**Jessup** Lynn Hagen

[Siren Everlasting Classic ManLove: Erotic Alternative Cowboy Romance, M/M, HEA]

It is said that a person cannot choose who they fall in love with. Jessup Wylde found this to be true when he fell for Benjamin Cross. But loving Ben was not an easy thing to do, especially living in Grizzly Ridge where coming out could cost a man his life.

Ben moved to Grizzly Ridge, hoping to start over. It was a chance for a new beginning, until he met Jess. Ben was fascinated with the cowboy from hello. Everything about the man intrigued him, making living in the closet stifling. But Ben wasn't ready to admit his desire for men, so when he and Jess become closer, Ben pushes the man away.

Life is never easy when the heart is involved. Jess and Ben find this out the heartbreak way as they experience love, happiness, tragedy, and pain at the Wylde Cattle and Guest Ranch.

### **Sabi says**

I just love this book. I did not like Ben running all the time, but at the end he step up. I cry when Chase died. I would love to see him with a loving partner. I cannot wait to read Elliot, Carson and Cory's story.

---

### **Aya Garcia says**

Congrats Lynn Hagn on another succesful book!

The story about Jess and Ben made me eager to read everything in the book. When i read about Chase i thought he'll be falling in love with one of the other Wylde brothers. Apparently not.

I cried. I freakin' cried at that last scene when it appears Chase's sickness wasn't something that can be treated.

I love a book that makes me feel the pain as well as the happiness of the characters and this book definitely made me feel Jess' pain, Chase's optimism, Ben's support.

Congratulations on a job well done Lynn Hagen!

---

### **Purplegirl says**

3.75. I liked this book. It started out a little slow for me but it did get better. The angst was at a manageable level and not over the top. I liked Ben and Jessup's progression. The ending was a little out of the blue but it was a good start to the series. Since this is a Lynn Hagen book, I really was expecting someone to shift into a wolf or bear.

### **Jeliee Maye says**

OMG!!! I just want to cry.. huhuhuhu.. :'( so very emotional and well.. hahaiz... it's just that good of a story.. :(

---

### **Felicia says**

OMG I loved this book. It made me cry in the end when Chase died. I thought he had his cancer beat but in the end it was stronger than him. I am glad that Chase and Jessup became good friends.

---

### **Amy says**

Great story, but you definitely need Kleenex to read it.

---

### **Paisley says**

Oh man I love me a cowboy romance. I read a lot of them - all kinds - M/F and M/M. I think that anyone who is a fan of the "Blaecleah Brothers" series by Stormy Glenn would probably like this series too. It was a pretty good story. One of the characters is deeply in the closet and I am not a huge fan of the closet crisis for a basis of M/M romance conflict. But overall it was pretty entertaining and I am sure I will read the rest of the series as they come out.

### **Candice says**

3.75 stars

I loved the cover of this book and since this was about cowboys, made it double yummy. I enjoyed this story about four brothers who own a ranch in a small town. Now having them all being gay is a bit much, but it didn't bother me too much. This is pretty much an OFY story between Jesse and Ben and at times it was a little annoying with Ben always running away and not facing his feelings. I did find the parts with Troy a little unfinished. The events with him were thrown in, but then it was like the author just dropped it and that part of the story was not really resolved. I don't know if more will be put into the next book if this series continued. I just felt that part unfinished. What I didn't expect was the ending with Chase, it was just unexpected and emotional, did not see that coming. All in all a good story and I look forward to see where the author takes this series with the other brothers.

### **Jenni Lea says**

3.5 stars

Stupid little bit o' cowboy fluff made me bawl like a baby.

IT'S FLUFF! IT'S NOT SUPPOSED TO MAKE YOU CRY!!

\*grumbles\*

stupid cowboy book

"Liked it though," she begrudgingly admits.

### **1.5 don't-step-in-this-shit stars**

This should have been my kind of book (cowboys!), but, yowza, this was nothin' but a mess. The book is short, but there are so many plot lines tangled in, there is no room left to develop characters, situations, or the relationship between Ben, one of the new hired hands at the Wylde ranch, and Jessup, one of the four Wylde brothers; they're all cowboys, all hot, and all GAY! It's a gay delight down at the ranch, people. Mosey on down and join the hoedown.

Ben is closeted and has had only one experience with a man when he meets Jessup. He has longings for Jessup, but the way he deals is by running away and sulking like a child. Ben coming to terms with his sexuality and his love for Jessup would have been plenty of angst for the story, but nooooo....we get evil homophobes, gay bashing, hospitalizations (plural), "broken" condoms (view spoiler), Big Misunderstandings, friends with terminal illness, and so on.

Even little things here didn't make sense. For example, Ben is broke; he worries about his bank account being in the single digits every month, and yet he was approved for a car loan AND a mortgage (without having a job). In what universe does this happen?

Also, the story line with Chase, the man Jessup meets at a gay bar, was clearly a tear jerker, but how is it that Chase and Jessup became bosom buddies in like four hours? If Chase was so amazing, why did he have no other friends? And what was the deal with Paul, his driver? Why throw him in there if he's just going to serve as a sort of odd foil to Jessup? None of this worked.

Even the dramatic New York reconciliation at the end had me rolling my eyes. (view spoiler) Ben's big revelation (view spoiler) doesn't impact Jessup at all. He barely blinks. I'd think this would have been a life changer?

The relationship between the two men was so thinly sketched (and not remotely steamy) that I had a hard time believing in the HEA. It isn't a HEA if it's not earned.

Throw in some really shitty writing with gobs of dangling metaphors, and there was little here to like.

### **Susu says**

awesome start to the new series! loved it!

---

### **Hc says**

I'm thinking strong 3.5 to 4 stars

Another book that made me cry.. No fancy whistles, paranormal, mate.. just your average hot cowboys coming to terms with each other. That's not what made me cry though.. Jess's friendship with Chase was lots of ups and downs and helped him come to terms with dealing with feelings towards a closeted male.

There were times I did feel like the timeline was skewed? off-putting? out of left field? The word I was originally thinking of has now escaped from me.. ahhh.. got it..... disjointed! For example the first intimate contact these two had really did seem out of left field to me. We know Jess is gay and interested and wouldn't object but Ben.. even though we know Ben has been having urges and feelings he didn't seem like he was actually at a point to make the first move and explore. Felt like we skipped a bit of his development.

Besides a few times where I felt Ben's development was fast tracked to the future, this was a great read. Looking forward to more from the Wylde Bros
