Perfect Strangers

Tasmina Perry

Perfect Strangers Tasmina Perry

Breathlessly exciting, gloriously glamorous, PERFECT STRANGERS is *Sunday Times* bestseller Tasmina Perry's most thrilling novel to date.

Just an innocent invitation...

When Sophie Ellis is asked to house-sit at a luxurious Knightsbridge townhouse, it appears to be the offer of a lifetime. Drawn into the glittering circle of the home's owner, she meets wealthy American businessman Nick Cooper and is swept up into a thrilling and passionate affair.

But when Nick is found dead in his hotel suite, Sophie is suddenly the prime suspect for his murder, and soon realises Nick was not the man he seemed. Racing to find the truth and clear her name, Sophie must elude not only the authorities but also a group of dangerous players who believe Sophie has something that they want. And who won't stop until she's caught...

Escape with Tasmina Perry from London to New York to the exotic Cote D'Azur, and into a world where a simple case of mistaken identity unravels a web of lies and international conspiracy.

Shahanna says

Enthralling, breathtaking, eventful, and beautiful. Definitely a book recommendation.

Fatma says

Amazing thriller and an enjoyable read , Tsamina have created the perfect plot, It was my first Tsamina Perry novel n I'm sure its not the last !

Nahed says

I enjoyed reading it, till the end you cannot predict the truth

Cressida McLaughlin says

4.5 stars. Pure, indulgent, heart-thumping escapism. Loved it!

Kellie Mackrell says

Nope...not winning me over so far....goodbye book

Marriyam Gunaratne says

It is lit ? af. This is literally as if Dan Brown wrote Romance novels ♥?

Charlotte says

This was so boring. I thought it started off quite interesting but then it became dull so quickly. I didn't care about any of the characters and it was just a wild goose chase going from one lead to the next with no real substance. I only read it when I was bored or had nothing else to do. I skim read the last few chapters. I'm sorry, because I hate to leave reviews like this, but it was not exciting at all, the characters were 2D, it was very stereotypical and cliche, and the storyline didn't really make sense.

Amethystina says

I seriously can't finish this book. I just can't. I have read through half of it, hoping there would be some kind of light at the end of the tunnel, but there isn't.

The main lead is one of the most selfish, aggravating characters I have ever run into and I simply *can't stand* reading another word of her bumbling around feeling sorry for herself when all she really needs to do is grow up. While I do empathise with her losing her father, her insistence that she now knows the hardship of life after *one year* of having to do actual work without daddy dearest as a safety net just infuriates me. She literally knows *nothing*. She is a frustrating, spoiled little rich girl, constantly blaming her shortcomings on other people or just generally pushing the blame away from herself.

I am genuinely stunned by how immature, shallow, and selfish this woman is. And yes, I am fully aware that she is not responsible for her and Josh being hunted across Europe, but she *is* responsible for her poor life choices up until that point, and those after it. Like not listening to basic instructions and risking not only hers but another person's life as well, simply because she's a selfish brat. Just no. NO.

The plot is, in all honesty, not much better. This book is fast-paced, I will give it that, but that also means that a lot of it blurs together. They run from so many dangers in so many different locations that I'm just not paying attention anymore. It all feels so improbable and unbelievable, and while there are hints of some kind of reveal/twist up ahead (that I think I've already managed to figure out) I'm not at all involved in the plot, even after having dragged myself through half of the book.

This is just really, really bad and I feel sorry for Josh for getting involved in this whole thing. He deserves better.

I will be donating my copy of the book to the library at my earliest convenience. I have other books I would much rather have on my shelves.

Jill says

'Perfect Strangers' by Tasmina Perry is a wild and zany romp through London, New York, Paris, Cannes, Miami and the Scottish highlands.... in the style of James Bond. Russians and others are chasing young and innocent Sophie who is an unwitting suspect in a murder in the style of a classic film noir. With her on their whirlwind adventure is daredevil hunk Josh who supplies the brains, brawn and romance. The cast is fun and believable in the context of the plot, the pace is brisk, the plot twists and turns, and you have to keep turning the pages. A great escapist weekend read.

Ginetta says

First couple of chapters were good but it was all down hill from there. It just continued being ridiculously unbelievable, I was constantly saying "as if that would happen". I know fiction allows for stretching the possible truth but this plot was ridiculous. Sorry I can't agree with all the 5 star ratings. My first Tasmina Perry book, highly likely to be my last if this book was allegedly one of her best. Disappointed.

Best Crime Books & More says

I have read each and every one of Tasmina Perry's books and was excited that there would another one soon with the release of her latest Perfect Strangers due in August 2012. To my absolute delight, the publishers sent me an early copy for review so it became THE book for me to read. As usual with Tasmina's books you get a lot of book for your money and this one came in at just under 450 pages. As usual her books have very inviting covers and her new one was no different.

Without even glancing at the synopsis at the back I got stuck in. We start by meeting Sophie Ellis at her mother's house seeing to guests attending her fathers wake. Sophie is a 'typical' Chelsea rich girl that was spoilt by Daddy and never had to do a days work in her life. Sadly for her, that was no longer the case as just before her father's death he had made a bad investment and lost all of the family money. Sophie now lives in a bedsit and a chance meeting with somebody in her local gym leads to a surprise invitation.

It certainly seems an innocent enough start and Sophie is asked to house sit for a few weeks. Without realising what the future holds for her she attends a party and meets Nick Cooper. Within a matter of days she is swept of her feet and things really start to look up for her. Disaster strikes and Nick is found murdered in his hotel room. Sophie then becomes the main suspect in his murder and before she knows it her life has been literally turned upside down.

From this point on (which I must point out is less than a quarter of the way through, so no plot spoilers) things take a dramatic turn and the pace picks up considerably. I hadn't realised that I had managed to read a quarter of the book in one sitting as I was so engrossed. The next time I picked the book up I managed to finish it all. I literally couldn't put it down. Sophie, although not an obviously sounding great character, is extremely likeable and you soon realise that you are urging her to get to the truth. Her life is literally hanging in the balance and she has to find the truth about who killed Nick or she will end up in prison.

Although Tasmina Perry would usually fall into the 'Bonkbuster/Chick Lit' genre, this current book is verging more into the Romantic Suspense genre. I would defy anybody to not be gripped by everything that goes on. There were quite a few layers to the plot which constantly keeps the reader on their toes and I was so disappointed to finish it. The ending threw up a few surprises too but it was all wrapped up nicely. I must admit that although I have liked all of her books this is by far her best yet. Maybe because I am a fan of the crime, thriller and mystery genre as well as chick lit this was the best of both worlds for me. A truly magnificent read that had me reading into the early hours of the morning. Perry fans will NOT be disappointed!

Barbara Elsborg says

Second book in a row I gave up on, though I did get to about three quarters through it. I don't like reading - he smiled or she laughed as dialogue tags. There was something about the style of writing that aggravated me. The plot - I disliked. It required too much suspension of disbelief. The ponsi bit was okay, it was the race to Paris and the rest that left me thinking - what the hell? I felt as though this was a book that should have been a tense romantic suspense but didn't make it. The cover does the story no favours. It gives an

impression that the story does not fulfil.

Alison Hydes says

An enjoyable read ,suspense, drama and romance.

Tiia says

I had no big hopes, but I actually found it rather good. Two main characters were strong women, both on their own way and quite lovable. Story was told from their both point of view and as a reader you can only put pieces together follow these storylines. There was enough action, romance and twists on story line to keep you on your toes. I might actually read some of Perry's books later and hope they'll be as good.

Megan Readinginthesunshine says

Being a huge fan of Tasmina Perry's fabulous novels, I was very very excited when I started Perfect Strangers, and I rightly so, for it was one thrilling story!

In Perfect Strangers, we follow the life of Sophie, a posh Chelsea girl trying to come to terms with the loss of her father from a heart attack. After agreeing to house-sit an expensive Knightsbridge home, Sophie meets the handsome and sexy Nick. They start a passionate love affair, which suddenly ends as Nick is found dead, with Sophie in line as the murder suspect.

Tasmina has again created a novel where once you pick it up, you won't put it down until you've finished it, I found myself staying up til the early hours of the morning in a frenzy to find out what happened in the next chapters. The story is very cleverly written, with characters so real that I felt as though I was stood in the scene next to them watching the events unfold. Sophie in particular was a fantastic character, I backed her all the way and really wanted her to uncover the truth about Nick's death.

Perfect Strangers is fast, thrilling, and intriguing. There are a lot of surprises, twists and turns to keep you on the edge of your seat and desperate to read on! Tasmina Perry fans won't be let down one bit – A must read!
