**????? The drama continues!**

This author has done it again. Another 5 star read. Pt 2 picks right up with the drama. The book keeps you interested throughout and makes you yearn for more. You never know what twist and turns are going to occur and who is coming for Zontae and Mesa next. The ending was a crazy cliffhanger which left my mouth hanging open. This author is definitely one of my favorites and continues to prove why she deserves to be. If you like paranormal, this is a must read.

**Zontae Zontae**

I absolutely hate Esha. Point blank. I can't wait for her to die. I love how it ended, giving us something to anticipate with the next installment. Because of their hatred for their dad, Dane & Devin are to be half way trusted. I believe they'll redeem themselves. Once again though Mesa is hilarious. He doesn't care what comes out his mouth. Reading this made me wish I had some powers lol can't wait to read #3

**Pissed**

This book is simply amazing. I am really sad that we were only 88% done and the boom all these stories from other books. Being an awesome reader, thats how the characters get mixed up. I was so hurt by this. HOWEVER please dont mistake my wanting for more to take away from the awesomeness of this series.

**Baby!!!**

When I say I am stuck right now. I am so glad the girls came into their powers and accepted their mother after finding out the truth behind what happend and why . I am in love Zantae and Mesa. It blew my mind how powerful the girl were. I hope Queen Esha get hers in part three because I am tired of this bish ruining everything and being sneaky and deceiving. I hope the man the brought in the room was Monroe but we won't know until part 3. Will the boys become king and prince? Will Esha and Luke get their karma. I hope the girls mom whoop that tail because she been asking for it for centuries.

How could one be cold and heartless all for the name of power and ruler ? God I hope the forbidden being isn't one of the babies poor Mesa and Zontae might have a heart attack! Did I mention how much I want a mate to love me like Mesa and Zontae Love Selene and Samara? Book 3 LETS GO!!!!
