Only for Her Dragon Julia Mills

There Are No Coincidences...

The last bachelor in a Force of elite Dragon Guardsmen, Aaron O'Brien decided long ago that single was the only way to be. Mates and children and happily ever after were for his brethren. He alone has accepted the responsibility of stopping the traitor and restoring peace to his clan. Unfortunately, Fate didn't get the message.

The Universe Does Not Make Mistakes...

Intelligent, determined and level-headed, Dr. Charlene Gallagher has always found comfort in logic and reason. When the inexpiable jumps up and smacks her in the face will Charlie cling to her old beliefs or let go and find answers in the one man that clouds her judgment and ignites her passion?

Fate Will Not Be Denied...

Nobody said it was going to be easy. The fight will be real. It will take compromise and a love created by the Universe. Only Charlie can take the leap of faith and only for her dragon...

Hmm, what to say about this book besides that it's amazing. Just like all the other Dragon Guard books by Julia Mills. I absolutely love this book and the entire season (Devon is still mine btw).

Aaron is the last single dragon of the Dragon Guards. He would always laugh when one of his brethren found their mate, he would tease and say he would always be a bachelor. Well, the guys get their pay back in this book and everything he said to them, to make fun of them, has come back to bite him in the butt.

"Let me make one thing perfectly clear. I want nothing more than to make love to you. I want it more than I want my next breath. More than I want to feel the sunshine on my skin. More than I want to wake to another day..." She went to interrupt but his fingers magically appeared against her lips, effectively silencing her words. The grin left his face. "I have wanted you from the moment I met you but I promised myself when we were finally together, I would savor every moment. That it would last for days upon days."

Ok, I really need a dragon of my own!

Charlie, or Dr. Charlene, is a doctor and is Sam's best friend. In previous book, she saw Anya turn into her dragon for the first time. She freaked. Who wouldn't freak seeing a dragon!!! I know I would. She ran and went days without even talking to her best friend. Charlie is just like the other women that are mates, she is a strong, independent, beautiful woman that can bring her "dragon man" to his knees with just one look. I love Charlie's personality. She is such a fun character to read. She is going to keep Aaron in line, and on his toes, but he will do the same for her, I'm sure!

"That man is gonna be the death of me...but what a way to go!"

"Well, hell, I'm your mate aren't I?" Not exactly the sentiment I'd hoped for..."

But there is just something about Charlie. She catches on fast and accepts the dragons. But why is the mind talking working so well before they're actually mated? I'm not telling you, you will just have to read to find out because, wow, just wow. I wasn't expecting it at all.

Andrew is still out there. He's injured and hiding. They know where he is, it's just a matter of getting him. More of his story comes out. I think I know who the girl is that he remembers crying, before all of this began. I hope I'm right.

Calysta is still missing, Kyra and Royce have still been looking for her and following leads. I hope they find her soon.

Only For Her Dragon

This series is awesome. It's a good thing it's the weekend since it's after 3 a.m. and I just now finished reading Aaron's and Charlie's (Charlene's) story. Each one of the fated mates bring their own unique gifts to their mates. This was no different. I loved reading this book and can't wait to read the rest of this series.

This is a paranormal romance with a touch of mystery. The sixth book in The Dragon Guard Series, could be read as a stand alone but I advise you to read the other books first to understand the complete story, you will not be disappointed. I recommend this book for adults only, there is some hot scenes in this book. I really enjoyed this book, even though it is linked to the other books it has its own story. Sometimes love at first sight is hard to believe, but when love comes in the form of a hunky dragon, who couldn't accept that?

Aaron is the last bachelor of the Dragon Guards. He is always the one who teases the others about finding their mates and being love sick. He never wanted a mate, his only desire is to find the traitor and restore order to their clan. But fate steps in when he least expects it. But he is determined and willing to fight fate and tries to stay away from her, but Dr. Charlene Gallagher is not one to easily forget. One point for fate... zero for dragon man. Slowly Aaron tries to win Charlie's heart, little does he know she has a secret that he alone can help her discover.

Dr. Charlene Gallagher also known as Charlie, was in shock when she sees a dragon. But to her surprise she has accepted everything calmly, too calmly, still with her list in hand she has several questions. Now if she could deal with this dragon man whom invades her every thought she would be ok. Maybe she was more interested in him than she was letting on, no way, right? Well maybe just a little bit...

It's now or never. Charlie and Aaron can no longer fight the pull between them. After several questions answered fate will no longer be denied, now to deal with this other hidden secret. Will fate help the new couple to discover the hidden secret inside Charlie? Will they be able to get everything in order before the traitor can cause any more damage?

favorite passages:

"It was as though their beauty was just for her."

"She wondered if they were ever going to address the elephant.. make that dragon in the room."

"Her last thought was of haunting blue eyes and the kiss that changed her life."

"I've got your back. I remember what we were like as teenagers. There's no way in hell a hormone ridden teenage boy is getting anywhere near my nieces."

"Her laugh reminded him of tiny bells singing their song, and her clear melodious voice was smooth as the finest whiskey."

"You know that's right," Royce agreed before pulling Kyra into his lap and kissing her like he hadn't seen her in days."

"It's now or never and never is not an option, he heard in his mother's voice."

"Aaron was lethal. He was the epitome of "sex on a stick." The one man that could tie her in knots."

"That man is gonna to be the death of me... but what a way to go!"

"He's an addiction they don't have a twelve-step program for."

"As for the butthead... I think I'll keep him."

"Together we are overachievers, my love."

"Every time a dragon kisses his mate, a bell rings. And I plan to make this little guys sing."

"The reaper is here and the son of a bit** brought silver."

I received this book from WLK Book Promotions in return for a fair and honest review.

The last bachelor has finally met his match in Charlie, Sam's best friend. They met at the end of Devon's book and this story pretty much starts from there. There are wrinkles to smooth out, you know, like the appearance of dragons and other such 'stuff' but although Charlie has her meltdown, once she starts processing, she deals with it quite well.

Aaron, although he knows that he is in for a rip-roaring time from the other brethren, can also learn from their mistakes and take their advice so I personally thought he got off easy, considering!

This book is very well written with a lot of LOL moments - "Aaron, get your dragon ass in here, I'm a freakin' fairy!" It is also gentler than some of the previous ones as Andrew is in hiding and not capturing or torturing any of the mates.

There is a surprise at the end as well but I'll say no more about that. All I will say is that I'm looking forward to the next book in the series already.

This is book #6 in the Dragon Guard Series by Julia Mills. I have to say each book becomes my favorite. There's always something new going on in these stories. They constantly keep you wanting more. Once I start to read them, I cannot put them down. I highly recommend this series if you love strong, sexy dragons and tough women that put them in their place. These books are definitely a must read!!

Only for Her Dragon

I absolutely LOVED LOVED LOVED this book. The couple is incredible, the dialogue straightforward. No games in this one. Complete openness and honesty for these two.

There are plenty of surprises, and of course the traitor is still around. I know you are just gonna fall in love with these guys as much as I did.

Ms Julia has done a wonderful job here. Go get it and read it. You won't be sorry.

Mystipul says

wOOHOO Julia did it again, if I could give this 6 Stars I would. This was an awesome book and a wonderful continuation of the Dragon guard saga. There is lots of exciting new discoveries to be made in this story and revelations of the past that I'm sure is all just clues to the final glorious end. In this book you discover new secrets about Charlie. Whom we all thought was just another doctor at the hospital.. but Oh we are ever so wrong.. but I'm not gonna spill the beans here.. you have to read the book to find out what her secret is. Its So secret... she doesn't even know. Then you have Aaron.... Who ever thought a dragon would be shy!! and Not know what to say to his one, his only... Will he ever grow a back bone and just come right out and say .. I want you, I need you...be mine forever... hmm... only one way to find out. Buy the book and read it... and if you haven't read all the rest of the series.. Go get them!!!

This amazing and oh so WOW story is about Aaron and Charlie how Fate Will Not Be Denied. I love when they find out what Charlie really is it is so awesome to and how strong she is about everything. The way all the Dragon Guards and their friends hunt for the traitor brother who hurt so many. To find out more about this amazing and wonderful story grab your copy today it's so so so a must read!!!!!!

Heather andrews says

Aaron may be a beast but that boy sure is considerate, "our first time will not be a quickie and I will not leave you when it's over." Everyone knows I like my men bossy, and alpha and I loved the scenes where Aaron's dragon would come through, "his dragon growled, puffing smoke and pushing the man to ease their mate's discomfort." I really wish there were more scenes of his dragon becoming dominant. Sometimes it's good to have brothers who are already mated it means you can learn from their past mistakes and take their advice even if it's not warranted, "he continued to eavesdrop, hoping to catch one of the stories when a dinner roll hit him in the face. "Snap out of it, Romeo. She's fine and you don't need to be eavesdropping. That s*** will get you sleeping in the doghouse faster than anything else," Aidan said." Overall I liked this book the only thing I would have liked to see more of was more dominance in the men. I mean they are dominant but I wanted more alpha and more of their dragons to come through.

Pam says

Fascinating! Love these Dragon's!

If you love Dragon shifter books, this is definitely the one to read. Aaron finding his mate. Charlie discovering the secrets that lay hidden inside her. Maybe this time the traitor will be caught and held accountable for his actions. Sound interesting? Get your copy and start reading. I give it 5***** stars... from a Fan... Pam James.

REVIEW

Aaron and Charlene's book

The last of the bachelors on the team Aaron knows who his mate is. And although he has tried to stay away the need to be closer is overwhelming him. Charlene finally knows the secret now thanks to her friend Sam and although she is hurt she understands.

The only thoughts Charlie has lately are of Aaron the man who kissed her and never leaves her thoughts.

Crazy brother Andrew is still in full swing and although he is injured he is determined to take out his

brothers and their brethrens.

After Charlie and Aaron have a night of passion he delves into her mind while she is having a bad sleep and realizes something that is almost unheard of and he is so surprised but needs the help of the elders for what he has found out about his mate.

Charlie will be surprised by what is found out about her past. Although she has wonderful adoptive parents.

And will Andrew finally get what is coming to him?

Well your in for a BIG SHOCKING Cliffhanger.

I love how the author brings all the characters from the previous books into each story so we get a bit of every single character we have grown to love. This book is super sexy and HOT. Very well written and Aaron and Charlie finding each other was amazing to learn.

I was so happy to read and review this book. I love the entire series thus far and this book is just as the others a fantastic read.

I was gifted a copy of this book for my honest review.

Julia Mills

Patti Snyder says

This is the sixth book in The Dragon Guard Series. Julia Mills has really done a fantastic job of keeping her females strong and her men sexy. Reading about a confirmed bachelor like Aaron crumbling at the sight of Dr. Charlene Galleghar is enough to make you smile. Aaron is trying to convince her that she is his mate . She is in denial that dragons exist even though she has seen Anya shift on her wedding day. She feels betrayed that her best friend Sam lied to her, even if it was by omission. Aaron is getting ribbed constantly by the other guardsmen. And of course the traitor, who happens to be Aaron's younger brother, is still at large and needs to be brought in. Through all of this Ms. Mills keeps you wanting to read more and more. Again there are some steamy sex scenes and many laughs. There are a few surprises too and some hint to her next book. I love Julia's sense of humor and her writing style. This book is her best so far.

Favorite Lines “Well, hell, I’m your mate aren’t I?”

“Aaron get your dragon ass in here! I’m a freakin’ fairy!”

“You are my equal in every way. Actually better than me in most. I love you from the top of your amazing brain to the tip of your cute little toes and everything in between.”

“Thank you so very much for everything . I love you to the moon and back.”

“To the moon and back, huh? I might just take you up on that.”

“Teacht anseo, maite. Teacht, mo chroi”

“Come here, mate. Come, my heart.”

HOLY DRAGON SMOKE!!!! This is by far my favorite in the series! WE MEET A FAIRY!!!! Julia Mills is spectacular author! Every book in this series keeps getting better and better. Every book gives you something more while hanging on to you!

Aaron has always been my favorite of the twins. He's always been the twin I wouldn't mind hanging out with (wink wink) and Charlotte is the perfect FAIRY for him!

So much is revealed in this book. I won't spoil it for you but let me say HOLY DRAGON SMOKE!!!!

Grab this book as soon as you can!

Julia is PHENOMENAL!!!

I was given this book by author in exchange for an honest review

Another great read by Julia Mills. With plenty of twists and turns, and one heck of a surprise that awaits your reading pleasure in this story.

The hunt continues for the traitor, Andrew, in this story. And Aaron must convince Dr. Charlene Gallagher that what she has witnessed is real. But Charlene has her own surprise in store for him.

This is a well written story, and I can not wait to see how Julia tops this one. I highly recommend this story to all paranormal fans.
