### **Theresa says**

Told in a very different style from the Wings of Fury series, this story tells the story of Feirceteeth trying to obtain freedom for herself and Strongwings.

I really love the part where she explains to the Sandwing guard why Strongwings is so important to her. For a brief moment she didn't seem so bad.

### **Brennan says**

#### **This is 5 stars**

I give this book a 5 star because it adds on to the wings of fire books which are awesome. I also love this book because it has so many cliff hangers, so when I have to stop reading it I don't know what's going to happen next and I want to keep reading! I just like the whole series is the best?! By far my favorite book series?

I have fallen in love with all of the books ever since my friend told me about it.??! And that's why I love this book!!!

Thank you

## **Lisa says**

I feel like this little eBook was too short. I like that it was trying to give us insight into Fierceteeth and her personality, but it was so condensed that it didn't really add any depth to her as a character. I found the format of the story interesting, but wish there had been a bit more. Of course, that's hard to do in such a short book (and even though it says 47 pages, I think 15 of those are a preview of Winter's book in the second arc). It was an okay read, overall, I suppose, but could have easily been an appendix on the epilogue of a main series novel.

## **Jenn says**

I did not realize that this was a short story until I read it. I don't think it really added anything to the main book series, which I absolutely love.

## **Virginia Gibb says**
