Roman Candle Phil Ward

In this sequel to Blood Wings, U.S. Major John Randal, commander of Strategic Raiding Forces, returns in Roman Candle, the second book in a trilogy within the Raiding Forces Series about the Abyssinian Campaign. Major Randal is raising a guerrilla army 600 miles behind the enemy lines in Italian East Africa. In the north Col. Orde Wingate will be leading a column of rag-tad band of Patriots to install the exiled Emperor back on his thorn, out of the Sudan the Kaid will be attacking with two Indian Divisions into the mountainous Kern stronghold and from the south out of Kenya the East Africa Force will be attacking up the Red Sea coastline to clear it of Italians in order for the British Middle East Command to qualify for Lend Lease. The Empire Forces are attacking against at least 10 to 1 odds. The only hope of success is for Major Randal's guerrilla army, called Force N, to disrupt the Blackshirts lines-of communications and for the attacking army's to maintain the element of surprise. At the last minute it is learned the Italians have a master spy in Kenya. Unless he is discovered and eliminated the invasion will fail.

Roman Candle Details

Date : Published December 15th 2012 by Amazon Digital Services (first published December 1st 2012)

ISBN : 9781481207782

Matthew says

okay this book seemed rushed and not like he was ready to put a book together. Usually there is some brilliance and neat stuff going on in the plot. In my opinion this book and the one before it could have been one book.

plus I am so tired of him saying the rank, their nickname, given name EVERY SINGLE time he mentions someone. If you took that away it would be half a book shorter than it was. Not too impressed with this one.

Not enough action or suspense kinda blah about the whole book. Not sure if I will continue to read the series.

Lloyd Dunn says

I never liked the choice of "it's Amazing" for 5 stars. To me "thoroughly enjoyed" sounds more accurate. I've had my library purchase the series.

William says

Mr Ward dos it again!

Once again I found it difficult to put this book down. None stop action. I highly recommend this book for all fans of WWII fiction.

HARRY L WINTERS says

Once Again An Excellent Story!

I actually enjoyed Roman Candle more than the first two in the series because it was not only more in-depth detailed but the action is almost non-stop. Truly a fascinating read!

Richard Cowart says

Another outstanding book

This is another great read about British commando operations during the start of WWII and the continuing on again off again romance of Major Randle and Lady Jane. The political game playing in the British empire adds spice to the series.

Barry says

Enjoyable WWII military fiction

Lewis F. Fierke says

Good one.

Fourth in the series but number two on my personal list from this author. Lots of excitement coupled with enough military jargon and reality to keep me wanting to keep reading.
