Rise of the New World Order: The Culling of Man J. Micha-el Thomas Hays

The paperback version of this book is 626 pages, not 445

The same occult group of people who have been ruling over humanity for thousands of years continue to do so to this day. The Luciferian one world government of Biblical prophecy is unfolding behind the scenes as you read this, and was given the catchy name of the 'New World Order'. In our modern day world, the technology exists to fulfill all aspects of the Biblical prophecies regarding the End Times, including the resurrection of the original Antichrist, who was the architect of the New World Order over 4,000 years ago. This tyrant will be brought back to life to rule the world once again by using mankind's advanced DNA technology, fulfilling the prophecy of Revelation 17:8 "The beast, which you saw, once was, now is not, and will come up out of the Abyss and go to his destruction. The inhabitants of the Earth whose names have not been written in the Book of Life from the creation of the world will be astonished when they see the beast, because he once was, now is not, and yet will come."

I'm going to show you specifically the evidence that identifies who the Antichrist was and will be again, how the plan for the New World Order began, who ran it through history, who runs it today, and what is to happen in the very near future. You can learn right now all of the most important components of this evil agenda and how they interlock to form a pyramidal, compartmentalized conspiracy run by the Luciferian elites, to the ultimate benefit of only a few thousand of the people involved with bringing the one world government to fruition. This is all revealed in my first book, "Rise of the New World Order: The Culling of Man".

If you've never heard of the New World Order, what is happening behind the scenes is frankly quite shocking. My first book is exactly the 'red pill' that will wake you up to what's really going on in the world. Yes, it's quite disturbing, but there's a happy ending full of hope and promise if you understand what is REALLY going on, that which is plainly laid out in my books. The second book of this series, "Rise of the New World Order 2: The Awakening" is also out now.

Please read the book reviews for this thrilling new series of books here on Amazon and also Amazon UK, and you will see that I am creating a highly important series of books for you to not only read, but to make others aware of their existence. The time for a mass-awakening of humanity is short and I need your help! I'm currently working on the third book, 'Rise of the New World Order 3: Falling Sky', and expect to have it done and out in 2018.

Thanks for reading and thanks for your support. -Sentinel Jeff Hays

Thought provoking information

Well structured and well written book explaining some of the devastation man is facing. An atheist becomes a Christian as he studies mankind's history and the purported great plan for a one world government. Some of the theories proposed seem fact based while others are ,to me, speculative. The author bases his ideas from Revelation, the last book in the Bible. He encourages self study and preparation as he thinks the End Times near. Prudence and information gathering are helpful to all if you are open minded and a loving caretaker of humans. Who we are, where we go, and how we get there and by whose plan are important facts to know. This book gives one view clearly.

The author does a fantastic job in laying out how the New World Order/The Great Plan started in motion. I love that he uses biblical verses to explain/validate his findings. I highly recommend this book for all truth seekers. I have already started his next book, The Awakening and it is hard to put down :)

Was interesting up to the Trump apologies

There is No conspiracy against Trump. He is the most shallow and petty person ever to reside in the White house
