review is for a special copy I voluntarily read

Laurel says

Hard to get through

Although this was only a novella it still seemed far too wordy. The H & h were too melodramatic and droned on too long about every thought, every feeling, every contemplation. Not very enjoyable.

Monique says

Gillian Corbet, now Baroness Chauncey, had once been in love with Lord Simon Danbury, but due to unfortunate circumstances, they had married other people and life went on. Now widowed, Gillian has come back to London, having been privy to the information that Admiral Nelson's life is in danger, and she will have to see Simon again...

MY LORD ROGUE is the first instalment of the Nelson's Tea series about a group of English spies dedicated to thwart Napoleon's threats against Britain. Katherine Bone sets up the series splendidly, against a richly detailed historical background, and the careful merging of factual and fictional characters; it's obvious that a lot of meticulous research went into the writing of this book. The spy world felt real, especially when it came to Gillian, who was entirely believable; it never felt forced or far-fetched. MY LORD ROGUE is rather an introduction to the world of Nelson's Tea and the reunion of Gillian and Simon.

Gillian is a beautiful character; stoic, competent at what she does, but Simon is a bit more enigmatic. A secondary character, Edwina, broke my heart, I cared for her a lot, and it had an impact the future (no spoilers!). Percival Avery, the Marquess of Stanton, stole my heart! He is incredibly colourful, his disguise as a fop is brilliant; he dazzled me. There wasn't as much action as I anticipated, but what there was, was exceptionally well done. MY LORD ROGUE is a revised edition of an earlier – and shorter version – of the book, and I wonder what has been added or added. MY LORD ROGUE is not precisely a romance, but a romance to be rekindled when the time is right. But still, MY LORD ROGUE is a fine introduction to a new series.

Katherine Bone's writing is effortlessly fluid, all the while retaining a vibrant elegance befitting the spying world as well as the romance; and the dialogues are splendid. The ending is unbearably gorgeous, bittersweet, tinged with melancholy as well as hinting towards a hopeful future. The author handled a delicate situation with unusual finesse and aplomb; it was all so superbly well written, so beautiful and lovely and wonderful. Ah, the art of being able to convey one's thoughts in such a stylish manner!

I voluntarily read and reviewed an advanced copy of this book. All thoughts and opinions are my own.

Petula says

Gillian Corbett, Baroness Chauncey is a very unusual woman. She and her husband have been working as spies for the English Crown. When disaster strikes she must head to London to save the life of a great man. Lord Simon Danbury is one of Admiral Nelson's most trusted spies. He has worked his way up, and given up a lot to help England stay safe in the dangerous times they live in.

This is an exciting story full of danger and intrigue. Our characters are in a very difficult situation that could bring them heartache again.

This is the start of what I'm sure will be a great series.

Krystal says

Having read all of the other novels in the Nelson's Tea Series, I found it almost unfathomable that I had not read the novella that started it all.

My Lord Rogue perfectly sets the stage for the novels that come later, introducing you to the primary cast of characters, and giving you the background needed in order to understand the threats facing them. If you haven't already started this series, then I would highly recommend that you do so, starting with this novella! Ms. Bone has a gift of being able to draw her readers into the scenes and worlds that she has created, allowing you to visualize these characters, and experience their joys – and their sorrows – alongside of them.

I would highly recommend this novel to those who enjoy well written novels that feature a cast of characters unlike any I've ever encountered before.

DISCLAIMER: I received a complimentary copy of this novel in exchange for my honest review. This has not affected my review in any way. All thoughts and opinions expressed in this review are 100% my own.

Charlene says

the first book in the Nelson Tea Series will capture your heart. You will want to read then next book in the series, and I personally hope it is soon! Beautifully written, wonderful interesting characters.:

Cheryl says

This seemed like an introduction to the characters that will appear in the rest of the series. However, it was an engaging story and important to read as it sets the background for the series. The two main characters, Gillian and Simon, had previous history and a number of things have occurred during the 5 years since they had seen each other. There are dangerous times and heart wrenching moments. I look forward to seeing how the series develops.

Pat Babcock says

My LordRogue

The era when Napoleon was gaining power and popularity was a time of danger to Britain. Spies from both countries were active.

Nicole Laverdure says

Spying in Regency England

I loved Duke by Day, Rogue by Night and The Rogue's Prize, so I like the idea that Katherine Bone decided to write a prequel. If you love a Regency story of espionage, honor and loyalty, then MY ROGUE LORD is perfect for you. This was a quick and short novella to explain why Admiral Nelson created an elite group of men and women willing to sacrifice their lives to protect England. It's a real page turner! I loved her two main characters; Gillian, a stubborn lady spy, who would do anything to honor her husband's dying wish and Simon, the man she never ceased to love. Will they get a second chance for love? Will, their role, as spy, get in their way? Again, Ms. Bone didn't disappoint me with this story in the art of espionage!

Candace Nagy says

My Lord Rogue by Katherine Bone is the first book in The Nelson's Tea series. I was wiping away tears within the first 8 pages. I can't even begin to articulate how much I loved this story. It is emotional, fabulously written, and had my complete attention until the very end. The characters, amount of detail, facts, and how the story played out, made for a very believable story. The story flowed nicely and was interesting. I can't wait to read the rest! This is a story I could read more than once and I have high hopes for the rest of the books in the series.

Mary says

This is suspenseful, sad, and sweet. Simon is loyal to family and country, bold and responsible. Gillian is strong, brave, confident and caring. They met, fell in love, then married other people, for different reasons. He married for family, she married for safety. Five years later they're thrown together, only to discover that the attraction is still just as strong as it was. The storyline is full of angst and drama, with a twist at the end. It's an intriguing story.

I received a complimentary copy of this book from the author. This is my honest and voluntary opinion of it.

Kety says

This book is an intriguing story of lost love but with hope for the future and full of mystery and action. A fantastic prequel for a new series! I'm looking forward to read the next to see what will happen. The characters are strong and resourceful and the plot well developed. You will love it!

I received an ARC and this is my honest and voluntary review

AnnMarie says

My Lord Rogue: A Nelson's Tea Novella is the first book in Katherine Bone's Nelson's Tea series.

Gillian Chauncey, Baroness Chauncey, despite being married to another, has always only been in love with one man, Lord Simon Danbury. He loved her in return but an obligation to his family meant he must marry another. Gillian spent the next 5 years as a spy for the English and many times worked beside her husband who was also a spy. Sad circumstances make her a widow and she must return to London to convey a message to stop an assassination attempt on Lord Admiral Nelson.

Simon Danbury is also a spy and when he saw Cynthia marry his friend and move to the country he never dreamed that the safety he wanted for her would be non-existent. He has no idea she has been risking her life as a spy. When they see each other in London all their feelings which they have pushed to the back of their minds come flooding to the forefront. Cynthia is now free, but Simon is still married, so it still seems that their love will never be. They both realise that that should be the last thing on their minds though with Admiral Nelson's safety in danger, and with war looming large.

If I were to sum this book up in one word it would be WOW! It may only have been a novella but it was full of action, romance and historical facts. It was very obvious that the author paid meticulous attention to her research. The book held me in awe from the very first pages where I found myself in tears over Cynthia's husband's death. From there I ran the gamut of emotions as the story unfolded, more tears, some laughter,

and times when I held my breath because of the suspense. I can't believe that such a short book could be so exciting. I enjoyed this story so much, I wish I could give it more than 5 stars! I can't wait for the next one to be released.

I voluntarily reviewed an advanced readers' copy of this book.

Sam Spencer says

Way too short!!!

It ended WAY too abruptly.

I feel an intense lack of closure where this book is concerned.
