Style Me Vintage: The Complete Guide to Creating a Retro Look: Hair, Make-up, Clothes Naomi Thompson , Katie Reynolds , Belinda Hay

The three retro-gorgeous tomes in the Style Me Vintage series, covering clothes, hair, and makeup, are brought together in one glam package For anyone who has ever wanted to introduce vintage into their personal style but felt unsure where to start, this resource is filled with tips on how to create the complete and authentic look. It provides everything fashionistas need to know about all things vintage, so whether one is looking to completely overhaul a look, go for total vintage glam, or just introduce a few key vintage elements into the day-to-day look, this book explains how. Combining step-by-step hair and make-up styling techniques with a guide to sourcing vintage clothing from the 1920s to the 1980s, the book's detailed photographs and expert insight from its three authors provides readers with the knowledge needed to determine an individual style. It also offers tips on how to make retro styles work with modern accessories, making it essential reading for every girl who likes to dress up.

Meredith says

Nice look at key clothing trends 20's - 80's, including what was new in each decade, which is a nice feature, and how to identify clothes from different eras when you're shopping.

I was less enthralled with the hair-do's chosen, though the 20's finger waves looked good.

The makeup section was nice too, again a look for each decade.

Altogether a good intro to the various decades.

Christian book rater says

Basic styling guide to vintage styles. Quite good

Krystal says

Such an amazing resource for all things vintage. I learned so much about the art of styling and buying vintage. I was even inspired by a few of the pictures to try out some new vintage hair styles. I will read this again, and I would recommend it to vintage lovers such as myself.

Shaney says

A good beginners guide to all the decades of the 1900's.

Rachel Coyne says

Helpful, inspiring - liked the make-up tips for period looks. Understandable how-to.

Valerie Jackson says

This was fun. It very clearly delineated the differences between each decades styles, it was well layed out, and it provided plenty of ideas for creating a vintage look.

Catherine says

Shelley says

This is the perfect starter book for any dame starting down the meandering path of vintage! It covers the basics of what you should know such as what is vintage, buying vintage, and labels to look for. Then it covers the looks from the 1920s through the 1980s. The summery list of day and evening looks is especially helpful! Lastly, it gives step-by-step instructions on one style (hair and make-up) for each era. Each chapter has helpful tips and there is a great recommended reading list. I highly recommend this book for any newbies like me! If nothing else, it's a great table book because of the fabulous pictures and layout!
