Deadland: Untold Stories of Alice in Deadland Mainak Dhar

The latest thriller in the bestselling Alice in Deadland series.

In the Amazon.com bestselling Alice in Deadland series, we meet a fifteen-year-old girl called Alice living in a post-apocalyptic wasteland ravaged by undead Biters. Alice follows a bunny-eared Biter down a hole, triggering an adventure that forever changes her life and that of everyone in the Deadland. The true conspiracy behind The Rising which destroyed human civilization is revealed, and Alice discovers her destiny in defeating the dark forces behind it.

But what was life like for Alice growing up in the Deadland? How did she first come face to face with Biters? How did she come to be such a skilled fighter? In a world full of violence and death, did she ever know friendship, and even love?

This collection of stories answers all those questions and reveals to you the hitherto untold story of Alice in Deadland.

Velia says

Awesome stories from the Deadland.

Tracy says

I really enjoy this series. This was an interesting look at Alice before the first book.

Regina says

So I didn't realize this until midway through but this was written after the first couple of Alice in Deadland books. But seeing as it is sort of a prologue/history of Alice as a little girl growing up in the Deadland I figured there was no harm in reading this first. Looking forward to reading the actual books now.

John Ayer says

false

Becky says

Solid story, easy to read. Reminds me off The Passage mixed with The Hunger Games. Of course it made me eager for the new season of The Walking Dead too!

Leah Dickson says

Good read!

This is one of the best book series I have read in years! I have really enjoyed reading this story! I also really like the characters! I read a lot and I recommend this series to any book lover!

Sarah Crawford says

The book covers what growing up in Deadland was like for young Alice. It covers the dangers from Zeus

soldiers as well as the Biters. Alice grows up trained to defend herself and defend the community. She proves to be very good at both, so good that at times she scares other people. She becomes obsessed with killing Biters and proves really good at that (as well as good at killing Zeus soldiers.)

It's a very harsh life for a young girl (and for everyone else) who lives in the Deadlands. It's a very dark book but an important one for the series.

Marie Sieloff says

I love this series

Wayne's says

These are stories of Alice growing up.

Brent R. says

This book doesn't take you on the same ride as the continuous novels, but the material here makes Alice's world much more complete. I had wondered what experiences Alice had while growing up as a child in the Deadland and this provides many answers that help me understand many of the decisions she made later in life (and semi-death). Highly recommended.

Amie says

These are the stories of a very young Alice growing up in the Deadlands. They show her spirit and spunk well. They also really let the reader in on what it was like growing up after the Rising. The last tale ends where the first book begins - with Alice following a Biter wearing bunny ears down a hole...

Maria Banning says

I love Alice!

Patrick says

Mainak Dhar is a fantastic writer who blends science with contemporary politics and stories from my childhood into a wonderful and engaging body of work. I highly recommend the Alice in Deadland series.
