## **From Reader Review Bright Arrows (Love Endures) for online ebook**

### **Jerry says**

Another timeless classic from this beloved author.

---

### **Amber says**

Not terrible in and of itself, except for the accent, but I expect more from a Hill book. Maybe I just like her earlier stuff, idk.

---

### **Mikayla says**

This was a super sweet book by Grace Livingston Hill. I love her books because I know I can just pick up any of them and there will never be anything inappropriate in them. This one had a bit of action in it, and a whole lot of good gospel message.

My one complaint was it seemed that the bad guys were a bit to easily disposed of.

---

### **Melissa says**

Don't remember it, so I'm guessing at the three stars.

---

### **Carol says**

Okay, I know this story would probably not make it today's market. But it is so sweet! So innocent. Full of the Christian message, unashamedly. I always feel so good about everything after reading one of Grace's books. They are really fun, just as they are, in this lovely, old-fashioned style.

---

### **Karen says**

A bit dated, but a good story with break-ins and deaths to deal with.

---

### **A. says**

I read this book when I was a kid (my mom gave me a copy), and I find it pretty lacking as an adult but it

was a fun, dramatic, romantic read when I was eleven. It follows the Grace Livingston Hill formula: main character becomes more fervent in their faith, meets worthy person who may also function as a spiritual mentor and falls in love, a worldly and unworthy person (or people) interferes with the romance, but it all has a mostly happy ending. This book includes one of the meddlers having a deathbed conversion while a couple other meddlers end up dying sans conversion and one presumably goes his merry way after being roundly slapped by the heroine for taking liberties.

---

### **Dean Cummings says**

Eden is a young lady left to her own after the father she adores passes away. Shortly after his death, Eden's greedy cousin and aunt try to steal away the inheritance her father left her.

Soon, the young lawyer, Lance Lorrimer is brought into the picture and he and Eden form a wonderful partnership.

I adored Eden, especially how she comported herself with such grace and dignity, even in the face of malice. In many ways, Eden reminded me of Fanny Price from Jane Austen's "Mansfield Park." As I say this, I'm referring to Fanny in her more "quietly determined" moments.

As I turned the pages of this novel, I found enjoyment on every page! It's the first Grace Livingston Hill novel I've ever read, but now plan to read many more.

---

### **Kristine Hansen says**

Eden has known hardship for awhile now, and so as a button girl in a large department store, she really can't expect much better than this in her life. But things are about to change, starting with a young lawyer and a letter.

Suspenseful and engaging, I liked best the growing relationship between the lawyer and the girl, but also the growing faith life of the two. Overall the glimpses of society in this time period made this book a delight - and the characters really brought this story to life. I love the books by Grace Livingston Hill, as I'm sure you can see. Every one is a pure delight!

---

### **Stephanie D Higgins says**

#### **Awesome!**

This wonderful book brought tears to my eyes... Lovely inspiring... Beautiful romance coupled with godly guidance about our lives and choices

---

### **Victoria Lynn says**

I really enjoyed this book! It was nice to go back to the simpler things after reading a boatload of modern fiction. Grace Livingston Hill is my hero! I have loved her work for years and I still do. I was surprised to find that some of the characters struggles were SO relevant and true for me in our time. Eden struggled with so many things that I do. For one, the way outsiders view my faith and who I choose to be with scorn or indifference. The romance was pure and wholesome, as per usual, and the suspense she wove through caught me by surprise since it is so not like her. I literally had my jaw dropped in shock, eyes wide and not breathing at a particular moment in the book. It was so good! Everyone must experience G.L.H at some point in their lives and this would be a great book to try! I have said it before and I will say it again. She is the queen of Christian Fiction!

---

### **NV says**

This is a wonderful Christian story. Grace Livingston Hill was one of my first favorite authors and revisiting this story was a pleasure. The story stands the test of time and still gives joy.

---

### **Amanda Aelker says**

I think this is the first Grace Livingston Hill book I've actually enjoyed. Some of the dialect is hard to decipher, and the slang still bugs me a little, but definitely an improvement.
