Getting Some

Kayla Perrin

Getting Some Kayla Perrin

Lucky Annelise may be having the best sex of her life with her new man, but she can't help noticing her two closest friends and her sister—fresh from very recent, very public breakups—are miserable. So she does what any good friend would do: plans a girls' weekend in Vegas!

In a town that emphasizes hedonism, Lishelle is sorely tempted. Between sensual masseurs and private exotic dancers—how's a girl to choose? She finally lets her guard down and beds the perfect guy for a no-strings-attached affair—a sexy rapper looking for a good time with no questions asked.

Meanwhile, Claudia is busy getting her groove on with a younger man who makes her laugh. Even better, he's eager to please and—much to her delight—wants her to be in control in the bedroom.

It's Samera who hits the jackpot, though, hooking up with a high roller and finishing off the night in his luxury suite. But Rusty has a dark side, and Samera can't get home to Atlanta—and away from Rusty's dangerous friends—fast enough.

But once the friends return from Sin City, they all receive threatening notes, suggesting someone has been watching them all along. Maybe this time what happened in Vegas won't stay in Vegas.—

Clarissa Jackson says

Damn good book, this was actually what got me into these kinds of books and I love this author, a personal fan, I was not disappointed with this book at all. Kayla Perrin I don't know what it is about her style of writing but her books takes no prisoners when it grabs hold of you, you have no choice but to go along for the ride and I was a victim of it to and I instantly became a fan afterwards.

Ally Harradine says

Poor writing, unfinished story lines, quite smutty. Reading the description though one should expect as much. Average read

Sharon says

I started reading this book before I realized it was a continuation of a book I only gave 2 stars too. But this one was better. Again, the ending was just abrupt and a little bizarre. She needs to learn how to write an ending for a book. Perhaps she writes them more as ongoing stories and just sort of picks where to end a book? In any case, the girls are interesting and the sex is pretty good...just needs a better finale!

Ladyvixen says

Ça se lit facile et c est pas super long comme histoire vu qu'en réalité il y a 3 histoires en une mais je l'ai trouvé bof je m attendait a mieux et je suis dans l ensemble assez déçue

Tracey says

"What happened in Vegas won't stay in Vegas..."

The story is about 4 friends taking off to Vegas to have some time out of their normal every day lives but they didn't expect what happened in Vegas was going to effect their lives when they come back home. I loved the book and the story around the 4 friends. the sex was good and the whole plot and suspense I enjoyed couldn't put it down. It was just meant to be a simple getaway but it didn't leave them when they got back home the friends all received threatening notes suggesting someone had been watching their every move n Vegas all along. Maybe what happened in Vegas won't stay a secret anymore. Read this book if you won't to find out more and to enjoy a good read.

Tara Anderton says

I don't read a lot of erotic fiction, so I was surprised that { really enjoyed this book.

Ruby says

This book was no where as good as the prequel.

Terrace Elder says

i loved this book! not because of all the romance and everything but because it had a good plot and was very suspenseful....

This book is about 4 women that decide to take a trip to Las Vegas! When they get there they start to have fun because it is Sin City, after all. Samera hooks up with a man from the club named Rusty. Annelise is married but she makes sure that her girlfriends are satisfied during their stay, hooking them up with hot massuers. But everything takes a turn for the worst when one night, Samera goes out to the club with Rusty. as she expects, by the end of the night she and rusty end up in his hotel room. He gets a little excited and invites his homeboy to join them, without her permission. She gets upset and they nearly rape her but she frantically fights and eventually gets away. The next morning they find out that Rusty had been thrown out of his hotel window

Francine says

I enjoy all types of books. This one did hold my attention all the way to the end if we all had girl friends and sisters that could foot us a weekend for some fun like that. I would recomend his book to the single ladies in the house. Kept up the good work Kala Perrin can't wait to read some more of your work.

Sussan says

great follow up from the first one and a thrilling twist at the end

Karen says

I just couldn't get into this book.. I read the first quarter TWICE, but it just didnt happen for me. The reviews were so promising though so perhaps reading further might've made it better, but I couldn't bring myself to keep going.

Kim says

We had a ball with the Book Club when we read this!!!

India Ellison says

this book is great.. I would say that its for majors students or teens. I think that it teaches you a lesson

Chrissy says

I loved this book! This is my first time reading the authors work and she did not disappoint me.
