I received this book for an honest review

This book was so heartfelt and touching and so many things.

We meet Adrianna and Sean. And its your typical girl rich and boy not so rich and they have this incredible connection.

But Adrianna is not your normal rich girl, she is hiding some very dark secrets.

This book takes us on a journey of what she went through and how Sean gets her to trust him and gets her to lean on him and also to finally talk about what she is going through.

I must say that he just blew my mind. He was so caring/understanding, he was just your typical hero who wanted to save her and take care of her and he was so inlove her with her, it was so sweet!

But it was hard for him too cause the issues that she had was so major and so crushing that it would take a Real Man to help her through it.

I loved this book from beginning to end, I couldn't put it down once I started. I would really recommend anyone to read it if you are in the mood for a Romantic Heartfelt and emotional Story.

I love Emily Jane Trent's books. And I would love to read any books of her in the future.

Just goes to show that appearances aren't everything. Just because it appears that someone seems to "have it all" - you can't assume their life isn't full of pain, heartache and insecurity. Adrianna is

one of those people - the people that should be loving her, are tearing her down. After graduation, she moves in with her Aunt to start her own life, and live it the way she wants - except the past always rears its ugly head, and she is still unable to make all her own choices.

Sean sees meets Adrianna once, there is attraction - but she acts like she's unaffected by him. She totally blows him off - but a year later, they end up working together - and this time Sean isn't going to let her walk away so easily. He's more determined this time - he wants to know her, help her and love her. She just isn't sure that she's worthy of him.

Sean was the perfect person for Adrianna, ever her defender - you'll definitely be cheering for him, hoping he can make Adrianna feel his love. He may be young too, but when he knows what he wants, and is sure of it - he goes after it and gets it.

Adrianna was truly an inspiration.

She managed to deal with so many issues at a young age, mainly by herself, and pull herself through the best way she knew how. And, then in the end, she takes one of the hardest steps ever, and allows herself to be loved by someone who would truly care for her and love her the way she deserves. This was truly a heartfelt love story.

Growing up Adrianna didn't know what LOVE was, how it felt to be loved or what the feeling of being loved felt like. Growing up with two not one but two judgmental parents was hard and emotional on Adrianna. When she thought she found someone to love , if that is what it felt like, it was then ripped out from under her and then depression and the cuttings began.....

Then one beautiful sunny day a chance meeting with an outside at a high school baseball game, someone not for her side of town, stepped into her life, Sean. But Adrianna knew her parents would not approve of him so she let him go with just a thank you for his help. But is that what she really ?? Sean knew at that moment he found his one but let her walk away because of her shyness he knew it would have to wait.

A year later after graduation Adrianna had enough and moved out of her parents abusive, emotional, descriptive home. Not attending college and working on her graphic arts and moving into her aunts home, she happens to stumble onto Sean again and the electric feeling between them could not be hidden. But

Adrianna still in the back of her mind knew her parents would never approve of him. So she continued to see Kevin, a acquaintance of the family but after he started to judge her clothes, people she spoke to and then hitting her, she knew she had to get away from him too.

Working close with Adrianna, Sean knew his feeling were so strong he needed to act on them !!
But.....would Adrianna be able to let go of the abusive feelings and depression she has always known so she can LOVE Sean they way he loved her ?? I sure hope so.....

I received this ARC book for my honest review and Emily did it again ! The details in the city surroundings, shops and her description of love way amazing !! The mentioning other character from another series she has written made you smile !! It is a MUST read for everyone !!

Emily , mastered this book also!! I so fell for Sean...

Just shows you that appearances is not everything. Just because it appears to others that some may have it easier than other or have it all . You never know what a person is living with or how deep it is on the inside ... Adrianna is

one of those girls - the people that should be loving her, are tearing her

down. she moves in

with her Aunt to start her own life, and live it the way she wants - except the

past always rears its ugly and she is still unable to make all her own choices. Until Sean opens up her eyes and her heart and reveals the ugly truth about her parent and what they can not and will not do to him or his business and will no longer hurt her anymore .

He will never let go.... 5 star Emily!!! You rock !!!

I was very pleased with book. It was classic New Adult, so if New Adult is what you prefer, you will not be disappointed!

My heart hurt for Adrianna. Her life may have looked perfect on the outside (gorgeous beauty pageant type of girl who has it all), but that is far from the truth. Adrianna seems like she has everything - beauty, wealthy parents, lots of friends but on the inside she in deep pain from a life of physical and emotional abuse and control from the people that were supposed to love and accept her. Sadly, her only way of dealing with the pain is through self harm.

One night Sean saves her from a bad situation as immediately consumed by her. He may have not have the

life Adrianna has, but this does not stop him from pursuing her. She pushes him away and they go their separate ways. A year later, they are brought together again and the attraction is just as powerful as before. Once their personalities are revealed to each other, it is clear how they compliment each other. Adrianna's situation is a very depressing one and for many reasons, she continues to push Sean away. But Sean is determined when it comes to her. Just when he thinks he can let her go, he goes running back to her time and time again. Given everything that Adrianna has gone through and how fragile her heart is, her actions were very understandable to me, although I can see how they may be misunderstood. Sean was a great character and perfect for Adrianna. He did everything he could to understand her and was patient as he tried to get her to open up to him. He was determined to be exactly what she needed and deserved - he knew she was worth the chase. Overall, I really enjoyed this story. It was emotional, steamy, and captured my attention throughout! :)

****Thanks to Emily Jane Trent for providing me with a copy of this book, in exchange for an honest review :)*

I received this book for an honest review. And honestly it was a beautiful and touching read. The story follows Adrianna who you would think would have it all, coming from a rich background. But Adrianna is bullied by her mother and has been abused by her father, her life is in turmoil so she moves in with her aunty, but she is deeply affected. She intends to build a life for herself with her graphic design business and refuses to live on daddy's handouts paying for college. She gets a contract with a law firm and is shocked to find out that she will be working alongside a past acquaintance who had once rescued her and asked her out. She had once refused him as get parents would not have approved as he did not come from their background. Sean is hot and clearly still holds affection for Adrianna. As time goes by they get close, but Adrianna is hiding a past and keeps pushing Sean away, however hard he tries. Will he crack her defences and let him protect her and care for her as he has always wanted or will other interfere and stop them from being together. Adrianna is broken and Sean wants to help fix her. A beautiful, touching, emotional read. As always Emily delivers with an amazing read.

~I received a copy of this book from the author in exchange for an honest review.~

Perfectly Flawed isn't your typical beautiful, rich girl meets hot, sexy boy from the wrong side of the tracks. Adrianna is a beautiful, rich girl who one would think had it all on the surface. However, you couldn't be more wrong! She is physically abused by her father only to have a mother who heaps emotional abuse on her by the truck loads. As she is out one night with her friends right before graduation, sexy Sean comes to her rescue and saves her from a really dangerous situation. They both feel drawn to each other, but as Sean tries to pursue her, she rejects him not because of her being better than him, but because she doesn't think she is

good enough for him. Fast forward a year later, and they meet again. They still share a connection, but will Adrianna let her past continue to control her future happiness?

My favorite character by far was Sean, not just because he was so incredibly HOT but because of his heart. In fact, there were times I felt like Adrianna wasn't good enough for him. Seriously, how much rejection can a guy take, especially one that could have any woman he wanted. However, as more of her past was revealed, I don't see how this young woman survived. I HATED HER MOTHER AND FATHER! There is a special place reserved in hell for those two! I loved seeing how Adrianna was able to believe in herself and work hard to carve some happiness out for herself. As with all of Emily's books, she knows how to write a steamy sex scene, but that wasn't the crux of this book. It's a book about abuse and how it affects all aspects of the victim's life. I hope someone who may be dealing with the same issues can find some hope in this book and see that there is a possibility for a life filled with love and happiness!

As you can see, I enjoyed this book! There is a twist at the end that sheds even more light on Adrianna's psyche. I loved the secondary characters like Sean's parents, his friends, Adrianna's aunt, and her friend, Cari. I am hoping Emily will write future books with Sean's friends and maybe a love story between one of them and Adrianna's friend, Cari!

Adrianna annoyed me to no end, and put Sean through a lot of unnecessary crap if she would of been more open and just TALKED. Instead she kept going back to the same bull and complain about it later.

Socially unaccepted meets Beauty queen. Adrianna was the epitome of the society that she was raised in. Sean was gruff and didn't care for what society thought of him but lacked deep soul connecting love. Together they healed each other and found that Love CAN conquer all. I was emotionally stripped when i read Perfectly Flawed. It opened my heart and tore it to shreads and i can't be more enthralled with Emilys ability to do that with her work. Sean and Adrianna go through normal ups and downs any relationship would go through but the added stress of her messed up parents make this a thrilling ride of a story. I love Emilys ability to rope you in from the first chapter. I also loved her talking about other character from her other series as well. I am looking forward to see what comes next for Seans brother and friends and to see if their happily ever after continues to blossom and grow.

Claudia says

I'm so in love and inspired by this story. In Adrianna's short life she lived through a tragedy no one she have

to go through. Life gives us chances and it's up to us to take them. Sean was one of those chances for Adrianna. Sometimes you meet someone and you know that that person is meant to be in your life forever, though the reality of it is that much more scarier and stronger. Good thing Sean is stubborn because he had plenty of chances to walk away completely, blame it on his Irish heritage. Sean gave her his strength when she lacked her own. Through Sean's love she was able to break down the barriers and secrets that kept her from letting anyone get too close. Adrianna never knew love could be this way: nurturing, comforting, and safe as opposed to her overbearing upbringing. Her parents were more concerned with appearances than actually loving their daughter who was forced to be even more self destructive after a traumatic event. I relate to Adrianna and I admire her as well. We both went down a destructive path to cover up an emotional pain with a physical. I have no doubt that without Sean, Adrianna would've become a shell of herself. All it took was the kindness, love, and protection of a good man to let Adrianna know flaws in all she is worth loving (herself) and being loved.

Barbara Zeh says

I'm pretty sure I have read everything that Emily has written, and she has quickly become one of my most favorite authors. This book is no exception and is a MUST read.

This is a beautifully written and very touching story about Sean and Adrianna. So many times the story is about the poor girl who meets the rich man, and her struggle of not feeling worthy. The roles are reversed a bit here. Adrianna comes from a wealthy family, while Sean is the sexy man from the wrong side of tracks. They are drawn to each other from the very beginning, and both battle feelings of insecurity. However, Sean's determination and never ending understanding, even after being repeatedly rejected, sparks a new belief in hope and romance.

Adrianna has been through various forms of abuse...and I have to admit, I had moments where I would have liked to shake some sense into her. Lesson learned – it's important to remember that abuse, especially when experienced in multiple forms, can affect the victim in so many different ways. There is a surprising twist towards the end, which reveals even more about what makes Adrianna tick. How two parents can treat their own child...well, never mind about that...you have to read the book.

I enjoyed every moment of this book. As always, great job Emily!

Tina Clark says

What a beautiful and emotional story. I loved every part of it. Sean fell in love with Adriana from the first moment he saw her. They came from two different society. Adriana had a lot of secrets and tried everything to push Sean away. All she wanted to do was to run away from her family after hs. She moved in with her aunt and started her own career as a graphic designer. Her mom wanted Adriana to fit in the rich society, she was entered into every beauty pageant but Adriana had a dark side. Sean was the Irish tattoo bad boy but will do anything for Adriana. I fell in love with Sean and Adriana romance. The story was breathtaking. Highly recommend it. Thank you Emily for the great read.

The Oscar for the best book boyfriend goes to.... SEAN REID. Hot, sexy, Irish man, to absolutely die for.

The golden Raspberry goes to, for her NOT so stellar performance to Adrianna Brooks, bless her peeps but she is something else.

This book sounded so promising and I think it was a freebie but I'm not too sure to be honest. Adrianna Brooks goes to private school and has some serious issues, she meets the lovely Sean (with his Irish brogue) but declines as they have no future. Bla bla bla....

1 year later....

Sean and Adrianna cross paths once again on a business projects. Now, Sean is the most patient man that I know and if I was him I would have given up overall he saved this book for.

Adrianna was all I can't be with, I just can't...bla bla bla.

It all comes out and they have their happily for now.
