## **Bubbles In Trouble** Sarah Strohmeier

New troubles for Bubbles: Her friend, bride-to-be Janice, never showed up at the altar, and everybody's blaming Bubbles for singing Lynyrd Skynyrd's "Free Bird" at the bachelorette party the night before. Now Bubbles has just found Janice's uncle Elwood dead on his bathroom floor-his skull bashed in and his Rolls Royce missing. The baffling murder could be her Big Break as Bubbles goes deep undercover in Whoopee, Pennsylvania (located between Intercourse and Paradise) as a "plain girl from Ohio" boarding with a local Amish family. That means no spandex, no showers, and...no makeup. When she's not helping out on the farm, Bubbles searches for clues-with the usual hilarious results.

### **Myhotstylist says**

This is the second installment of the hilarious Bubbles Yablonski mis-happs, titled Bubbles in Trouble. In this episode Bubbles is in Amish Country solving yet another murder crime. Along the way, she cleans a prized cow with VO5, convinces her "new" Amish family that her gold toenail polish is actually a toe fungus, and has a mishap with an exploding barrell of rootbeer all over the kitchen..... The laughs never stop comming with this one. If you loved the first book in this series, you will really enjoy the second as well. I give this one 5 really big stars!

---

### **Allison says**

LOVED the Bubbles series by Sarah Strohmeyer!! Funny, engaging and so well written, with enough anticipation and surprise to keep the pages turning... the characters drew me in and kept me there. As I finished each book, I couldn't wait to open the next one in the series.

---

### **Sara says**

If you've read Bubbles Unbound, then just close your eyes and imagine Bubbles Yablonsky.....in Amish country!!! Oh yes...let the fun begin!

---

### **LuAnn says**

Loved this series.

---

### **Marika Chunyk says**

This is a fun easy read, as bubbles tries to go undercover as an Amish woman to find out what happened to her friend and who murdered her friend's uncle. Laughable since she is a jersey girl that is far from Amish. I will definitely read the next in the series because it is a light feel good book.

---

### **Karen Brimhall says**

The Bubbles series is a hoot! OK, it's not exactly Fine Literature, but if you're in the mood for a quick, fast, funny and a little bit mysterious read, with some over-the-top fashion that the bleached-teased-spandex-clad Bubbles sports, well then it'll be well worth the read. It's a fun, easy and fast read that keeps you turning pages!

---

### **Barbara M says**

You can tell that Strohmeier knows Evanovich. In fact, she was a guest author at one of our County libraries and said that Bubbles was "born" on Evanovich's kitchen table. There's plenty of humor, Bubbles isn't the same character as Stephanie Plum. However, a lot of this reminds me of JE; lots of slapstick and a romantic interest (or two). Bubbles has a quirky mom (rather than grandma). Bubbles also has a brilliant daughter and a former husband very much on the screen. In this story (the second in the series) Bubbles has gotten an assignment from the newspaper - she sort of freelances when she's not working as a hairdresser. In this assignment, she goes undercover in Amish territory where she dresses in traditional clothes, no make-up, and works at an Amish farm. I'm sure it doesn't take too much imagination to figure out there are plenty of opportunities here for humor.

---

### **Linda says**

I really enjoyed this second outing with Bubbles. It was fun watching her go undercover in the Pennsylvania Amish country. Some good twists along the way including one at the end that had me going for a few pages. Looking forward to reading more in the series.

---

### **Amanda says**

A cute cozy mystery that's a bit dated but still fun. Not sure that I'll read more in this series, so hard to take a main character named Bubbles seriously.

---

### **Barbara says**

This book was so much fun! I'd never read anything by Sarah Strohmeier before, but now I can't wait to read more of her work!

I loved how much heart Bubbles has, her mom's common sense & her daughter's insight & intelligence. I'm from Montgomery county, PA. & spent many a Saturday in Amish country & Ms. Strohmeier made the setting a real part of the story. I felt like I was back home! I thought she portrayed the Amish with a lot of understanding & compassion.

This book was a pure joy to read, & I highly recommend it!

---

### **Michelle Hofacker says**

I liked book 2 better than book 1. The first book felt a little like the author was trying to emulate Janet Evanovich. This one seemed more like a separate story. Bubbles went undercover in Amish country to try to solve a mystery. After many near-death experiences, she finally got the bad guys and also got an "I love you" from Stiletto.

---

### **Sherri F. says**

I now own a HB book & also listen to audiobook (which I'm multitasking in the house or resting), while I'm reading some other hard copy books.

Loved Bubbles Unbound and so this one seems right up that alley, damn teaser opening thinking Bubbles was getting her some Stilleto. Bubbles in Amish Country was hysterical and love references to Van Halen and GH/Luke & Laura. Bubbles as a genius after eating pot-laced whoopie pies was priceless. As usual, she picked the wrong killer, got herself in danger but eventually she (along with help from Stilleto, Genevieve, her mom & Jane & G (some)), they saved the day.

---

### **Kristi says**

This is the second Bubbles' book and is just as funny as the first one. This book is a very simple read. I read it while keeping scores during a golf tournament. At times I had to contain my laughter.

In this book Bubbles finds herself in the middle of Amish country because her good friend Janice is missing. You would think Amish country would be quiet and uneventful but Bubbles runs into more situations that get her in trouble.

There are parts that made me smile, like Bubbles trying to give a cow a hot oil treatment. Her making root beer, and her constant need for Tastycakes.

If you are looking for a bran drain, this book is not it but if you just want an easy, fun beach read then pick this one up.

---

### **Rebecca says**

Another free crappy sort of mystery novel, but better than that last POS I read. I think this was a sequel to a book I hadn't read as well, but it read okay as a stand alone. Not great, but not horrible either. White-trash women is a hair-dresser, but wants to get more into journalism in her small town and seems to search out crimes to write about for her town paper. This one had to do with like her best friend, who was Amish, but not anymore and she was about to marry someone, but disappeared right before the wedding. Someone dies and chaos ensues. How will this white-trash hair-dresser act within an Amish community so she can find out what happened? There was a little too much going on for me, and there ended up being like 3 crimes and stories going on at once and I couldn't really follow it. The writing was witty at times, which made the painfulness of the story not so painful at times, but all in all, a pretty lame story.

Grade: C-

---

**Warren Gossett says**

Delightful mystery about a hairdresser turning high heels on the ground undercover newspaper reporter. The heroine's comic name is Bubbles Yablonsky, a daughter of the coal and steel country of Pennsylvania. The author Sarah Strohmeyer spins a sweet story. In the words of Flume's Hottest 100 song, she knows how to "Say It."
