Teagan Kade

**Burned** Teagan Kade

My stepbrother Brock—the street racer, the panty-dropper, the absolute and utter as\*hole.

He's back in town, alive, and now we've been thrust together in the worst way possible. I'm living with the very guy my investigation is centered on. I'm betraying him right under his nose.

Since *that* night I've tried my best to forget him, done everything in my power to disconnect us, but here he is infiltrating every area of my life. All he cares about is that cursed car of his... or so I thought. You see, try as I might I can't stop thinking about him, about his hands and his magnetic touch, everything I know is wrong.

But sometimes wrong is the only way to ride...

*Fast and Furious* meets *Fifty Shades*, **Burned** is the latest romance from the best-selling author of Chasing Storm, Teagan Kade, sure to kick your heart into overdrive.

This is a **complete, standalone novel** with **no cliffhangers** and **HEA**.

### Cathie McManus says

Can people really change? Maddy has to spy on Brock. Police think he is delivering drugs. Brock says he has changed. What is Maddy to believe?

Deep feelings return along with the danger. Will they survive? Will she ever find out the truth of years ago?

An "On the edge of my Seat" read.

I am voluntarily leaving an honest review of this book based on an advanced readers copy of Burned by Teagan Kade. This is a step-brother romance that will hold you captivated till the very end. Maddy is a cop and voluntarily goes under cover on her step-brother who the think is trafficking drugs. Brock is not trafficking drugs but growing it for medical purposes. Maddy has to prove Brock's innocence and bring down the true culprit. I can't forget about the off the charts chemistry Maddy and Brock have for each other. This is definitely a one-click book.

### Dawn Myers says

Well Teagan Kade did a good job of grabbing my attention from the first page. It kept me on the edge of my seat and turning the pages. When Brock the prodigal son returns Maddie's life is thrown into total chaos. Nobody is sure where Brock has been they all thought he was dead. Maddie is a cop that has been assigned to investigate Brock for possible drug distribution. As things go along Maddie is not sure of anything that Brock is doing. He says he has changed but as much as Maddie wants to believe him, she has many doubts. Can people really change as they grow up, this is the question that Maddie keeps asking her self. The attraction that Maddie has for Brock since they were kids grows even more. Teagan Kade did a great job of writing a bad boy that comes to redeem himself. I loved both Maddie and Brock, the chemistry between the two is off the charts. There was humor, suspense and off the charts sex. In my opinion this was a fun ride and worth reading, I don't think Teagan Kade disappoints in this book. I was given an ARC edition for my honest and voluntary review. I loved it.

### Taya says

This story was bangin'! Nothing like a sexy man in a I think it was a 67 Camero mmmhmmm. Kept me reading till the end.

Maddie is a cop who goes undercover to spy on her stepbrother, the police think he is the ringleader of a drug operation.

Maddie has always had feelings for Brock and visa versa, things get steamy while she is looking for clues. Is Brock behind the drugs or is it someone else? Read the book you won't be disappointed!

### **Ellen says**

- [1. the whole Captain being crooked and a sniper, just unbelievable
- 2. Maddy is willing to sleep with someone she thinks sexually assaulted her and then after sleeping with him she gets mad at him about the previous 'assault' despite never bringing it up with him prior.
- 3. Their relationship was just up and down, she kept back tracking and yet still constantly throwing herself at him right from the start.
- 4. Too much car talk
- 5. The undercover bit was just

Received this free ARC Copy from the author for an honest review.

Maddie is a rookie Cop. Part of her job is to infiltrate a gang run by Hernandez. Her boss thinks the leader is.....oh not him!!! Brock her stepbrother. Her sexy hot stepbrother. Can she use Brock to track the gang and not let her feelings in the way. Lots of Hot emotions, undercover work! and shady people. Can Brock and Maddie work together and who is the biggest betrayer of all... well I never guessed that plus little things can make a difference. Non stop action everywhere :-)

Burned by Teagan Kade

Maddy is a police officer and her captain want someone to fine out who the drug smugglers are and who is running it. He wants her to tract him, but it isn't just someone it is her stepbrother Brock. She hasn't seen him in 2 - 3 years and he hasn't changed, or has he. She is going to find out. I loved the twist and turns in this story. I really enjoyed this book, it is the first book I have read of Teagan Kade and can't wait to read more of her books. This is the kind of story you can't put down. I voluntarily reviewed this advanced reader copy.

### **Jamie Leigh says**

This was a good steamy read with a mystery or two thrown in. Good writing

### **Bennita says**

Maddy and Brock had a love/hate relationship for years but when Maddy was forced to spend time with him, sparks fly. The sex scenes actually made the story for me. I didn't feel a connection with Maddy and Brock as a couple. Individually their characters were well developed but their relationship needed more time to grow or maybe some flashbacks of them growing up with some sweet moments thrown in would have helped.

I liked the whole post-drug dealing/I'm trying to get out of the business thing going on. I confess I am a sucker for stories concerning mafia, guns etc.

The main protagonist was somewhat meh for me. It's not that I hated her but I didn't like her either.

This book could have been sooo much better but I feel like the main problem was the lack of character development. Only her step-brother was somewhat interesting (and hot). All the other characters introduced were just...there. I knew they existed but since all they do is stick around why do you even have them? Plus they all seem to have similar personalities. (Maybe not personalities. More like...characteristics.)

The mature content scenes though were very well executed and described.

### **books4me says**

Such a good stepbrother romance! Brock and Maddie have been step siblings and best friends for a very long time. Brock disappeared after high school and Maddie went onto apply and join the police force. As a new officer, she volunteers for an undercover job that she finds out is her stepbrother. Getting close to him is a challenge as he drives her nuts, keeping long hours late at night and sleeping all day. She knows she needs to do her job but finds it hard as she starts feeling more than just friendship for Brock. This was a good read with a few twists.

My honest review is for a special copy I voluntarily read

Great quick read and I love "forbidden" relationships. I'm not going into the story...read to find out, that's the point.
