Mozzarella and Murder Patti Benning

Eleanora Pacelli is back in Maine after a much-needed and well-deserved vacation in Miami. She's looking forward to picking up her pets from the pet sitter, settling in at home, and seeing Russell Ward, Kittipport's sheriff and her boyfriend. Still reeling from the events of the past week, Ellie is very much looking forward to a nice, quiet homecoming.

Unfortunately, it doesn't take long for her to realize that peace and quiet is something that she may not have for quite a while. After the startling discovery of a body, Ellie's family is endangered in a manner that no one expected. After one of them witnesses a crime, it seems the killer will go to any lengths to silence them...permanently.

Kittipport, Maine Not for the Weak

Another exceptional addition to an already wonderful series. What should have been a wonderful ending to Ellie and her grandmother's vacation become a nightmare. Stopping to pick-up their pets , they discover the pet sitter dead and the pets in poor condition. Who and why she was killed is the job of Ellies boyfriend the Sheriff.

Patti Benning never disappoints. She keeps you guessing who the villain is right up the end!

Its about time.

This was a very beautiful and well written book. I loved it. I can't wait for the next one. Ellie and Russell are a great team. I am in love with this series.

Carol says

Amazing!

Best book of the series! Ellie and Nonna return home from their Florida vacation, only to discover their pet sitter dead! Was it an accident or murder?!! Ellie and Russell are sure to find out.

Pam Ferguson says

Quick read but great book

I always enjoy this Pizzeria series. A surprise ending was definitely unexpected. Very good. I would suggest this series to anyone that likes a good cozy mystery.

Ashley Martin says

What a surprise ending!! This is such a great chapter in the Papa Pacelli's Pizzeria series. Ellie and her grandmother Ann just got back from their eventful vacation in Florida and end up stumbling across a dead body! Will Russ save the day again? Or will it be too late this time?

Filled with a few twists and a good amount of suspense, you won't be able to put this book down!

Kitten Peters says

Great quick read

Has a book ever made you mad at a character, I mean really mad. Well this one made me angry I wanted to beat on a character. Shame on me I know but be sure to read and let me know how you feel.

Amy says

Never peace and quiet

Ellie and her grandmother survived the fun and danger in Florida hoping to come home to peace and quiet. What they don't expect is to walk right into another crime scene before they even get home.

Dawn says

Ellie and her grandmother are glad to be back in Maine. All they want to do is reclaim their pets and go home to unwind. Unfortunately Ellie has been unable to reach her pet sitter. In fact, she hasn't heard from her in three days. A quick talk with her boyfriend Russell reassures Ellie that it is probably due to poor cell connections that Samantha hasn't returned her calls. Ellie drives straight to the pet-sitter's home from the airport in order to avoid paying for another day's care. What she finds there is devastating.

This is the latest book in the Papa Pacelli's Pizzeria series. I love this series and look forward to each new book. The characters are well-developed and people anyone of us could know. The action always moves at a nice pace and this book is no exception. This was a page turner for sure. I recommend that you read the series from the beginning, but this book could stand alone.

Karen Wright says

Mayhem in Maine!

I recieved an ARC of this book in return for an honest revuew. OMG! Get ready for things to get interesting! This series is not really new any more and I love that readers really will have a kind of relationship with these characters by now. If you've been reading this series, you won't be surprised to find Ellie up to her neck in the latest murder. Another nice thing about this series is how important the pets are, both Ellie's little pappilon and her grandfather's bird Marlow. Both seemed to have witnessed the murder of the pet sitter making things just that much more interesting. The ending for this book is just the beginning though! The next book just can't come soon enough!

Kathy Fair says

I hear wedding bells

It has finally happened...Russel and Ellie are getting married. I am so happy. She is back from vacation, her nonna is feeling so alive, she us opening a second pizzeria in Florida. Life is good and then there's a murder. Once again she finds herself in a dangerous place but she is not to be out smarted. With the killer behind bars it's time to plan a wedding!!!

Shannon Binegar-Foster says

Great one

WOW I was completely surprised by who the killer was. I totally thought I had figured it out. I am so excited to see what is next for Ellie and he grandmother.

Doward Wilson says

Eleanora Pacelli owns and runs the family pizzeria started by her grandfather in Kittipport, Maine. Dating the local sheriff comes in handy when she returns from a vacation in Miami, Florida. Going to pick up her dog and bird from the pet sitter, she finds the sitter's body. This series continues to enthuse me. Interesting characters and murder plots are guaranteed to keep you turning the pages.

Valorie Hunter says

What a way to have after returning from vacation!!!!

30 stars!!!!

Ellie and Annie came home from Florida to a very confused mess. She has to call Russell her cop boyfriend to help with the situation.

It got more puzzling and most didn't make sense with the number of suspects that had reason and motive.

Even Bunny, (her dog) and her Mawcaw bird got mixed up in this one. So the girls had to fight for their animals.

The ending will have you shaking your head, saying why?

You will enjoy this book.
