Great book!!! loved out from start to finish. can not wait to read the rest. this was a great start to a new series. highly recommend

BooksCastleIgnite says

Let me first say that this was my first Soraya book I have read, and it was such an amazing series that I had to download every Chicago Syndicate book!! Definitely a newbie fan!! ❤️?❤️?❤️?

This book was by far one of my favorite Mafia series!!! Be prepared for a tremendous roller coaster ride!! ???? You will definitely love!

Soraya you did an amazing job creating each character perfectly, I love it so much that I literally had to re-read it again, just to relive Cesare and Kinsey love story all over. Is just so freaking fantastic!! I couldn't put my iPad down, and that says a lot !! ????

I hope we get a novel for Michael or create a whole new series just of the fabulous New York Syndicate Bad Boys!!

So if your a newbie like me or have already been reading this series, I recommend you to download this book, you won't be disappointed!! ???This books haves it all.....Passion, Second Chance, Friendship, and Love!! Don't think about it twice and hit download because you will enjoy one heck of a ride!! ????????

This was a quick story about the underboss of the New York Syndicate. After I had a mom brain moment and realized that we weren't in Chicago anymore then it all made sense to me. The story between Kinsey and Cesare was filled with friendship love and heartbreak. And a ending that was well worth it. I can't wait to read more from NYS.

FOR CESARE is a short story included in the MEN OF MAYHEM. I have followed and been a fan of Soraya Naomi since her first book FOR FALLON was release last year.

Her books are full of love, deceit, murder, suspense and lots of steamy sex. This short story was no different. It started out with a bang... literally! One flaw with a lot of short stories is that it jumps into the present and

you don't get the back-story. FOR CESARE was written so that you get the back-story. It explains the history between the characters.

I have love every one of Soraya's previous mafia romance/suspense books and I loved this one as well!

★★★★★ 5 ALPHA STARS

This addictive short read gives you just a taste of the Syndicate world and Soraya Naomi succeeds in getting you hooked and wanting more. My love for these Italian men of the Syndicate just keeps getting better. Cesare and Kinsey's characters were beautifully written and brought out all the feels! I loved their chemistry, their pain and heartbreak, and that intense love they had for each other.

This novella starts with a bang right off the bat. Cesare stunned by the presence of Kinsey escorting one of his Captains to The Boss' wedding announcement party, after not seeing her for five years. In an instant all their feelings and memories of a lifetime together come roaring back to the both of them but also the pain they both endured. Now five years later, they're not the same people and the damage is already done.

This must read second chance romance is a standalone novella of the New York Syndicate. You will get sucked in to the Syndicate world and will want to read this in one sitting like I did. Definitely a must 1click for me. Hopefully just like the Chicago Syndicate men that I love, we hear more from these gorgeous alpha males from New York!

Quick sexy little story about second chance romance and mending broken hearts !!

Sandra Murphy says

I have read all of Soraya's books and loved them. You now can add this novella. This short story is filled with angst, murder, mystery, and of course love. They met when they were young and fell in love, were separated, and now have been brought together for another chance. Will their love be strong enough to

overcome the obstacles? Grab yourself a copy to find out. If you haven't introduced yourself to this amazing mafia series, do it now. I promise you will not be disappointed.

Tammy says

Loved this book, I devoured it in a few hours. Cesare and Kinsey have loved each other since they were 12, a love that grew until they had to be separated. Soul mates or fate brought them together again. Read about their story from past and present it will not disappoint. This is my first time reading this author and it definitely won't be the last.

Jackie D says

When Cesare reunites with his best friend and lost love Kinsley after five years, the under boss of the New York Syndicate is going to make good on the promises he broke to her all those years ago.

Soraya Naomi has captured my heart with her mob men and tantalizing storylines in the past, this hot fast paced, second chance mobbed up novella did not disappoint!

Full of action and detail- and of course wouldn't be one of this authors mob men without the Alpha'd extraordinaire with a side of sexy!

Just the right amount of everything!

Now I am looking forward to her next book even more!

5 Short but Power Stars

Wow Soraya!!

For just a Novella, she really knows how to pack a story with action love and total Mafia style scenarios.

Meeting Cesare you see he is your stereotypical Mafia man, but when you meet the spitfire Kinsey, she is not what I would expect. She is a strong woman yet a woman scorned by a man who she loved and she is hiding something. Of course these two know each other and of course they are ex lovers, but how and why are they here and why are they now meeting up again at this specific party when this specific event occurs. Can they fix what they once had? For it was once a beautiful love story.

This is a quick read that I fully recommend and I want to hear form about these two in future books!!!!

Natalie The Biblioholic says

This story was incredibly short, which makes sense as it is meant to act as a prequel to the Chicago Syndicate series (I think). However, this was briefly about the New York Syndicate and I can't wait to see how it's supposed to tie-in. Will the author be giving us a new series based in New York perhaps? Although we're given the story of Cesare and Kinsey's relationship through flashbacks, it was at once enlightening because it

explained their connection and the years they stood strong together but it was also disappointing because I needed more of their present in order to believe in their future. I was unable to completely become invested in these characters and yet I would love the opportunity to see more of them. I guess what I'm trying to say is that there was enough here to make a full-length novel about these characters. The boss, Michael, suffered greatly and I'd love a story that concerns him dealing with his loss and finding his way through his grief.

Now I'm ready for what's next from this author - The Lawyer and the Tramp, which comes out October 3, 2017.

Release Blitz Date: September 16, 2017

Genre: Mafia Romance - Second Chance

POV: Dual - 1st person

Heat: 4 out of 5

Type: Standalone - Book 0.5 of the Chicago Syndicate series

Lenna Wright-Berry says

Being in love since age 12 there will be plenty of hard times as well as good. But their 3rd chance has come after 5 years apart on bad terms, he cheated while on drugs. Now Kinsley is in trouble with heroin and one of Cesare's men is her supplier as well as running his drugs. Engagement party turn into a murder screen, Kinsley is face to face with her only love Cesare, he and his boss must find out who or why there were killers at the party and Kinsley is the center of it. Cesare will get the truth and when he does there will be hell to pay. And his last chance with his love will set his soul right again.

Maria Di Pasqua says

This short novella left me with tears in my eyes. The story is mainly focused on Cesare and Kinsey and it's a fact that they are soul mates. They have been in love with one another since they were kids. Their love started as a strong friendship and it grew more and more until one day they both realized that their life was actually meaningless if they weren't together. So they fought against all the odds but at a certain point the adversities overcame their love and they both drifted apart. But fate has other plans for them and so they meet again under unpleasant circumstances and this time Cesare will do everything to keep her with him. "Do you believe in soul mates?" but mostly in a heartbreaking love? Don't miss this book. I'm only sorry that it was so brief, I would have enjoyed more of them.

Jessica says

I received an arc of For Cesare from the Author in exchange for an honest review.

This is my first book by Soraya Naomi, and it definitely won't be my last. I was extremely impressed and finished this short read in one sitting. I really enjoyed this packed novella about Cesare and Kinsey, as we see into their past and present of what happened between the two best friends turned lovers who after 5 years apart get a second chance.
