Two For One Special Marie Carnay

Twice the temptation. Twice the pleasure. One love.

Damien and I love to share. The feeling of a woman trapped between our bodies—making her moan and beg and soar? Epic. Undeniable. When Macy shows up at the bar, Damien's ready for a steamy night. She's sexy and flirty and all woman. But I know she's more than a curvy fling. If we play it right, she could be our forever.

I never thought a hot man would be into me. Let alone two. But when they hold me close, I can't deny it. The way they tear their hands up my skin and grind against me on the dance floor—it's more than I've ever dreamed of. And everything I want. There's only one thing holding me back. Am I brave enough to give two men my heart?

Standalone, steamy ménage short story. Intended for mature audiences only.

Cindy Caron says

wonderful short, steamy menage story. Love the fact that Macy is curvy and attracts the attention of two hunky guys, one of whom she works with, but never had the chance before to truly get to know, as he was always in a relationship. Ray (the guy from work) along with his best friend Damien, spot her at a bar while she's waiting for her "blind date", who seems to have stood her up. They invite her to join them for supper, then stay for dancing. As things progress, they get hot and bothered.

Now that I've teased you, you will have to read to find out how it ends. It certainly didn't disappoint me, and I'm sure you won't be also. Worth the read. This is the first I've read from Marie Carnay, and I hope it's not the last.

Holy cow can Marie Carney spin a spicy tale! This short story was fantastic! Yes the plot was basic but it drew me in with a quickness.

Macy being stood up was probably the best thing that could have happened to her. If it hadn't she would have never had the chance to explore the world that Damien and Ray opened up to her. A world that she thoroughly enjoyed.

Both Ray and Damien seemed like great guys and I certainly wouldn't mind being sandwiched between them. They were both extremely giving. They were even protective. There was a small scene in the story showing that. It was completely unnecessary but it made me cheer.

All in all this was a great read that I highly recommend.

P.S. I absolutely love the blurb for this! I think it's perfect.

Passion x 3

This was a good read from one of my favorite authors. A short book, readable for some in a lunch hour, that was another ménage from ms. Carnay. An enjoyable book with just the right amount of steaminess. Have fun reading it.

Great Short

I didn't pay attention to the length when got this one. It's a short read. I Read it in...I want to say a half hour, but out really wasn't paying attention. I was a little concerned when I spotted a super minor typo in the description. I was anticipating more errors. Nope. Great read! Executed by a talented author! While it was short, the development of the characters was very thorough. The conflict in the middle, with the jerk side character, was a fun twist. The sex was phenomenal and written well. A couple phrases here or there were used one too many times, like "skin for miles"... or something. But it's just a pet peeve of mine. It in no way inhibits the flow of the story. I really enjoyed this one.

J. Kahele says

yes I'm addicted!

This is my second book I have read by this author. I have to admit I like steamy books. But it's really comes down to the writing and I have to tell you she had a way of sucking you into the world she has created so easily.

Sinister_reader says

well, I can't give it a whopping 5 stars but if you want a fast hot one shot story this is it. I think the story has a total of two scenes in it. but if it's smut your after and your into two for one, this is the book for you. and if you have kindle unlimited even better.

Catrina says

So hot!

I adored this book. The chemistry between Ray, Damien and Macy is off the charts, and the passion between them practically burns up the pages. The two men share an intense connection that is amplified when they find in Macy the perfect woman to complete the type of relationship which they seek. Moreover with the introduction of Damien and Ray into her life, Macy has a chance at gaining the love that she has been

missing. This book is definitely menage romance done right!

Ella Lane says

quick menage read. Problems are resolved quickly. Not something I'd buy, but ok on Kindle Unlimited for a one time hot read.

Arcoma Gonzalez Lambert says

Excellent menage

Fantastic scenes, great descriptions, hot dialogue...just what every woman wants, double the pleasure, double the fun. I am going to read more of this author's work.

Jamie Leigh says

good story. well written. wish the story was longer.

Marie says

Yessssss

I liked this book,two men,one woman my fantasy. Wish there was more of it.I would enjoy reading all of these

Two For One Special is an uber short story by Marie Carnay. It's another one of her quick and steamy reads. This time it's a MFM ménage involving two best friends, Damien and Ray, who are looking for a woman for a long term relationship. They run into Macy on a night where she was stood up by a blind date.

For a quick read, it dives into Macy's thought process and development for accepting a new experience with Damien and Ray. Kudos to Carnay for showing a realistic perspective versus automatic acceptance.

It was well written for the length; however, there were several editing errors that could have been avoided.

All in all, it's an enjoyable, quick and light storyline, focusing on the sexual relationship and designed to offer a speedy low angst read.

I love a good read but as some u get to the climax of the book it is over. I would love to have about two book in one.

Annie says**Loved it**

A fun fast and steamy MFM ménage story. Macy is stood up on her blind date. She runs into one of her hot co workers who is meeting his best friend for drinks. Ray and Damien are best friends, who have been looking for a women to be their third. While they aren't lovers, they are happiest when they are in a relationship together. Damien convinces Ray to take a chance on Macy. A great quick read when time is short or in need of a mental health break.
