**The Theft of America's Soul: Blowing the Lid Off the Lies That Are Destroying Our Country** Phil Robertson

**It's time to take back what the devil has stolen and put God back into our culture.**

Phil Robertson, patriarch of A&E's *Duck Dynasty* and one of the most recognized voices of conservative Christianity in America, believes that little by little, generation by generation, America has allowed the lines of morality, decency, and virtue to be erased. Our values have disappeared as we began to believe lies—such as that God is dead, truth is relative, and unity is impossible—that have brought discord, division and protest. But Phil also believes that things can change.

Writing with captivating storytelling and unflinching honesty, Phil shows how to make America a God-honoring nation once more: by dropping the ten central lies that rule our day and taking up the ten truths that will bring peace of mind, harmony, and prosperity back to our country.

*The Theft of America's Soul* is a prophetic wake-up call for all who desire to see our nation thrive. And it is also an invitation to experience the life-giving, peace-filling, wholly-transforming love of God.

A book all of America should read. Written by a true and unapologetic man of God. This book deals with alot of hard truths that most people in our country do not want to believe. Phil Robertson needs to keep preaching these truths to all who will listen because the sad shape our country is in we need all the truth we can get.

Simple and truthfully spoken on why America is corrupt and lost! I enjoyed the straightforward, no sugar coated, frankness how we came to where we are today. Also, simple solutions to get back! Great book to share.

I do have to say that prior to reading this book, I am not familiar with the author or the A&E show Dusk Dynasty at all. I knew that he was a part of it but it was the title of this book that caught my attention. This book is broken down into 10 chapters, which include some very common lies that are rampant in our society. These include; God is Dead, There is no Devil, Truth is Relative, God Did Not Create Life, Sex if for Self-Gratification, Virtue is Outdated, Laws Can Be Ignored or Changed If They Are Inconvenient, Unity is Not Possible, Church Participation and Day-to-Day Life Should Be Kept Separate and Christians Should Shut Their Traps. Along with the lies in each chapter, the author presents the truth, such as in the first chapter, God is Dead, the truth is "The God of the Bible is not dead and He never will be."

These are all topics that I can easily see effecting our current society and it was the first book I read that have addressed so many of them at once. The chapters are a combination of personal stories from the author, as well as scripture that backs up the "truth" in each chapter. Although the author's personal stories were not my favorite part of each chapter, I do applaud him for including such personal stories in this book. And I also am happy to see celebrities speaking out for Christianity, when the majority do not. This is certainly a relevant book in our country today and I think anyone who reads it will be able to easily make a connection between what we see everyday in the news and social media, with what the author is addressing in each chapter.

Thank you to the publisher, Thomas Nelson, for sending me a review copy of this book.

Phil Robertson, of Duck Dynasty fame, presents his beliefs about God, Jesus, Christianity, clean living, and freedom of speech using a literal translation of the Holy Bible. Robertson does a great job of explaining what his life was like before he learned about Jesus and the promise of eternal life and after his enlightenment. This man takes a lot of abuse for his views and his determination to preach what he knows, but he perseveres. I enjoyed watching a lot of Duck Dynasty reruns so was especially interested in learning more about Robertson's life. I admire a man who practices what he preaches.

**Phil knows how to get to the heart of things and doesn't water down the truth. This will be a book I use for personal reference for years to come.**

This book is for anyone looking for inspiration to share the gospel of Christ while heartily as we should. Also for those searching for a way to salvation. Phil has shared the truth.

America is in the midst of a culture war. And it might be a fight to the death. I can't recall a time when the country has been more divided.

I worry about handing an uncertain future to my sons and the families they will someday lead, so I ordered a new book after seeing an intriguing interview on The 700 Club.

As someone who has never seen an episode of DUCK DYNASTY, I didn't know what to expect from author Phil Robertson, the patriarch of the backwoods-Louisiana clan of self-proclaimed River Rats and rednecks.

I certainly didn't expect to see long-haired, rough-around-the-edges Phil Robertson as a modern-day John the Baptist--but after reading his latest book, I surely do.

John the Baptist was described in Scripture accordingly:

"And the same John had his raiment of camel's hair, and a leather girdle about his loins; and his meat was locusts and wild honey." - Matthew 3:4

Sounds pretty wild to me.

Now take a look at Phil Robertson on the cover of the book.

I rest my case.

So while John the Baptist prepared the world for Jesus's adult ministry, the Duck Dynasty Patriarch has come along more than 2000 years later, to remind us that it is still relevant.

From the start of his book, Robertson points us back in time to the 1960's. A much younger man then, he reminds us of the 1966 Time Magazine cover article that asked, "IS GOD DEAD?"

Turns out it was a slippery slope. Look where we are today.

In America, we removed God from our government, from our public schools, from our colleges and universities, from our businesses, from our entertainment, from our homes, from our families, from our beds, from our healthcare, and yes--even from some of our churches.

So why are we surprised?

Robertson sets the stage in the opening pages of the text:

"In the sixties, a deep sleep-ism settled over our country. Atheism, agnosticism, humanism, moral relativism, naturalism, personalism, rationalism, materialism--all the isms washed over us. These isms led America deeper into sexual immorality, greed, and the wholesale slaughter of the unborn. The isms led us into debauchery. I know this, because to my embarrassment, those isms washed over me. For a time they led me down the same road of sin...

It's been more than fifty years since the publication of that Time article, and almost as many years since I was freed from the lies written about in that article. How was I freed? Only through an encounter with the living God. The last time I checked, God ain't dead. He's very much alive.." (Introduction, xiii)

Robertson owns his own walk into the valley of the shadow of death. I mean, really, nobody likes a goody-two-shoes, right? This man has been in the pit with the rest of us.

And he makes a valid point in saying that the insanity of the 1960's is finally coming home to roost.

We didn't get here in a vacuum.

With the faith of a man on fire and the Scriptural knowledge of a prophet, he holds up a mirror to our culture and does so with unique eloquence.

Robertson examines ten lies that are destroying our country:

God is dead.  
There is no devil.  
Truth is relative  
God did not create life.  
Sex is for self-gratification.  
Virtue is outdated.  
Laws can be ignored or changed if they are inconvenient.  
Unity is not possible.  
Church participation and day-to-day life should be kept separate.  
Christians should shut their traps  
The author then uses Scripture, history, personal experiences, and good old-fashioned horse-sense to disprove the lies.

Robertson is a highly educated Christ-follower. A former English teacher turned successful entrepreneur turned reality-television star, this is no country bumpkin.

At a time when we all bow and scrape to the god of political correctness--so afraid to speak the Scriptural truth about hard issues like homosexuality, gender, abortion, etc., this is an important book--like a voice crying out in the desert.

Hmmm. Where have I heard that before?

Brother Phil has written how to for Christians. He sees what I see and that is the changing of a America. Jesus spoke about the end of days. We must get real with evangelism and prepare those we love for the up and coming battle. Is it too late? I pray not!

## **That Country Girl says**

Praise God for Phil. Praise God for this man's life and service to Christ. PRAISE GOD.

~

Phil has, literally, saved thousands of people. God used this simple, deeply flawed man to get his message out with a powerful roar--a mighty wave that shook the country.

~

This book is almost a loving plea to America--turn back to God. Turn away from evil. Our country is traveling down a dangerous road. Soon, (if we don't turn back to Christ) our nation will be completely under the control of Satan.

Like always, Phil speaks plain ol' common sense in this book. He even spells out how to be saved.

~

Read this book. If anything, at least it will give you the chance to hear the message of Christ--which is, by the way, the only way you'll make it off this earth alive.
