**Tori** Dale Mayer

**This is the second book in the new paranormal fantasy series Glory.**

*Hurt and betrayed, Tori has gone into hiding. Anything to give her time to heal from losing the love of her life.*

Devon came looking for her—for all the wrong reasons. He needs her help to save a large band of locals caught behind a weird energy pattern.

As an energy worker, she can't turn her back on those in need. She will help him, but only if he disappears from her life forever.

He agrees, but has no intention of honoring his promise. She's finally let him back into her life—he has no intention of screwing up a second time.

Tori isn't big on forgiveness, but she is big on Devon. Only the weird energy pattern was a problem—a big problem—and the start of something sinister.

*Before she can work out what's going on, the stakes go up, and she realizes there might not be a future for either of them.*

## From Reader Review Tori for online ebook

Addicting!

This series is absolutely addicting! I liked getting more understanding of Tori's relationship with her sisters and why it is how it is. Tori was great at filling in all those gaps. I enjoyed following Devon as he evolved more into himself and experiencing that with him. These two characters couldn't be a more perfect fit for each other. Between being found by Devin after being seen on the video of the bank robbery she walked in on, to bad guys, to just...well, just Tori & Devon, it all came together for an amazing book. As with all Dale Mayer books, it pulls you in from page one and you just don't want it to end. I'm now anxiously awaiting book three.

Tori left Glory, her sisters and her fiance behind and has been hiding ever sense. Devon has been waiting for Tori to come back to him and when she doesn't he is sent to retrieve her. To bad it was not all for the right reasons. Ever sense she left , Glory has suffered. No one knew how connected or vital the three sisters really were .Now that she has returned Devon has a second chance to keep the women he loves if they can just stay alive.

I love this new world created by Ms. Mayer. As the second in the series we learn more about the sisters connections and the men that are destined to be with them. The mystical and magical elements of this storyline are mind grabbing and make you wonder about the possibilities of taping into the magical elements of the world we live on. The importance of the spirit animals is expounded on and makes me want one of my own even more. I think the characters are well developed. However, Ms. Mayer leaves room for growth allowing them to come to understand their unique abilities and how to use them. The mystery and suspense with all the different happenings and players keeps your attention and leaves you wanting more. I eagerly await book three so I can see how the next sister affects this interesting world.

Tori by Dale Mayer

Glory Series Book Two

Tori Chandler went into hiding a year ago. She needed to get away from Glory, her granny's death, and most of all...Devon. She's been flying under the radar—until today. She's been found and finds herself back in Glory. She's determined not to end up back in Devon's arms.

Devon Wiltshire realized he messed up badly. Tori left a year ago and he never followed. Believed she would return on her own. She never did. Now that Grandfather has sent him after her, he's determined to bring her home. Whether she wants to come back or not.

The first book in the series is Genesis and the third book will be Celeste. Three sisters with paranormal abilities. Two left Glory...and Genesis...and now one has returned. It will take all three to get the balance back. Great series so far.

When Tori walks into a bank robbery, her whole world is about to change. Her ex boyfriend Devon has also found her and kidnapped her to bring her back home, the place she ran away from. Will the two of them be able to resolve their issues now that she's back? Tori also needs to talk to her sister Genisis at some point to get caught up with what has been going on in the past year. Can the two sisters fix the problem on Glory or are they going to need their other sister Celeste to help them out? Loved this story!

i was received this as a arc for a honest review. I love reading anything by Dale Mayer she has a wonder imagination and her stories are brilliant. This is the 2nd book in the glory series and I highly recommend that you read the first in the series so you can understand the storie line. And characters. Tori was Betrayed, Hurt and on the Run from her old life and avoiding her ex. She thought she was doing a great job of being under the radar until her ex found her and her spirit pet and wants her to come back home to her home town To help fix a energy problem that has trapped some people, And also to help her sister Genesis figure out what's going on with the forest.

Being seen on a video tape of a bank robbery with her being held a hostage is how her ex Devon found her now the robbers wan her and her abilities at least that's what her and Devon think until they find out there working for someone they know but who is the question. So while hiding from them she also has to find out why her home town has energy problems. A spirit pet is the pet of people who sees energy and only be able to be seen only if the person believes in them or the pet trusts them. This is Very wonderful series it's a must read and I can't wait for the next and can I say I really really want a spirit pet.

I received an advanced readers copy of this. And after reading it, had to go get the first one. (It wasn't too much of a problem; I knew a few people from 'Genesis' survived, but really was not a problem knowing what was going to happen). This series has been more uplifting than others from Dale Mayer (others I have read are very intense; good but gut-wrenching). This feels almost light hearted. (OK maybe not quite that far). But I really enjoyed this. I am going to assume others will have given a good plot synopsis; I do see a parallel between corporations on Earth and Glory.
