**Hunted** Chloe Cole

*Bookish librarian or vampire hunter?*

When nightwalker Gabriel Thorne is tasked to do recon on Zara Matheson, he thinks it's a waste of time. This shy bookworm's edgiest achievement is winning a blue ribbon for the county's best pumpkin pie. It's only when he meets her face to face that he realizes his mistake. Because while she might look like an angel, Zara brings out the beast in him.

Zara Matheson hasn't been the same since the mysterious death of her father, and she'll do whatever it takes to get to the bottom of it. When her investigation leads her to Club Nitris, she slips into the seductive world of dominance and submission with a man who rocks her to the core. But is their searing attraction blinding her to the danger that surrounds her? ?

## From Reader Review Hunted for online ebook

### **Cheri says**

Part 2 is even more exciting than the first. Zara has fallen for Gabriel. Running down a man, taking him home to fix him up and get a phone to 911 had been the beginning of more than she could have imagined. Avenging her father and proving he was sane and Vampires are real had just been a means to an end. At least that's what Zara believes. Nights in his arms and hours of his magical lovemaking had answered all the questions she needed.

Gabriel knows differently. He met her as an assignment to find out if her father was a Vampire Hunter and responsible for a heinous act. Falling for her wasn't part of the assignment—it was supposed to be pretense.

There is so much more going on and the romance, reluctant investigation, medical testing—let us not forget the steamy steam these two create. Yes, this is one you won't forget, but you will be anxious for the next part. Bring it on!

---

### **Janice Hougland says**

This is the beginning of a vampire series, and what a doozy it is! This author has a new twist on the vampire romance genre...that of a vampire (Gideon) not happy with his state and who wishes to become human again, especially after he meets and falls in love with a human (Zara). There's a bit of a mystery involved in Zara's search for the perpetrator in her father's death and that leads her into danger...and into Gideon's arms. Loved this story! A complimentary copy of the book was provided by the author in exchange for an honest review.

### **Tiblu says**

#### **I tried..**

I tried but I just couldn't care, lets be it this way almost 5 seconds after I stopped reading I'd forgotten both their names and had to leave the review area and go look at about this book to get Gabriel and Zara names.... Please feel free to ignore me because this isn't too much a review per say as just me getting my feelings out so I can move on to another book... Kinda a mental palate cleansing if you will.... I can't say this book was bad or good except that it wasn't for me, I didn't feel, or like Gabriel's deception and his Dom. BS didn't help the situation for me, ok, I'm not a Huge BDSM fan , No and when I am I like a Domme not a Dom. Coz the idea of a spanking some sexy yummy alpha's ass turns me on a 100% more ,than some submissive woman getting from some overly controlling guy in stories where submissive usually feeling like it equals doormat/TSTL territory than a strong who knows what she wants and to be bound and spanked it is... Is that what I think this is ? Aaaaaaa not sure but it turned me off not on, I guess if a woman already KNEW she wanted it and went looking then that's one thing, but to meekly acquiesce because guy wets her panties,aaaaaaa No... I liked in Ainsley Booth's Prime Minister but she figured out what he wanted all by herself and decided she wanted to give it a try while he'd run in the other direction not wanting to push it on her, afraid of what she'd think... It was hot and sexy, but this might be right for some just not me...

Thank you, feeling free for what's next now

---

### **Sandy Digger says**

I really liked this book. I am not a big fan of vampire stories but I enjoyed this one. It starts out talking about Gabriel who is a lieutenant in the Protectorate. His boss assigns him the task of reconnaissance on Zara, a human thought to have ties to vampire hunters. He stages a fake accident making her believe she has hit him with her car. She invites him into her home which allows him to snoop around, but he doesn't find anything. He listens in on her thoughts and finds out her father was a hunter and that he killed the master's mate. Unfortunately for him he has also discovered she is his familiar and they have an unbreakable bond. Oh what to do, what to do...well what else can he do, he courts her, deepens their relationship all the while telling his boss he's doing it for the job. Uh huh, what part of the job requires sizzling hot sex?? Oh, did I mention he has a BDSM club too? Lots of unexpected twists to keep it interesting.

I can't wait to read the next book!

---

### **Rachel- Goodbye Borders says**

Zara is a librarian. She recently lost her father. He was murdered. The police have closed the case, believing he was killed by a large animal. Zara believes otherwise. Gabriel is a vampire and part of the vampire police force (kinda for lack of a better word). He eliminates threats to their existence.

I liked the revelation and history given about Zara's father. Instant attraction between Zara and Gabriel. This ends with the relationship unequal in my eyes. Zara still has no idea what Gabriel is, while Gabriel knows about Zara.

I also cringed a few times during the sex scene; "...searing pain on her ass..." and "...the burning welts..." Ouch!!!

---

### **Karen Voitik says**

>Book review – The Hunted

>I am an independent reviewer. This book is the first in the New England Nightwalker series and somewhat ends in an HEA. Gabriel is a vampire investigator sent to see if the human Zara is a danger to their kind. Gabriel sets up a situation to meet Zara and discovers she is just a good girl. He can't figure out why she would even be on his kind's radar as a vampire hunter. The more he gets to know Zara, the more he feels a pull towards her, like a mate.

>Zara's father was murdered. He was a conspiracy theorist his whole life. His last works told Zara he was chasing vampires and that they truly exist. Once the truth is confronted, Zara and Gabriel face a crossroads in their relationship. This story has a tiny bit of BDSM, but mostly the theme is compassion. Gabriel tries medical ways to turn back to human thinking it would be the only way to be compassionate.

>Zara's journey from vengeance to love and forgiveness is interesting in light of the paranormal aspect of the book. The lengths Gabriel goes through to protect Zara show his commitment to her. The only character I

disliked was Zara's friend from the library. She was a bit cold and thoughtless in regards to Zara. I didn't feel she was necessary to the story.

>This book is appropriate for an adult audience. I am giving the book 4 stars. There were quite a few proof reading errors that steal the reader from the story. In one case a sentence ended in 'a' and in another case Gabriel was typed as Gabriela. Once a reader is engrossed in a story, those types of errors pulls them right back out and the story magic disappears.

---

### **Cheri says**

Wow, three books in one.

The honorable vampire and the librarian. Hummm. But that is what we have. Gabriel is in Vamp law enforcement. He has to make sure they stay in line—and that humans don't find out about them or worse yet hunt and kill them. There is some real turmoil in the ranks. His mission is distasteful, (no pun intended) but he has no option. Then he sees Tara, damn. This isn't going to be easy if she affects him from just a picture. Wait till you see their reaction in person. Tara looks and is innocent, except she knows a vampire killed her father.

How are these two going to deal with their secrets. Tara finds out what she thinks he is hiding but it is only the surface. How will she respond? Can he chase her away? If not and she runs how will he deal?

Can't wait for the next installment! Great characters with honor, steam and issues galore. A solid recommend.

### **Naughty God Mother**

Sexy, funny and endearing. When is a promotion not such a good idea? If you are an under fairy promoted to temporary sex goddess. Especially if you aren't at all confident. New job title--turn geeky guy into hot dude. Should be okay, she's new but he's inexperienced all should work out fine.

Oops, he's not so inexperienced. He's undercover and when she shows up he wants to get her under the covers. Can he keep his secret to reap the rewards of her training program? And will she get under his armor as well?

If she finds out the truth where does that leave them?

This is a short but fun read. Their chemistry is hot tub steamy and the misunderstanding fly. Under it all they are fun characters in a hilarious situation. I have to read more of this series. Ms Cole has me hooked.

### **Tempting Trent**

The second book in the Naughty Godmother series was another surprise. The first one was hysterically funny and light hearted. This one is touching and endearing. Trent lost his wife two years ago as well as his will to live a full life. He's an Army Ranger on leave for his brother's wedding. He is happy for this brother, however the last thing he wants to see is a happy couple.

Mila is the fairy godmother assigned to his case by none other than the Fairy Queen. Mila doesn't go into

field any more, she trains new fairies to teach geeky men how to relate to women and find love. Trent is neither geeky or interested--until he sees Mila and she pulls out all of her considerable arsenal. Ms. Fairy trainer has her own baggage but she can't ignore a direct order. And she really doesn't want to after meeting Trent.

Their battle is hot as are both of them. They face danger and exposing painful hurts and learning forgiveness. I was touched and fell in love with both of them--you will too. Take the time to enjoy this story and then wait with me for more--I can't wait to see what Ms Cole has in store for the next one. If you missed Naughty Godmother, the first in the book, read it for enjoyment although each book stands alone.

### **Andrea Heltsley says**

I enjoyed Zara and Gabriel. It was a steamy vampire romance with quirky characters. This book gets four glittery stars and was a great read.

I was given an ARC by the author in exchange for an honest review.

When nightwalker Gabriel Thorne is tasked to do recon on Zara Matheson, he thinks it's a waste of time. This shy bookworm's edgiest achievement is winning a blue ribbon for the county's best pumpkin pie. It's only when he meets her face to face that he realizes his mistake. Because while she might look like an angel, Zara brings out the beast in him.

Zara Matheson hasn't been the same since the mysterious death of her father, and she'll do whatever it takes to get to the bottom of it. When her investigation leads her to Club Nitris, she slips into the seductive world of dominance and submission with a man who rocks her to the core. But is their searing attraction blinding her to the danger that surrounds her?

Ohhhh i love Chloe Cole...She has a unique way of capturing her audience!

Fast paced and hot as hell this book will keep you hooked into its pages from the first to the last. A sexy Dominant Vampire and a sweet submissive Librarian will meet together to make an awesome couple and try to defeat all the odds that are against them. I really can't wait for more!!!

---

### **Helen Martins says**

Received the book for an honest review. Ms. Cole has definitely outdone herself with Hunted. Gabriel is a vampire who was tasked to do some recon on a potential hunter. Zara is your everyday run of the mill librarian who suspects that her fathers death was not at the hands of a wild animal. Her fathers crazy ramblings of the supernatural might just have been real. Gabriel is instantly drawn to Zara, then he realizes who she really is. Gabriel struggles to rid himself of his vampirism, can he do it before Zara finds out his true nature?? Great story that is sexy with an intense love story.

---

### **Kristen says**

I know it says Volume 1. But no. It's three volumes in one. Do not read the Volume 2, Volume 3. This book already has it all. Not sure if this is a honest mistake or not...

But anyway, this story was great. It's a twist on vampires. Most of the time vampires are the bad guys. This time, a good vampire wants to protect a human woman who he can't stop but want and has feelings for. He has to protect her from his very very naughty superior who's angry that this woman's human father killed one of his own.

If this was split into three volumes, I think I'd be pissy. But three in one makes it feel like a solid book which I loved.

### **Cheri says**

The honorable vampire and the librarian. Hummm. But that is what we have. Gabriel is in Vamp law enforcement. He has to make sure they stay in line—and that humans don't find out about them or worse yet hunt and kill them. There is some real turmoil in the ranks. His mission is distasteful, (no pun intended) but he has no option. Then he sees Tara, damn. This isn't going to be easy if she affects him from just a picture.

Zara falls for Gabriel. Not your run of the mill meeting. Although-- Running down a man, taking him home to fix him up and get a phone to 911 had been the beginning of more than she could have imagined. Avenging her father and proving he was sane and Vampires are real had just been a means to an end. At least that what Zara believes. Nights in his arms and hours of his magical lovemaking had answered all the questions she needed.

Gabriel knows differently. He met her as an assignment to find out if her father was a Vampire Hunter and responsible for a heinous act. Falling for her wasn't part of the assignment—it was supposed to be pretense. He hates his life and wants one with Zara. He is willing to take changes and go to great pains to make a life

for them. Can he? Will the Vampire Law allow it? And what about the leadership?

This book is filled with tension, sensuality and steam, history, choices and a love you will wish could be your own. The character growth is amazing. Don't miss this one the complete story of Gabriel and Zara. And there is some wonderful news from the author at the end.

---

### **Letitia Moore says**

WOW!!! You have to read this book!! I've read several books by Chloe Cole and this is by far my favorite!! I thoroughly enjoyed reading "Hunted" and can't wait to read "Mated." Gabriel is not your normal Vampire, aka Nightwalker. He refuses to drink blood from humans or use mind control on them. He is ordered to find out if Zara is a vampire hunter. To save her, he goes against one of his rules and reads her mind. Gabriel falls hard for Zara and is relieved she isn't a hunter. However, her father was and he killed his Master's mate. Gabriel risk everything to keep Zara safe from his brethren.

You will love Gabriel. He makes dropping the F-bomb so hot. This is a very sexy and intense love story. You'll be glad you read this book :)
