A nice book for early chapter readers. A little taste of Chinese culture complete with lessons about "be careful what you wish for."

This modern retelling of a Chinese legend about a magic paintbrush starts very nicely, but then loses steam. I thought the author had a great idea in conceiving how to update the legend. Additionally, the main characters were well-drawn. That said, I thought the antagonist and the fantasy worlds were too random. (This could be because I am familiar with the original legend.)

Steve bukan anak yang ceria dan bahagia. Ketika pindah untuk tinggal di Chinatown bersama kakeknya, Steve baru saja kehilangan kedua orang tuanya dalam kebakaran hebat. Steve tidak mengenal kakeknya, dan dari cara kakeknya menegur dia dengan cara yang jauh dari kelembutan, Steve selalu takut dan yakin kalau kakeknya tidak mengharapkan kehadiran dirinya di sana.

Ketakutan Steve makin bertambah ketika dalam pelajaran art, pelajaran yang paling dia suka, Steve mendapat nilai F gara-gara kuasnya sudah mulai rontok. Steve takut menunjukkan nilainya ke kakeknya, dan takut juga minta kuas yang baru. Akhirnya dia menunda kepulangannya dari sekolah dan telat sampai rumah.

Kakeknya tidak tinggal sendiri, ada seorang tua lagi yang dipanggil Uncle FOng, sahabat kecil kakeknya, yang tinggal bersama mereka juga. Malam itu, setelah Steve menunjukkan nilai F nya, kakeknya memberikan dia sebuah kuas baru. Dan yang tak disangka-sangka pun terjadi. Setiap gambar yang Steve buat menjadi nyata! Waaaww! Ternyata kuas ajaiibbbb...! :D

Petualangan demi petualangan pun dijalani mereka bertiga. Percakapan antara kakek dan Uncle Fong yang lebih ke cela-mencela sangat menggelitik dan kocak.

Seneng banget kalo dapet buku yang bagus begini. Ternyata ya, buku bagus itu idenya nggak selalu harus njlimet. Yang simple tapi asik juga banyak kok yang worth to read. So... start your imagination and read this book :D

Cute, fast read for middle grade students. Steve doesn't think his grandpa likes him much. But then his grandpa gives him a magic paintbrush and he can travel to whatever places he paints. But the paintbrush is tricky. You must be careful what you wish for...because it might come true (but not quite in the way you

imagine)! Of course, in the end, Steve learns to be content in Chinatown, happy with what he has and where he is.

Didn't really know on which shelf to put this book since it has elements of realistic fiction, fantasy and traditional tales. The reader is taken on a journey into Chinatown and beyond as a young boy who lost his parents tries to bond with his grandfather. A magical paintbrush takes them to places that allow them to rediscover forgotten people and places, that will ultimately bond them together. Heart-warming story. I definitely discovered another favorite author in Lawrence Yep and will seek out more titles written by him.

This is a cute, easy folktale type story that is sort of a spin on the myth of king Midas. Even though it's quite short, the three main characters--Steve, Grandfather and Uncle Fong--are developed well enough to care about them, and there is a well-crafted conflict for them to deal with. Yep does a good job of blending modern life in Chinatown with Chinese legends. This is certainly an older elementary or middle school book,

but would be good for older students with less fluency, too. Just a happy, simple story.

I checked this out from the library to read to the girls. We started it yesterday and it's good so far. The boy lost his parents and all of his belongings in a house fire and now lives with his Grandfather. He feels that his grandfather could care less about him and is a little afraid of him. He gets an F in Art class, his favorite subject, because his old paint brush's bristles have frayed and is painting in three lines. He can't afford new school supplies. He's afraid his grandfather will be upset about the F so he comes home late from school. His grandfather is somewhat impressed with his painting and is surprisingly not upset about the grade - more upset that he came home so late. Grandpa pulls out an old suitcase and finds his old paintbrush and gives it to the boy. It becomes magic! I can't wait to see what else happens.

I didn't understand some parts of it but some parts were very funny!

Ever dream of having all that you've ever wanted? If you had Steve's magical paintbrush, all you would have to do is paint with the flick of your wrist, and all your deepest desires could be realised. But, with great power comes great responsibility-- so says the famous proverb. Is there a rightful wielder of the paintbrush in this tale?

Although short in length, this book is definitely not short in deep ideas and topics. Open your mind to discover a little about new worlds of culture and class.

Good read. We enjoyed this one. Laurence Yep is a great writer - he really gives readers a good feel as to the struggles the Chinese people went through as they began to work in America.

Read this one aloud to all of them. But, it was Ethan's pick and he especially loved this one.

a young boy is living with his grandfather, he feels unloved and unwanted, and feels that he is failing when his poverty makes it hard for him to even pass his favorite class...
